Vol. X. No. 18

UNIVERSITY OF NEBRASKA, LINCOLN, WEDNESDAY, OCTOBER 19, 1910.

Price 5 Cents.

## GIRL'S MASS MEETING THURSDAY

### FRESHIES CLEAN UP SCRUBS

FIRST YEAR SQUAD SHOWS PLENTY GOOD MATERIAL.

### NEBRASKA NEEDS BETTER OFFENSE

DENVER PLAYS NEBRASKA HERE ON SATURDAY.

Mountaineers Have the Best Team They Have Had for Some Time.

Nebraska's freshman team is bringing out more good football material than any first year squad the university has had in the last five years.

In a short game yesterday afternoon with the second team of the varsity squad the freshmen scored three touchdowns while the regulars were able to make only one.

At least four of the freshmen can be safely picked for next year's varsity squad, with chances good in favor of their landing places on the team: Mulligan, quarter; Purdy and Nouse, halves; Weaver, fullback. It was this backfield which helped the freshmen play rings around the scrubs of the varsity squad.

The varsity had a good workout yesterday, and none of the men are suffering from injuries received in the Minnesota game. Most of them came home badly bruised and tired out, but all are now back in form.

#### Elliott is Out.

Elliott will probably be out of the game for the remainder of the season. In Elliott the team loses one of the strongest linemen on the squad, but with the substitution of Harmon, who has shown up in remarkably good form, the line as a whole will not be materially weakened.

Coach Cole spent a great deal of time yesterday in working out new offensive plays. As far as defense goes, another hard game or two will put on the finishing touches, but the Cornhuskers need more aggressive plays and snappier work carrying the ball and running interference.

A number of new formations are being tried out, which the coach thinks will decidedly improve the work of the Cornhuskers for the remaining games of the season. The Minnesota game showed up every weak spot on the team, both in offense and defense, and "King" Cole knows better than he did before just where more attention is needed.

#### Denver Here Next.

Denver comes next Saturday with a team which is said to be far stronger than the team of last year. In the game this season with Marquette, Denver played the strong Marquette team a tie, 0 to 0.

In spite of their overwhelming defeat at Minneapolis, the Cornhuskers are far from discouraged. They put up a stronger game than Nebraska has ever played against the Gophers, and it was the unusually powerful aggregation which Coach Williams has produced rather than any weakness on Nebraska's part that lost the game.

When Denver comes next Saturday the Cornhuskers will be even stronger than when they went against Minnesota. It was a good experience for the team, if they did lose, for it showed that they will always fight to the finish, win or lose.

Eighteen states and two foreign countries are represented among the students who are taking the course offered in the school of journalism in the University of Missouri.

### GRADES MAY BE WITHHELD.

Rhetoric Department Thinks Over a New Scheme.

It is planned by the rhetoric department to cease grading themes when they are returned to students, merely taking the grade down on the office record. If this is done a student will have no way of knowing what his theme grade is excepting from the abundance or scarcity of corrections on his paper. The announcement that such action might be taken was not received with much enthusiasm by the rhetoric students who have themes to write.

### NEW BOTANICAL SPECIMENS.

Tropical Collection Received by Botany Department.

The botany department has received a collection of rare specimens from the tropics. All the rarest of the tropical plants are represented in this valuable collection. The plants are in thirty-five jars. They will be used for class demonstration, and students who desire to study them will be permitted to do so. Nutmegs, allspice, cocoa beans, coconuts, bread fruit and coffee berries are represented. The cocoa beans are in the pod. Some big red bananas also occupy a place among the specimens of value. Some rare specimens of basidia lichens, which grow only in the tropics, are considered very valuable. The collection was made by Harlan H. York of the department of botany at Johns Hopkins university, and was purchased early in the fall by Dr. Bessey.

### NEBRASKAN PROMOTED.

Made Head of His Department at State College of Washington.

The Evergreen, the student publication of the State College of Washington, tells of the promotion of a Nebraska man as follows:

"Mr. R. C. Ashby came to us from the University of Nebraska last spring to assist in the superintending of college extension work. Though he has been connected with this college but a few months, he has shown ability beyond his years, and all who have come in contact with Mr. Ashby speak highly of his work. The particular phase in which he is most interested is animal husbandry.

"Recognition of Mr. Ashby's services has been made by the board of regents. He has been made head of his department, beginning October 1, and is now known as superintendent of institutes and extension work.

"The extension work is a comparatively new feature, which has met with a very hearty reception throughout the state. Twelve demonstration farms have been established, six in western Washington and six in eastern Washington. The former are located at Ferndale, Bothell, East Seattle, Adna, Chehalis and Vancouver. The east side stations are located at Sixprong, St. Andrews, Walla Walla, Rosalia, Pullman and Kettle Falls. These farms are operated by the owners under the supervision of the college authorities for demonstrating the best and most up-to-date methods of farming along some one particular line.

"Farmers' institutes have this year been conducted upon a very systematic basis, with special reference to careful instruction in the particular lines of agriculture which are best adapted to the communities where the institutes are held."

### SEARS HANDS OUT PLUMS

SOPHOMORE PRESIDENT MAKES APPOINTMENTS.

### ELECT. MINOR CLASS OFFICERS

SECOND YEAR CLASSMEN HOLD SECOND MEETING OF YEAR.

