## NEBRASKA LOST THE MEET BY ONE POINT

### SOUTH DAKOTA WINS TRIANGULAR MEET.

#### EXCITING MILE RELAY RACE

Morningside Finished Far Behind South Dakota and Nebraska—Best Meet in This Section of the Country.

The University of South Dakota succeeded in winning first place in the tri-angular meet at Sioux City Saturday with 48 points. Nebraska was a close second with 47 points, and Morningside finished third with 36 points. The meet was one of the most closely contested that has been held in this section of the country for some time.

South Dakota took the lead early in the meet and looked like an easy winner. However, Nebraska rapidly gained strength, and in the end was defeated by only one point. The mile relay race was an exceedingly interesting one. Only two teams were entered, those of Morningside and Nebraska. Morningside had a good lead at the beginning of the last lap, but Burke gradually gained and finally caught up with and passed the Morningside man, winning the race.

Guy Reed tied the university record for the 220-yard dash, winning that event in 22 1-5 seconds.

celebration. It is expected to be the most interesting Ivy Day in the university's history. The events of the day inspire one with a love of his college that no other event in the university year does. While the same general program is carried out each year, the details of the program tomorrow will be new and interesting.

#### New Events.

All the classes are asked to wear their class caps. Freshmen caps are to make their first appearance tomorrow, the powers that be having so decreed. No great excitement will follow the appearance of the caps. The presidents of the upper classes have united in signing a guarantee to this effect. Chancellor Avery has approved the notice. Dr. Condra also enthusiastically endorsed the move.

President Coffey presented a request on behalf of the fresh-

## ELECTION PASSES OFF QUIETLY YESTERDAY

### REED, SHONKA, AMBERSON, CHERRINGTON, CHAUNER.

#### TOTAL OF 450 VOTES ARE FOLLO

No Factional Feeling Displayed as Has Been the Custom in the Past—Election Slow in the Morning.

The election of members to the athletic board for next year, which was held yesterday, was one of the quietest that has been held at the university for the past three years. The election was devoid of any factional feeling and the candidates ran on their personal merit entirely. Some surprises were sprung when the results of the election were announced. Metcalfe, who has played a star game at short for the varsity baseball team for the past two seasons, was expected to win with ease. Although he was sixth in the race, he was defeated by Chauner for the fifth place by a majority of seven. Ewing and Frank, who have been strong men on the varsity football team in the past years, were also defeated, and many of the students counted on these men winning.

The results of the election was as follows:

Reed	368
Shonka	330
Cherrington	304
Amberson	280
Chauner	194
Metcalfe	187
Frederick	146
Frank	140
Ewing	118
Trump	115
Yates	79
Bell	70

The election was slow in the morning. Up to noon but 65 votes had been cast. In the afternoon the vote was heavy, and a total of 450 votes were registered before the polls closed.

