

The Daily Nebraskan

Vol. IX. No. 120.

UNIVERSITY OF NEBRASKA, LINCOLN, WEDNESDAY, APRIL 20, 1910.

Price 5 Cents.

FETE DAY MEET WILL BE HELD ON MAY 6

BIG MEET WILL BE HELD ON THE NEW ATHLETIC FIELD.

2,500 STUDENTS EXPECT TO COME

Will Be Entertained by "N" Men, Fraternities and Other University Organizations—Prizes Will Be Given to Winners of Events.

May 6 and 7 will be High School Fete Day this year. On these days the university will be turned over to the high school students of the state. During the past few years this idea of holding a high school athletic meet has gained in importance until it has become an expected and looked for event among the high school students of the state.

The past two years the meet has been held at the state fair grounds. This year the meet will be held on the new athletic field. As the university field is in fact a part of the university campus, it will be much more convenient to attend the meet and it is thought that much larger crowds will attend. The new cinder track will be used and some records should be broken.

The entries for the fete day meet will close at midnight on April 29. All high schools which will be represented in this meet must have a list of all their entries in the hands of the secretary before this time. A number of inquiries have been received from schools that have never been entered in the meet and it is thought that the list of entries will be larger than ever before.

List of Events.

The meet will be held on the afternoon of May 6. The preliminaries for the 100-yard dash, which open the meet, will be held at 2:45 sharp, and from that time on the crack of the guns and the calling of the markers will be continuous until the biggest outdoor high school meet ever held in the state is finished. Fast work on the part of the officials will be necessary in order to give all the competitors a chance to do themselves justice. There will probably be from 300 to 400 high school students entered.

Each school competing will be allowed to enter only ten men. No school can enter over two in any one event. The requirements of many preliminaries in most of the dashes and hurdles will cut down the chances for any one team to make a sweep of the events, and it is thought that there will be close scores for all teams, with no one certain of victory until the last event has been decided.

The events for the meet are as follows: 100-yard dash, 220-yard dash, 440-yard dash, half-mile run, mile run, 120-yard high hurdles, 220-yard low hurdles, high jump, broad jump, pole vault, hammer throw, shot put, discus throw and half-mile relay race.

It is expected that about twenty-five hundred high school students will come to Lincoln to attend the meet and other affairs that are being arranged for their benefit. These visitors will be entertained by the different organizations in the university. A large number of them will be entertained at the fraternity and sorority houses and will attend the parties that are being arranged by these organizations for the evening of May 6.

The "N" Men's Association and the innocents will entertain the contestants at a banquet after the meet. This plan was carried out last year and was highly appreciated by the visitors.

The Lincoln Commercial Club will put up part of the funds necessary to meet the expenses of the meet. Net receipts of the meet will be divided

pro rata among the contestants in accordance with their expenses.

Prizes will be given to the winners in all events. Those men who win a first place will be given a silver medal, the winners of second places will be given bronze medals, while the winners of third places will be awarded ribbons. The winning relay team will be given a banner. The banner that was won by Omaha high school last year will be contested for again this year. The team that wins the banner three times will be allowed to retain it as permanent property.

Debate in Evening.

The annual high school debate for the championship of the state will probably be held on the evening of May 6. This has not been definitely decided on as yet, but a precedent was set in this matter last year and the arrangement proved very satisfactory at that time. This debate has been gaining in importance each year since it was begun, and this year practically every high school in the state took part in the preliminaries. A large number of high school students will come to Lincoln for this event alone.

GOOD SENIOR PROGRAM

Memorial Hall is Filled to the Galleries.

Memorial hall was crowded to the galleries yesterday at regular convocation, the hour being devoted to the rendering of the annual senior class program. Selections, vocal and instrumental, were interspersed with readings of both the serious and humorous nature, which combined constituted an exceedingly entertaining and meritorious representation of senior talent.

The first number in order was a piano solo and encore by Miss Katherine Doyle. She played the "Spinning Song" from the "Flying Dutchman," by Wagner-Liszt.

The second selection included three recitations by Bashie Tully, which were greatly appreciated. The recitations were respectively a German selection, "Lorraine, Lorraine Loree," and "That Little Dog," the latter by James Whitcomb Riley. The last number consisted of two vocal solos by Miss Loomis, both of which won great favor from the audience. The selections were "Du Bist die Ruh," by Schubert, and "Little Water Cross," by Denza. The senior class program was undoubtedly a marked success.

NEW AUTOMOBILE RULES.

