

The Daily Nebraskan

Vol. IX. No. 125.

UNIVERSITY OF NEBRASKA, LINCOLN, WEDNESDAY, APRIL 27, 1910.

Price 5 Cents.

MAY FESTIVAL WILL BRING MANY STARS

MINNEAPOLIS SYMPHONY ORCHESTRA WORLD'S GREATEST.

UNIVERSITY CHORUS WILL ASSIST

Musicians from Many Lands Will Appear on the Program—Mme. Olitzka is Always Popular—Soloists Are of Exceptional Merit.

The great Minneapolis Symphony Orchestra, which is to appear on the 16th and 17th of next month, will give the people of this community such a musical treat as they have never before enjoyed. This fine orchestra of fifty trained artists is making a nine-weeks' tour of the country, and it was with the belief that the music lovers here would give such a metropolitan orchestra the heartiest support that the management of the festival felt secure in engaging the great musical organization. According to the many press reports from the cities in which the Minneapolis orchestra has appeared this spring there can be no doubt as to the superiority of the orchestra as a body.

The musicians of the orchestra are for the most part of European birth and education. All are professional musicians, who devote their entire time to music, and there is hardly a famous orchestra in this country or in Europe that has not contributed musicians to the Minneapolis Symphony Orchestra, and there is hardly a great conductor in the world under whom some of the musicians have not played.

Great Soloists Too.

Not only will the people of Lincoln and the university be treated to the best orchestra music in the country, but they will be agreeably surprised at the solo work of the well known soloists who will come with the orchestra.

Mme. Rost Olitzka, the eminent Polish operatic star, who is to appear in the first concert of the May festival, is a prima donna contralto of the highest rank. Her recent American conquests on both the opera and concert stage are merely supplemental to the successes that were hers abroad and which caused the musical world to resound with her praises.

This great artist has sung seasons with the Imperial National Opera company of St. Petersburg, the National Opera company in Berlin, and La Scala, Milan, and for eight years alternated between the Metropolitan Grand Opera company of New York and Covent Garden, London, as prima donna contralto. It falls to the lot of very few singers to win the highest European honors of being decorated by four great rulers as was Mme. Olitzka. This fact alone signifies that she is a favorite across the sea.

Mme. Olitzka not only is a famous grand opera singer, but she has gained much deserved praise by the trained critics as a concert singer. It is no easy matter for operatic performers to adapt themselves to concert singing, and it is Olitzka's good fortune to be able to so conduct herself in concert work as to bring forth unbound praise.

Mme. Olitzka's splendid presence and the charm of her personality lend a distinctive attractiveness to her concert appearance that is always responsible for return engagements.

The director of the orchestra is desirous that there be a large university

chorus in connection with the concerts. Consequently the chorus will be augmented and will sing in the operatic program. Mrs. Raymond has requested that all good singers in the university should apply for places in this special chorus. As a number of women are expected to apply, male voices will in all probability be in demand, although that part of the present chorus is excellent.

The chorus will rehearse on Tuesday and Wednesday. The ladies will rehearse on Thursday and the men on Friday. The practicing will be conducted in the Temple at 5 p. m.

ISSUE CALL FOR SONG

Ivy Day Music and Verses Must Be in by May 4.

The senior class song committee has issued a call for the song that is to be sung on Ivy Day. There is generally a great deal of competition for the senior song, so this year the committee anticipates that many good songs will be submitted. The song must be submitted to the committee before May 4. Miss Lapp and Miss McVeigh have this in charge.

DR. BATTEN SPEAKS TONIGHT.

Anti-Saloon General Accepts Chair of Sociology at Des Moines.

Dr. Samuel Z. Batten will address the regular mid-week meeting of the Y. M. C. A. this evening on "The Joy of Conflict." Dr. Batten is always on the firing line. In the recent saloon campaign in Lincoln he was one of the strongest of the generals. He leaves soon for Des Moines, where he has accepted the chair of sociology at Des Moines University. All university men are invited to attend this meeting.

PROFESSOR BARKER TO CHICAGO

Vice-President of Classical Association.

Professor Barker went to Chicago last evening to attend the annual meeting of the Classical Association of the Middle West and South. He is vice-president and a member of the executive committee of the organization. The meeting of the association will be held on Friday and Saturday, but owing to his executive position in the association Professor Barker had to go early.

