### World's Great Literature!

The Masterpieces of Ancient and Modern Times  
HARRY THURSTON PECK, L. H. D., Editor in Chief. Frank R. Stockton and Julian Hawthorne, Associate Editors. Introduction by John Russell Young.

This great work is similar to The Warner Library and in many respects considered superior. It covers the entire field of literature, with biographies of all the authors and selections from their works. In no other set of books can so much entertaining and instructive reading be obtained in such compact form. As a Literary Encyclopedia and Reference Work it is invaluable to every home library.

This Monumental Work, 12,000 pages, is printed on superfine Bible paper of extra fine quality and opaqueness with a pure white dead luster surface. Although each volume contains 1,200 pages the superior quality light weight paper affords a delightfully convenient 12mo. size volume, a decided relief from the cumbersome form in which such volumes are usually presented. There are many full page illustrations. The set is complete in ten volumes.

### Lossing's U. S. History!

Latest Subscription Edition Revised to Date, 1910  
A complete and fascinating narrative of our country's life from earliest times to the present day.

Dr. Lossing was more than a historian, and he was more than an engaging writer, though to be sure he was both of these. But he was also a great authority; a court of last resort for facts and data; and from his statement there is no appeal.

A Pictorial Marvel, including over 1000 illustrations including many full page colored plates—by F. O. C. Darley, Thomas Nast, Chappell, Powell, Trumanbull, Lester, H. H. Brown and reproductions of the celebrated Brady collection of photographs of Civil War heroes, Grant, Lee, Sherman, Johnson, Sheridan, Jackson, etc., etc. These priceless negatives were loaned by the Secretary of War for this work, and many of them are here produced for the first time. There are many maps.

THIS SUBSCRIPTION EDITION is complete in four superb octavo volumes, printed on superfine wave paper made expressly for this edition. Copyrighted by LOSSING HISTORY COMPANY.