Don't Shoot! The Gasoline May Explode.

Max Parry, of the Parry Automobile company, has prepared a set of rules for joy riders as follows:

Rule 1. Crank the machine with your right hand. If it kicks, be ready to shift to your left hand. You can sue for more with both hands broken.

Rule 2. No map is required during the joy ride. All roads lead to the county jail.

Rule 3. Some women can never understand. After running over a lady don't yell, "Look out!" She'll think you're coming back.

Rule 4. And if you do any canine killing, don't hunt up the farmer to pay him. He's probably wondering whose dog it is.

Rule 5. When lying with your back in the mud, your feet in the rain, your hands in the oil, and still another passerby inquires, "Anything wrong, old man?" don't shoot, don't shoot! (The gasoline may explode).

Rule 6. Don't argue with the policeman who gets you. Gently request him to see if there is enough "juice" to make the station, and hand him a match.

Rule 7. Further information for joy rides or long tours may be looked for in Ruskin's "Ethics of the Dust."

MOVEMENT TO FORM A COSMOPOLITAN CLUB

INTERNATIONAL ORGANIZATION TO FORM A BRANCH HERE.

CLUBS IN SEVENTEEN UNIVERSITIES

Total Membership is 1,387, with an Active Membership of 912—Cornell Has a Club of 163 Members.

A new organization. A movement was recently launched in the university for the formation of a Cosmopolitan Club. This organization is one which is in vogue in nearly all the large universities and colleges of the west. There is a club at seventeen large universities and these clubs have united into a national organization of Cosmopolitan Clubs.

One great advantage of this national organization is that it affiliates with the European organizations of similar nature, making the whole groups of clubs international in scope. This association of Cosmopolitan Clubs hold annual conventions, and they also have publication of their own. Every year they print a large annual, which is very compact and contains some excellent material. Every month the national association prints a paper which deals with the work of the various clubs and their relations to the various schools in which they are established.

Percentage of Men.

As the name of this club implies, they are cosmopolitan in their membership. The clubs are made up of the representative men of the university in which they are formed and here the men of the United States have members of the total number to the extent of fifteen per cent. The other members of the clubs in the United States are made up of the students in the colleges who are from foreign countries. As Nebraska is one of the leading colleges in the west and no such organization exists here, a movement has been started for the formation of a Cosmopolitan Club which will include to a certain per cent the representative men of the university who are United States citizens and the rest of the members of the club will be students in the university who are from foreign countries.

In the other seventeen clubs, the countries which have the largest membership in this organization, outside of the United States, are China, Japan, Germany and the Philippine Islands. The total membership of the national organization of Cosmopolitan Clubs in the United States is 1,387. Of this number 912 are active members, 28 are honorary members and the other 375 member are alumni members of the different clubs.

Cornell at the Head.

Of this total of 912 active members, the Cosmopolitan Club at Cornell leads with a membership of 163 and Harvard is a close second with a membership of 119. The membership of the various clubs is as follows:

Wisconsin, 66; Cornell, 163; Michigan, 40; Illinois, 66; Purdue, 32; Ohio State, 40; Chicago, 74; Leland Stanford, 36; Ames, 56; Harvard, 119; Iowa, 17; Missouri, 47; Northwestern, 60; Washington, 20; Oberlin, 30; Columbia, 31; Missouri Mines, 15.

That the leading universities of the west have organizations of this nature is evidenced by this list, and so the movement has spread to the University of Nebraska for the formation of a Cosmopolitan Club, and the movement has been rapidly taking on strength. A number of the university students have evidenced the desire to be promoters in this enterprise, and with their support the action for the

formation of such a club in the near future is a certainty. Some of the most prominent men in the university are back of this movement and have been pushing it strongly.

One great advantage of the formation of this club would be the connection it has with the Cosmopolitan Clubs of the great universities of Europe. These European clubs affiliate with the clubs in the United States and in that way the entire organization of clubs is world-wide.

NO MORE ORPHEUM

Formal Bids Cause Consternation in Feminine Circles.

No more pleasant evenings at the Orpheum, no more sundaes at Riggs', no more lunches at Krug's!!!! Sad, sad fate! What will the girls do, now that the sorority formal invitations are all out? A prominent sorority girl, while blocking the doorway leading to the Nebraskan office yesterday afternoon, told a long tale of woe, which reached the ears of the Daily's most conservative reporter. He pricked up his ears, reached for his lead pencil, and began to write. The conversation which he actually heard follows:

"I haven't been to the Orpheum for over three weeks, and I'm almost crazy to go this week."

