MUST VACCINATE OR VACATE

NO HIGH SCHOOL FETE DAY FOR FRIDAY AND SATURDAY NOTICES SENT TO ALL HIGH SCHOOLS OF STATE

ATHLETIC MEET AND DEBATE PROBABLY HELD LATER--FRATERNITY PARTIES AND INNOCENTS AND "N" MEN'S BANQUET CALLED OFF--DEBATE IS ARRANGED

High School Fete Day has been postponed. This is another result of the smallpox scare. The authorities yesterday decided that rather than have a number of high school students come to Lincoln next Friday and expose themselves to the dangers of the disease, it would be advisable to postpone the athletic meet and the debate.

Notices have been sent to all the high schools who had entered contestants. No other date has as yet been selected. The Schoolmasters' Club will meet in Lincoln Friday night and a final date will be set at that time. It is probable that the meet will be held in Lincoln, although there were rumors afloat yesterday to the effect that the meet would be held in some other city. Dr. Clapp said yesterday that he thought the athletic meet would be held in Lincoln on May 20.

Rushing Parties.

High School Fete Day has for the past few years been one of the most important days of the year for the fraternities. It is the one day in the year that is set apart for the rushing of men who are likely to enter the university the following fall. Thus, on Fete Day the fraternities are enabled to get a line on material for the following year.

This year all of the Greek letter organizations had arranged for rushing parties on Friday night. In fact, Friday and Saturday were destined to be days of great activity among the fraternity men. Dances, parties and banquets must be called off. Telegrams must be sent to the prospective rushees and their desirability as fraternity material will remain an unknown quantity until next fall.

The banquet that had been arranged by the Innocents and "N" men for the visiting athletes has been postponed. More than likely the banquet will be given if the meet is held in Lincoln at a later date. All other affairs that were being arranged for the entertainment of the visitors have also been postponed.

An Annual Affair.

The final debate of the Nebraska High School Debating League, which was postponed, will have to be held later. This league is the largest interscholastic organization in the United States whose aim is the promotion of the science and art of argumentation and debate. This is the third annual debate of the league, which always holds its finals on High School Fete Day, when all of the

high schools of the state take a day off and come to Lincoln to be guests of the University of Nebraska.

Each of the winning schools in the district contests will have a representative present to compete for the championship of the state. This honor was won first in 1908, when the league was organized with a membership of thirty schools, by Arthur Anderson of Wahoo, Mark C. Hargreave of Wymore getting second place, and Miss Isabel Oldham of Kearney and Clayton Burke of Ord dividing third honors. Last year Clifford Radcliffe of Sidney was awarded the championship by Prof. Fred M. Fling, Prof. J. E. Le Rossignol and Prof. C. A. Vernier of the university. Paul Good of Wahoo was second and Harvey Hess of Hebron third.

District championship winners this year are Geneva, Ashland, Valentine, Alliance, Hastings, Wymore (for the third successive year), Beaver City, Kearney, Broken Bow and Plattsmouth or Wahoo. The following summarizes the results of the district debates which began early in February:

District Championship Schools.

Central—Geneva, winner from Friend, which defeated Grafton, Osceola and Sutton, which won from Grafton.

East-Central—Ashland, winner from University Place by default and from Seward which defeated Syracuse.

Northern—Valentine, winner from O'Neill which defeated Atkinson.

Northwestern—Alliance, winner from Sidney and from Chadron which defeated Crawford which won from Gordon which defeated Rushville.

Southern—Hastings, winner from Edgar and from Hebron which defeated Fairfield.

Southeastern—Wymore, winner from Auburn which defeated Nebraska City and Falls City which won from Stella and also from Humboldt which won from Pawnee City.

Southwestern—Beaver City, winner from Franklin Academy and from McCook which defeated Trenton.

Western—Kearney, winner from North Platte.

West-Central—The champion will be either Plattsmouth, the winner from Fremont and Blair or Wahoo, the winner from David City.

Northern—The championship is undecided. Albion has defeated St. Edward, and Pierce has de-

feated Creighton and also Randolph which won from Wayne.

Same Question.

The question which has been used in all the district contests and which will be used in the final as well is, "Resolved, That labor unions are in the whole, beneficial."

The officers of the league, in charge of the championship debate are:

President, Prof. M. M. Fogg, University of Nebraska; secretary-treasurer, Supt. C. A. Mohrman, Atkinson; district directors—central district, Supt. J. C. Mitchell, Friend; east central, Supt. E. E. Lackey, Syracuse; eastern, Supt. C. L. Walton, Wahoo; northern, Supt. Celia Gorby, O'Neill; north central, Supt. I. G. Wilson, Albion; northwestern, Supt. D. W. Hayes, Alliance; southern, Supt. S. H. Thompson, Hastings; southeastern, Supt. R. L. Hoff, Humboldt; southwestern, Supt. W. T. Davis, Beaver City; western, Supt. H. E. Bradford, Kearney; west central, Supt. B. E. Yoder, Ravenna.

