Cash must accompany all orders for advertising, at the rate of ten cents for each fifteen words or fraction thereof the first insertion; three insertions twenty-five cents; five insertions forty cents.

SATURDAY, APRIL 2, 1910.

Baseball Monday. Huh! Where's my hat?

REGISTRATION.

Today a number of students will register for the coming election to be held in the city of Lincoln on April 11. If a student is eligible to vote and can conscientiously do so, he should register today. The matter of the residence of a student is one which comes up at every city election.

When a man leaves home to go to college he hardly ever intends to return to his home town as a place of permanent residence. The fact that a man is a student at a university neither entitles or prevents him from

FOOTBALL REFORM.

Football from the players' point of view, football from the professors' point of view, even football from the co-eds' point of view—until we scarcely know whether the game resembles a "Donnybrook Fair" or a pink tea. The din has reached the ears of George Ade who gives the following solution to the problem:

"Selection of Players: The eleven players constituting the team shall be selected by the faculty and the student who has received the highest grade in Greek anthology shall be captain of the team. No student shall be eligible for the team unless he is up in his class work and has an established reputation for piety.

"Preliminaries: When a team appears on a field for a contest it shall greet the opposing team with the Chautauqua salute, which consists of waving his handkerchief. After this, a few friendly chats concerning books and writers may precede the opening of the game.

"Substitute for the toss: Instead of tossing a coin to determine which side gets the ball, the two captains shall be called upon to extract the cube root of a number provided by the professor of mathematics. The captain who is the first to band in the correct solution gets the ball.

"Advancing the Ball: The ball having been placed in the center of the field, the umpire, who must be a professor of geology, exhibits to the team having possession of the ball a fossil. All members of the team who think that they can name the geological period to which the fossil belongs shall hold up their right hand. The umpire selects a player to name the period. If he answers correctly he advances the ball two yards. If in addition, he gives the scientific name of the fossil, he advances the ball five yards. If no member of the team can answer the question propounded by the umpire the opposing team shall be given a trial. If successful, it is given the ball.

"Rotation of umpires: After each

school term is nine months, but teachers are to stay on duty the entire year, devoting special attention during the summer to the general welfare of the people. Transportation is paid from the states. Applications should be made direct to the commissioner of education, Washington, D. C.

Aldrich Will Speak.

Guy V. Aldrich, traveling secretary for the student volunteer movement, will speak at the Monday noon meeting of the Y. W. C. A. Mr. Aldrich is making the round of all the colleges and speaking before the student bodies in the special interest of missions. He is especially qualified to consider any questions that may be brought up along this line.

Another Rumor Proves False.

The rumor that was circulated about the campus yesterday to the effect that J. M. Alexander and H. W. Potter were seriously considering announcing themselves as candidates for senior orator was without foundation. Neither of these gentlemen intend to enter the race.

The endowment funds of Columbia, \$28,500,000, are greater than those of any other school in this country: Leland Stanford is second with \$24,500,000; Harvard ranks fourth and Chicago, Yale and Cornell follow in order. Pennsylvania, the ninth in the list, has but an eighth of Columbia's endowment.

Nearly one-half of those who took the entrance examinations at Yale this year failed to pass in five subjects, and, as a consequence, the requirements may be modified.

Several girls at Vassar college put one of their number under the influence of hypnotism, and were unable to awaken her, and as a result the president has forbidden any more practice of hypnotics there.

voting in the city in which the university is situated. If he has his residence there and is otherwise qualified he may vote at the city elections. By residence is meant the place where he is habitually present and to which, when he departs, he intends to return. The fact that he may intend at some future time to remove will not necessarily defeat his residence before he actually does remove. Such is the decision of the supreme court of the state of Nebraska and every student who feels that he can fulfill the requirements of a voter in the city of Lincoln should register today—or he is losing a franchise for which blood has been shed since the days of the first republic.

FOOLS AND FOOLS.

Of all the fools in this world the April variety is the best, because the most joyous. He makes a fool of himself with that complete abandon, that placid unconsciousness which brings joy to the heart of the practical joker. All men are fools, according to the dictum of some one or other who died some centuries ago and doesn't count anyhow; but we would like to remark that there are fools and fools.

Yes, we kicked hats with bricks under them, we ate candy with onion in it, we opened blank letters, we answered bogus telephone calls, we ran out to see the fire, and in fact we made the usual April fool out of ourselves. But there are some jokes which are too old even for our uncultivated taste. When a prank has been practiced on the same kind of neophytes at the same time in the same place in the same way since the foundation of the pyramids it may seem a trifle frayed and not at all in keeping with the spirit of April 1st. At least so it seemed to the lively Junior Black Masques who did not wait at Harley's. Another time honored custom fractured.

touchdown there shall be a change of umpires, so that the questions asked of a team may in the course of a long and exciting game, cover the class work in zoology, applied metaphysics, veterinary science, Sanskrit, and other useful studies.

Offside Plays; Any player who makes a grammatical error, mispronounces a word or seeks assistance from a fellow student shall be deemed guilty of an offside play and his side shall be penalized at least five yards.

"Substitute for Kicking Goal: After a touchdown has been made the team making it shall be credited with five points, and the captain of the team shall translate 500 words of Caesar's Commentaries. If he does so without an error, his team is given an additional point, the same as if a goal were kicked. If he fails, the ball goes to the opposing team on the twenty-five yard line."

TEACHERS FOR ALASKA.

Wanted by the Department of the Interior to Teach Natives.

Registrar Harrison has received a call for teachers for the Alaskan service from the department of the interior at Washington. The Alaska school service, under the direction of the bureau of education, is limited to the native population of Alaska, and is conducted for the benefit of the adults as well as the children. Emphasis is laid on practical instruction in the industries of the neighborhood and the inculcation of the principles of morality, sanitary methods of living, and personal hygiene.

Persons who are strongly actuated by philanthropic motives and have shown capacity to do good work under adverse conditions are particularly desired as teachers. Salaries of from \$75 to \$125 per month are paid. The government usually provides its teachers with furnished rooms. The

of the University of Washington championship team have been given gold watch fobs.

The rifle club of Penn State has been affiliated with the National Rifle Association of America.

One-twentieth of the students in the University of Pennsylvania are from foreign countries.

The Illinois yearlings trimmed the Maroon freshmen in Basketball Friday night to the tune of 26 to 11.

Illinois has 450 seniors this year.
