WRESTLING CHAMPIONSHIP.

University Wrestlers Will Strive for Honors This Morning.

The wrestling championship of the university will be decided this morning. The wrestlers will meet in the armory from 8 until 9 and contest for premier honors.

There are a number of good wrestlers in the university at the present time, and the contests will probably be exciting. Frank Clark, the freshman who showed up so well in the Olympics last Saturday, is hoped to have an excellent chance to win this morning's contest.

ENGINEERING LECTURE.

Harwood Frost Addresses Engineers Yesterday.

Yesterday morning all the engineers of the various classes were excused at 11 o'clock to attend a very instructive address given by Harwood Frost of The Engineering News.

Mr. Frost spoke to the engineers on the subject of "The Educational Value of the Technical Press." A large and appreciative audience greeted the speaker and listened to his address with great interest.

Syracuse University has recently placed its band on a firm basis by giving to each member a scholarship valued at \$60 a year.

I'm Going to Help 100 Boys Through School

Are you working your way through school? Then I'm willing to help you.

I have work for 100 young men from the end of this school year until Sept. 1. I want only boys who have no means of going through school except by paying their own way.

The work which I have to offer is easy for the fellow who has the metal. Not only is it more profitable than any other line of work you can take up during the summer, but it will give you a training and experience in salesmanship that is always an asset.

The only requirements:

You must be paying your way through school.

Must be of good habits.

Must be willing to sign a contract to work until Sept. 1 or thereabouts.

Call and get the particulars. This is the best opportunity you will have this year.

Webster's NEW INTERNATIONAL Dictionary, (G. & C. Merriam Co., Springfield, Mass.) surpasses the old international as much as that book exceeded its predecessor. Editor in Chief, Dr. W. T. Harris, former U. S. Com. of Education. The definitions have been rearranged and amplified. The number of terms defined has been more than doubled. The Etymology, synonyms, pronunciation, have received unsurpassed scholarly labor. The language of English literature for over seven centuries, the terminology of the arts and sciences, and the every-day speech of street, shop, and household, are presented with fullness and clearness. In size of vocabulary, in richness of general information, and in convenience of consultation, the book sets a new mark in lexicography.