Professor Fogg was the originator of the league and has been the one to whom more than any one else is due the success of the league. He has been in charge of all the debates this year and will probably be again elected to head the league the coming year.

Order of Speaking.

Yesterday afternoon the order of speaking in the debate was fixed by lot. The drawing of lots was done by Professor Fogg, Prof. H. K. Wolfe and Registrar Harrison. The result was as follows:

Affirmative—

1. Broken Bow.
2. Wymore.
3. Geneva.
4. Ashland.
5. Wahoo or Plattsmouth.
6. Hastings.

Negative—

1. Valentine.
2. Beaver City.
3. Wahoo or Plattsmouth.
4. Kearney.
5. Alliance.

The last of the district debates was held last night at Wahoo. David City was defeated by Wahoo. The judges were Prof. G. O. Virtue, department of economics in the university; Prof. Edwin Maxey of the law department, and Albert Watkins.

NAME LEFT OUT.

Chaucer Should Be in List of Candidates.

In the list of candidates published in yesterday's Daily Nebraskan over the signature of Dr. Clapp, the name of W. F. Chaucer was accidentally omitted. The error was made through a mistake in the composing room. Chaucer makes the twelfth candidate for the university athletic board.

Baked beans, baked on the premises and served hot with delicious brown bread, 10c, at The Boston Lunch.

COMPULSORY VACCINATION IS ORDER OF THE AUTHORITIES PRECAUTION MUST BE TAKEN WITHIN TWO DAYS

THREE UNIVERSITY STUDENTS INFECTED YESTERDAY BY THE DREAD DISEASE AND DRASTIC MEASURES ARE TAKEN TO CHECK IT

"Within a few days a certificate of vaccination or permit will be required for all students attending university classes. Students may be vaccinated today from 9 to 12 a. m. and 2 to 5 p. m. University women will be vaccinated in the woman's study room in University Hall, and the men in 310 Nebraska Hall."

The spread of the dread disease smallpox has reached a crisis. The university authorities have been battling bravely for the past few days in an attempt to stamp out the foul fiend. But their efforts have been to no avail. Yesterday it was learned that more new cases among the students had developed and that drastic action must be taken at once. Immediately the inter-high school athletic meet and the state high school championship debate were indefinitely postponed. This action was followed by the issuing of two bulletins by the authorities in charge of the campaign against the dread disease. The first bulletin was read to the various classes throughout the university this morning. At least that was the intention of the authorities when they were issued. In several classes this was not done, and even by 11 o'clock professors did not comply with the instructions of the first bulletin, that they were to be read before the members of their classes.

The second notice, which was issued about 11 o'clock this morning, gave notice that it is advisable that all students who have not been vaccinated during the past year be vaccinated at once, or at least consult a physician. Arrangements have been made for free vaccination on the campus. All university women may be vaccinated in room 7, Nebraska Hall, by Dr. Inez Philbrick and Dr. Daisy Hansen, while Dr. Wyman and Dr. Waite will vaccinate all men who come to them in room 310, Nebraska Hall.

Compulsory Vaccination.

Last evening Chancellor Avery conferred with the city health official in regard to the action the university authorities should take in checking the spread of the smallpox epidemic. It was decided that all the students should be vaccinated. This means that a compulsory general vaccination rule has been established. The bureau for vaccination which was established will be continued. Those of the student body who have strenuous objections of submitting to the operation have a chance to evade the ruling. Ar-

rangements have been made for the issuing of certificates to those of the university students who are vaccinated and those who are not will be granted permits, but these permits will only be issued to those students who present themselves to Dr. Clapp or some other person each day.

This rule must be complied with, as after two days no student in the university will be allowed to attend classes unless they are able to present either a certificate or a permit. This rule will be strictly complied with in every respect and no student without either paper will be allowed to attend classes. The proposition of dismissing classes throughout the university was also discussed at this meeting, but it was decided that if this action was taken that the students will depart for their homes over the state and in that way spread the infection. As the university has no power to compel students to remain the city if classes were dismissed, this proposition was vetoed.

New Additions.

Yesterday three new additions were made to the list of the university students at the pest house. The first student to be taken to the hospital was Michael J. Hughes, who rooms at 245 South Fifteenth street. Hughes is a member of the senior class and has a prominent part in the senior class play, and his absence will hinder the work of the play committee to a great extent. R. H. Whitney was another university student who was taken to the isolation hospital to join the university colony already there.

The first university woman to be infected by the disease was Mrs. Wolfe. She attended classes yesterday morning, and in the afternoon she went to the vaccination bureau in Nebraska Hall to be vaccinated. After awaiting her turn to undergo the operation it was discovered that she was already suffering from the disease, and was immediately confined to a room in the building until she could be taken to the hospital. All university girls have been cautioned to take extra care against the spread of the disease, and yesterday twenty-five girls were vaccinated by Dr. Daisy Hansen and Dr. Inez Philbrick, who have charge of the bureau in Nebraska Hall for university women.

Inspection Handicapped.

Not satisfied with causing Fete Day being postponed, the dread
