SATURDAY, MAY-7, 1910.

The great thing in the world is not so much to see where we stand as in what direction we are going.—O. W. Holmes.

Kansas recently lost both in baseball and debate to Missouri. Evidently the side hills are slippery.

Korea, Philippine Islands, Germany, Scotland and Ireland give the Nebraska Cosmopolitan Club a world wide representation. How about Esperanto as a medium for conducting the business of the

and uplift motherhood, and give comfort and happiness to the best mother who ever lived—his mother. In loving remembrance of his mother, the custom is for each one to do some distinct act of kindness—either by a visit or a letter.

A white carnation is the emblem to be worn. It is also to be sent to the sick or unfortunate in homes, hospitals or prisons.

The first movement towards making Mothers' day recognized throughout the United States was started a few years ago by C. M. Mayne, a Beloit graduate, who is at present secretary of the Y. M. C. A. in Lincoln.

DR. SCHRAG TO EUROPE.

Will Spend Summer There Studying and Sightseeing.

Dr. Schrag of the German department is going to leave for Europe from New York on May 31. He will first visit in Italy, remaining six weeks in Naples; then cross the border into Tyrol, Austria. He will take in the Passion Play at Oberammergau. Later Dr. Schrag will visit the more important of the South German cities, which he failed to visit two years ago, and then be in Berlin for four weeks. Here he will search for a German play for next year, and purchase a few select pictures for the German department.

PEACE PROGRAM.

Annual Affair Comes Tuesday. Next Tuesday at convocation will be held the university's annual peace program. The meeting will probably be held in the Temple. This year the address

Piano solo, Bertha Williams; vocal solo, Virginia Laudermilch; vocal duet, Lillian Coke and Ida Vibbard; vocal selection, Irma Sadilek.

Tuesday noon meeting, led by Caroline Osborne. Wednesday, led by Miss Snyder, from Nebraska Wesleyan; Thursday noon, led by Miss Vibbard; Friday noon, led by Lois Spencer.

A few of the Y. W. C. A. girls have been giving some pleasant entertainments for their general secretary, Miss Vibbard, in honor of approaching events. Monday evening a pretty affair took place at the home of Alice Humpe, in the form of a miscellaneous shower. The decorations were in the scarlet and the cream, and a pleasant little program was carried out. The guests were the small cabinets of last year and this year. When Miss Vibbard reached her home she was surprised by a group of friends. While the affair was a shower, it was uniquely arranged. The gifts were hidden about the house and the bride-to-be was forced to search them out. Hearts held a prominent place in the program.

The University of Missouri is to have a four-bell chime and a new clock with four eight-foot dials. The cost will approximate \$3,000.

After this year an oral examination in either French or German must be passed by any student wishing to obtain his degree at Harvard.

No new cases of smallpox yesterday. A banquet at Rhodesia with the patients responding to toasts. Truly this smallpox is not the disease that common report would make it. The lightness of the disease, together with the strenuous efforts the authorities are making ought to take the shivers out of the most timorous spine.

SUNFLOWERS.

The tops of the sunflowers are agitated. All is not serenity beneath their deep shade. Delving down to the black loam that surrounds their roots we found the following paragraph in the Students' Herald, the paper of the Kansas Agricultural College:

"During the last year K. U. has lost her dominating hold on the schools of the Missouri Valley. Perhaps the loss of the football game with Missouri had much to do with it. Nebraska stands no longer in awe as evidenced by their attitude relative to the K. U. bluff of eligibility of her baseball squad. The Aggies possess enough of the farmer independence not to care a whoop what the university does, and they enjoy a square deal so thoroughly that a black eye to Cannonism in athletics meets with their approval."

MOTHERS' DAY.

Mothers' day occurs next Sunday. For some years the second Sunday in May has been set aside by common consent, as a day on which each person may honor

of the day will be delivered by Dr. Frank L. Loveland of Omaha, pastor of the First Methodist church of that city. Dr. Loveland is a great thinker and a brilliant orator and the university is fortunate in securing him to address the students.

There will be other features on the program. The University Glee Club quartet will furnish music. A large crowd is expected to be present.

KISSING SAFE PASTIME.

Harvard Professor Assures Audience That Heart Trouble Is Only Result.

Kissing as a perfectly safe pastime has received the approval of Dr. A. M. Worthington, a professor in the Harvard medical school. Persons who refrain through fear of the interchange of bacteria are martyring themselves uselessly, the educator told his audience at a lecture on "Man and His Bacteria." The bacteriologist assured his hearers that the only danger in the practice was that of a sudden and violent attack of heart trouble.

"There is every reason to believe that when two wholesome persons meet lip to lip without upsetting the 'bacterial balance,' there is no danger," was the way he put the good news.
