PETITION WAS CIRCULATED

Would Limit Voting to Students and Faculty.

Some interest was added to the campaign for athletic board elections yesterday by the circulation of a petition among the student body asking that the rule allowing graduates of the university to vote be repealed. The petition was addressed to the university senate, which passed the alumni rule April 15, 1906.

The reasons set forth in the petition for asking the repeal of the rule are in brief as follows: The active student body is best able to judge the merits of the candidates, but few alumni knowing the nominees or having particular interest in their election. It is said that last year nearly all the alumni who voted were brought to the polls in automobiles, and the spending of money in a campaign of this kind is condemned. The petition also states that it is believed undesirable to cause men to vote who for lack of interest or knowledge or other reasons would otherwise not do so.

About twenty-five copies of the petition were in circulation yesterday and were said to meet with general approval. A meeting was held last night by those who are looking after the petitions to plan a general campaign for names within the next day or so. Some of the candidates expressed surprise upon hearing of the petitions, but none has so far shown any opposition to it. It is not known just where the idea for the petition originated. Some one suggested the Innocents, but a member of that organization stated that they were not responsible.