#### The New Members.

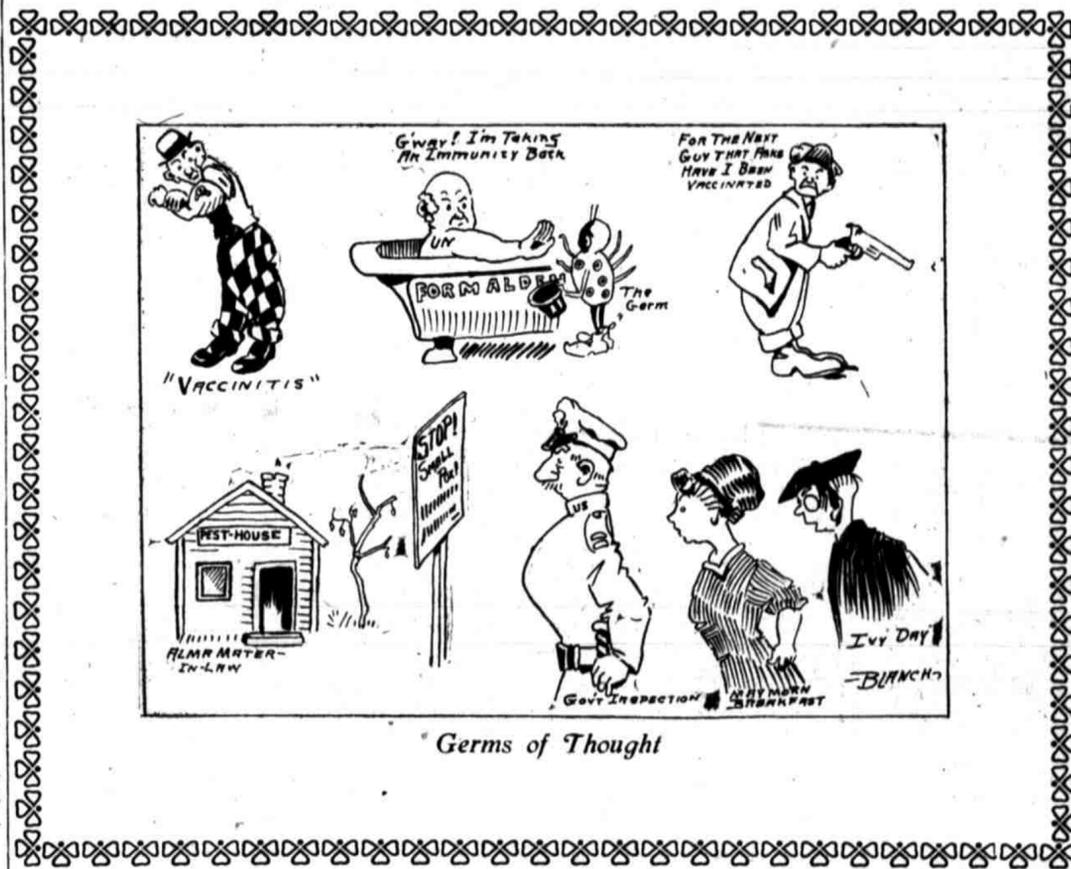

The election of the five men who received the highest vote resulted in the election of men who are participators in university athletics. Reed has been a strong man in university track work for the past two years. He won his letter last year and this year he has been doped to win many points for the Cornhuskers in the coming track meets with Minnesota and Kansas in the short dashes.

Shonka played his first varsity football last year and proved to be a demon on the gridiron. His ability to tear holes in the defense of the enemy was a great factor in the work of the Cornhusker team last year.

For a number of years Cherrington has developed some wonderful teams in all lines of athletics. He has coached for a number of years and in all cases he has met with excellent success. This year he has charge of the track team and has obtained results.

Amberson won his letter last year for the first time in cross-country. He also won his "N"

huskers everywhere they went, and caused the loss of hard-fought games at critical times.

On several occasions the team was allowed only a few minutes in which to dress and had to rush from a train direct to the diamond. The games played at Ames were played in the rain and this was the cause of many errors.

The game at Grinnell was the most exciting played on the trip. The score was 8 to 3 in favor of Grinnell in the seventh inning. The Nebraska team by a spurt in the eighth inning won the game. Some of the best hitting done by the team this year was done in his game.

At Sioux City the team played a joke on Coach Bobby Carrall. They persuaded a policeman to arrest him on some trumped up charge and caused a great deal of excitement. The baseball and track teams dined together in Sioux City.

men. The guarantee of the other presidents is as follows:

"We, the undersigned presidents of our respective classes, agree to allow the freshmen to wear their class caps unmolested on Ivy Day."

It is desired to make the day as representative as possible, and it is hoped the freshmen will make a good showing. There are a number of caps still at Armstrong's, and they will be sold to the first classmen who apply.

The Dramatic Club play is to be one of the best amusements of the day. It is interesting and funny. It is sure to be enjoyed. P. E. Yates is acting as coach. Fred McConnell will be stage manager.

Persons not connected with the university are not invited this year on account of the smallpox scare. While no attempt will be made to keep any one off the grounds, the university authorities do not wish to be blamed for any spread of the disease. If the fine weather continues there will undoubtedly be a very large per cent of the students at the farm for the day.