"Maybe John or Frank, or one of the other fellows will be over after you tonight, who knows?"

"No, I guess not. 'Cause we've had our formal. Before our invitations were sent out, I had three to five evenings a week and just lovely times, too. But, you know, I just think it's awfully mean for the fellows to quit taking a girl out, just because she don't return what they call a 'favor.'"

"Oh, don't be such a silly little fool, my dear; you're a horrible pessimist."

"No, I'm not anything of the kind, and besides the fellow I did take to our party has pestered the life out of me ever since—I guess he thinks I asked him 'cause I liked him; but I really did it for the simple reason that the girls wanted me to. Why, he took me to a concert last night, and it was awful dry stuff; I won't ever ask him again."

And the reporter thereupon solemnly swore that he would never again ask the same girl twice.

SONG OUT SOON.

Decision Will Be Announced This Week.

The decision of the committee in charge of the Nebraska song competition will be out this week. This was the announcement made by a member of the committee. The time which has been consumed in arriving at a decision was owing to the fact that each judge decided independently, which necessitated considerable delay.

DON C. LOVE AT CONVOCATION.

The Unpaid Commission in City Government.

Mayor Don C. Love will speak at convocation Thursday, April 21, on his distinctive feature of the commission plan of municipal government, "The Unpaid Commission in Municipal Government." This will be an interesting talk for the unpaid commission is a novel addition to municipal government and is attracting the attention of the leaders in municipal affairs.

The university cadet band will give a concert on the last Friday of the month in Memorial hall at 5 o'clock.

The junior class program will be given on May 17. The exact program has not been announced, but some short dramatic sketch will be given.

SECOND BATTALLION HAS PITCHED CAMP

CHRISTENED CAMP WORKIZER AFTER FORMER COMMANDANT.

NEW EVENTS IN THE PROGRAM

Outpost Problem, Rifle Firing Competition and Review by Governor is On Schedule—Chancellor to Present Prizes.

The Second battalion went into camp at the school of agriculture last night at 6 o'clock. This is the first encampment of the cadets at the farm, but will probably continue as an annual affair. The camp has been named Camp Workizer in honor of former Commandant Workizer, and is situated on the drill grounds, which are on the north part of the campus and comprise several acres of ground.

The cadets will be very busy soldiering from first call at 5:30 till dress parade which ends shortly before 6 p. m. Regular camp discipline is maintained. With the exception of the senior class, cadets are not permitted to leave the camp except during the day, when they may do so by registering at the guard tent. Taps are sounded at 10:30 p. m. after which time cadets round outside of their tents are liable to arrest. Guard mount and dress parade are held each day. Visitors are invited to visit the camp and see some real soldiering done.

Wednesday morning will be outpost problem, and Friday afternoon rifle firing competition, which are new events in University of Nebraska cadet encampments. Wednesday afternoon a review will be held by Governor Shallenberger. Thursday afternoon will be held the competitive drill. Company H is the ranking company this year. Friday morning there will be a sham battle between two forces of the cadets. Chancellor Avery will present the prizes to the winning company and the individual winner of the competitive.

The five farm companies are E, F, G, H and L, the latter being organized this year. The number of men drilling at the farm is about equal to the number at the university. The quartermaster's staff is in complete charge of the mess and other similar details. In short it is a taste of real army life for the boys, and they are enjoying it.

FRAT TEAMS REST.

Cold Weather Keeps Greeks from Playing Games.

On account of the cool weather for the past four or five days, the members of the Greek letter fraternities have been unable to play off the baseball games scheduled in the fraternity league. A postponed game between Alpha Theta Chi and Phi Delta Theta will be played this afternoon on the athletic field. The standing of the teams is as follows:

	W.	L.	Pct.
North Side—			
Sigma Chi	3	0	1.000
Phi Delta Theta	1	0	1.000
Alpha Theta Chi	2	1	.667
Delta Upsilon	0	1	.000
Phi Gamma Delta	0	2	.000
Phi Kappa Psi	0	2	.000
South Side—			
Sigma Alpha Epsilon	2	0	1.000
Alpha Tau Omega	1	0	1.000
Kappa Sigma	1	1	.500
Sigma Nu	1	1	.500
Beta Theta Pi	0	1	.000
Delta Tau Delta	0	2	.000

Your car fare would pay for a nice lunch at the Boston Lunch. Why go home?