DRAKE FORMS \$1,000 CLUBS.

Fund for Saving the Medics Now Reaches \$78,000.

Thousand dollar clubs are today being organized by workers in the Drake campaign to secure the last half of the necessary \$150,000 to keep the Drake college of medicine and Drake college of dentistry. The plan is to organize a club of ten men, each to give \$100. The first club will probably be completed today by a student in the medical department who at noon yesterday had eight members in his club.

Captains of the ten working teams reported several thousand dollars to headquarters yesterday morning from the city where they are working. However, these amounts were not announced at headquarters because of the policy adopted not to announce gifts until they are in black and white in the headquarters. It is certain, however, that several thousand dollars will have been added before night.

At noon yesterday the total amount absolutely given and in black and white in the headquarters was \$78,000, showing a good start on the last stretch.

THIRD REVIEW COURSE IS NOW IN SESSION

PRACTICING PHYSICIANS IN NEBRASKA LEARN LATE THINGS.

COURSE IS RAPIDLY GROWING

Lectures and Demonstrations Morning and Afternoon—Special Lectures Four Evenings—Clinic Omaha Saturday.

Beginning Monday the third annual review course for practitioners is now in session. This course is given for one week each year by the college of medicine to allow practicing physicians from over the state to learn by practical demonstration the latest things in medical science.

The first year but seven or eight were enrolled in the course, but last year the number more than doubled. This year it is not yet known just how many will enroll, but judging from inquiries which have been received there will be a goodly number. It is not expected that any large number can ever leave their practice for a whole week, but each year the worth of the course is becoming more apparent.

The course is intended to give a chance for county practitioners to see by demonstration the new things in medicine which cannot properly be made clear through medical literature. There have been recent marvelous advances in the application of the various sciences in the art of medicine which has made it necessary for the physician to be familiar with the application of these for treatment of diseases which are of recent introduction and have not yet been put into standard text books.

The Program.

Lectures and demonstrations are being given each morning and afternoon and there are four evening lectures. Monday evening Dr. R. G. Clapp lectured on "Bodily Movements as Therapeutic Measures in Constipation." Last evening Dr. B. L. Pillsbury spoke on "Physical Treatment of Hygiene." Professor F. D. Barker will address the students tomorrow night on "The Common Parasites of the Intestinal Tract." Thursday evening there will be a joint meeting of the practitioners' review course and the Pathology Club at the Lincoln hotel. Addresses will be made by Dean Wolcott, Dr. Mitchell and Dr. Stevens. All day Saturday will be spent in clinic at Omaha.

PLAYERS WANT TO CERTIFY

Members of the Baseball Team Wish to Take Responsibility in Eligibility Matter.

At a meeting of the board of control last evening in Dr. Clapp's office the summer baseball matter was again discussed. The eligibility matter was again brought into the limelight by the action of the members of the team, in which they signified their desire to certify to their eligibility. This action was tabooed by the board and the men will not be allowed to take the action which they desire. The board decided that they would hold to their original action and will allow no certificates of eligibility of the members of the team to be issued.

The action of the teams in the eastern trip which the Cornhuskers have scheduled still leaves the matter in the air to a certain extent. Iowa re-

fuses to play the Cornhuskers although they are in favor of summer baseball, but they are held back by the ruling of the conference. Ames will play the Cornhuskers on the dates which have been scheduled if the matter can be so arranged. Minnesota, the other conference school with which games have been scheduled, has as yet taken no definite action on the matter, as they can play the Cornhusker team the same as they play league teams and other teams who are not governed by conference rules. The trip will not be cancelled and the team will leave Friday for the east, where it plays Ames on Saturday and Monday. Tuesday a game has been scheduled with Highland Park. Iowa was to have been played on Wednesday and Cornell on Thursday. The Cornell game will be played and a date will be taken with some other team to fill the vacancy in the schedule caused by the action of the Iowa board of control. The trip closes with games Friday and Saturday at Minneapolis with the Gophers.

No other action was taken by the board except to approve the scheduling of a football game with Peru on the athletic field October 1. This makes a total of seven games scheduled for the team next fall.

SIGMA NUS WIN FROM BETAS.

Close Five-Inning Game Played on Athletic Field Yesterday.

Sigma Nu defeated Beta Theta Pi by the score of 8 to 7 yesterday afternoon. The game was closely contested and the result was in doubt until the last inning was over.

Batteries: Betas—Wilson and Burleigh; Sigma Nu—Hawley and Nelson and Hawley.

Standing of the teams:

Team	W.	L.	Pct.
North Side—			
Sigma Chi	3	0	1.000
Phi Delta eta	2	1	.667
Alpha Theta Chi	3	2	.600
Phi Kappa Psi	1	2	.333
Delta Upsilon	0	2	.000
Phi Gamma Delta	0	2	.000
South Side—			
Alpha Tau Omega	2	0	1.000
Sigma Alpha Epsilon	2	0	1.000
Sigma Nu	2	2	.500
Kappa Sigma	1	1	.500
Beta Theta Pi	0	2	.000
Delta Tau Delta	0	2	.000

Games today: Alpha Tau Omega vs. Sigma Alpha Epsilon.

NEW SONG OUT.

"College Memories" Dedicated to Alumni.

"College Memories" the new university song written by W. L. Stevens, is now on sale at all of the book and music stores. The piece will, in the estimation of university critics, become extremely popular with the university public, and especially with old university graduates. It is dedicated to the alumni. This is the second song which Professor Stevens has published within the year at Nebraska.

COURTS NEARLY DONE.

Rolling and Moistening Put Finishing Touch Yesterday.

The work on the tennis courts is nearly completed and the courts now are in first-class condition. Yesterday the ground was rolled and was thoroughly moistened. The courts now are practically ready for the use of the tennis club members, and when they are entirely completed they will represent three of the best courts in the city.

Your car fare would pay for a nice lunch at the Boston Lunch. Why go home?

HIGHLAND PARK HERE FOR OPENING CONTEST

FIRST GAME OF SEASON ON HOME LOT THIS AFTERNOON.

COLLEGIANS HAVE A GOOD RECORD

Nebraska Ball Tossers Have Been Working to Overcome Weakness of Going to Sleep, and Have Developed More Snap.

This afternoon Umpire MacCafferty will toss a nice new ball to the pitcher and the first game of the season on the new athletic field will be on. Highland Park comes for a game with the Cornhuskers and they come flushed with victories. They have played seven games so far this season and have won six. The game they lost was to the Des Moines league team. Out of the six victories the stenographers have scored three shut-outs and they are ready to fight the Cornhuskers to the finish.

The Cornhuskers have been out for daily practice this week and are in fine mettle for the contest. Coach Carroll's pupils have developed a tendency of playing the game fast, and they are going to win the first baseball game to be played between intercollegiate teams on the new athletic field.

Highland Park's Record.

The record of the Highland Park team so far this year is as follows:

April 6—Highland Park, 3; Des Moines League, 12.
April 12—Highland Park, 19; Capital City Commercial College, 0.
April 14—Highland Park, 15; Still College, 3.
April 15—Highland Park, 2; Central College, 0.
April 19—Highland Park, 1; Green Bay, Wis., 0.
April 20—Highland Park, 8; Green Bay, Wis., 7.
April 21—Highland Park, 9; Morningside, 1.

Of the men on the team this year but three of the nine are old men. The rest of the team are all new men who have never played with Highland Park before, but a winning team has been built around them.

The teams will line-up as follows:
Nebraska—Greenslit, c.; Clark, 1b.; Metcalfe, ss.; Cumming, 3b.; Watters, 2b.; Sleuther, lf.; Frank, p.; Mathers, p.; Olmstead, p.; Sturtzenegger, rf.; Lofgren, rf.; Ratcliff, cf.

Highland Park—Southwick, c.; Gardner, 1b.; Bruce, ss.; Houdershaldt, 3b.; Impson, 2b.; Barton, lf.; Hobson, p.; Warren, rf.; Anderson, cf.

CHAUNER HAS SMALLPOX.

Another Case Taken from University.

Walter Chauner of 420 North 14th street, was taken to the smallpox detention house yesterday. Chauner had not been seriously ill, and up to yesterday it was not known that he had smallpox.

DRAKE RELAY MEET A SUCCESS.

Relay Races Were Run in Blinding Snow Storm.

In a blinding snow storm and with a stiff northwest wind chilling both runners and spectators, the first relay carnival was held at the Stadium Saturday afternoon. Practically the only witnesses were about 200 athletes and 100 Drake students, but they showed their interest by sticking until the last event had been staged.