Mary Robbins Elected Secretary, Hargrave Treasurer and Ruby Sergeant-at-Arms.

The sophomores are preparing for the Olympics. At a meeting yesterday the committee which was appointed less than a week ago made its first report. The second year are not planning for defeat. Clifford Phillips is chairman of the committee. He stated yesterday that it was not his intention to go about begging for members of the class to become enthusiastic enough to get into the try-outs for places on the boxing or wrestling teams. He said in part: "Last year we had to ask every individual; this year it should not be necessary to make personal entreaties for every man to take part in the scrap. Those who entered last spring certainly know that it is up to them as sophomores to be loyal to their class."

#### Minor Officers Elected.

The minor officers were elected at the meeting yesterday morning. This completes the second year election for this semester. The officers of the class are as follows:

Carroll Sears, president.  
Verne Andrews, vice-president.  
Mary Robbins, secretary.  
Mark Hargrave, treasurer.  
Glen Ruby, sergeant-at-arms.

All of these officers were elected without opposition. Both Sears and Andrews were elected last Tuesday. The other officers were elected yesterday.

#### Committees Appointed.

President Sears handed out plums in the way of class athletic board appointments, managerships for class teams and committee appointments. Harold Mulligan, a Beatrice man, was appointed manager of the class football team. The managership of the basketball five fell on the shoulders of Ray Killian of Wahoo. Verne Andrews of Lincoln is to be the chairman of the sophomore hop, and Temple Robinson of Waterloo is the man chosen for master of ceremonies.

A meeting of the hop committee has been called for next Thursday morning at 11:30.

The list of appointments as read yesterday by President Sears is as follows:

Manager of class football—Harold Mulligan.

Manager of class basketball—Ray Killian.

Members of the interclass athletic board—Clayton Radcliffe, Arthur A. May and William Linstrum.  
Sophomore hop committee—Verne Andrews, chairman; Temple Robinson, master of ceremonies; Frank Schwake, Mark Hargrave, Arch Dinsmore, Burton Hill, Uorda Scott, Jessie Reed and Ruth McDonald.

Color committee—Cos Buchanan, chairman; Dean McBrien and Ralph Bodley.

Olympics committee—C. F. Phillips, chairman; H. B. Coffey, F. G. Clark, Glenn Whitcomb, Erwin Snyder, Paul Harrington, Warren Romans, Sam Carrier and Russell Man.

### PROFESSOR HOHLFELD SPEAKS

University of Wisconsin Man Addresses Small Audience Tuesday.

Professor A. R. Hohlfeld, head of the department of Germanics of the University of Wisconsin, spoke last night to a small audience in the Temple auditorium. Professor Hohlfeld discussed the subject of "Impressions of Modern Germany." He pointed out many features of the European nation that are in advance of similar things in America, and he also discussed the life and opportunities of the Kaiser's empire.

### THURSDAY CONVOCATION.

Violin Recital by Mrs. Silence Dales-Knapp.

The program for the next convocation will be a violin recital by Mrs. Silence Dales-Knapp, and is as follows:

Air . . . . . Matheson  
Walzer . . . . . Hegar  
Humoreske . . . . . Stinding  
Legende . . . . . Zaryski  
Mazurka . . . . . Zaryski  
Miss Louise Zumwinkel at the piano. This program will be given at the Temple auditorium Thursday at 11 a. m.

### WHO STOLE THE SLATE?

Tennis Tourney Stops When Scoreboard Turns Up Missing.

Owing to an example of light fingers, play in the annual tennis tournament of the University of Nebraska has been temporarily suspended. Some time between Saturday night and Monday morning, a certain contriving individual decided that he or she had more urgent use for the tennis slate than did the tournament officials and club members. It has disappeared.

The manager of the club announced that a new slate would be made at once and that play of the second round would probably be resumed today. Only two matches remain to be played in the first round. The definite results of the second round matches already played will be announced as soon as the new slate is established.

### MALONE TO KEEP POLE.

Police Appropriate Fraternity Coat Rack for Own Use.

The stolen barber pole which for four or five years graced the vestibule of a Lincoln fraternity house in the capacity of a coat rack, is now serving a similar purpose in the private office of Chief James Malone. The pole was taken last spring in a raid on a fraternity house, the police reaching the conclusion that a healthy barber symbol had no real business in the place and correctly guessing that it had been got through ways that are artful and slippery handed. The owner was never found and when the new offices at police headquarters were fixed up the pole was again put on duty as a coat rack, where it stands in all its tinsel red, white and blue glory.

The police of Wichita gathered in a bunch of ten Fairmount college students last Saturday evening for celebrating too hilariously over a football victory. After marching around on the streets for some time they had stopped in front of a theater and proceeded to drown its music. The police objected to. The judge recollects his own college days and dismissed them.

### BASKETBALL MEN ARE OUT

TWENTY-FIVE PLAYERS ANSWER TO FIRST CALL.

### TWO 1909-1910 MEN WILL BE BACK

BUNCH OF VARSITY CANDIDATES LOOKS PROMISING.

Practice in the Armory from 4 to 5 on Tuesdays and Thursdays.

Basketball has taken its place in the list of university activities. At 4 o'clock yesterday afternoon twenty-five men were out in suits for the first workout of the season.

Captain Hutchinson, Hiltner, Schmidt and Amberson were the four "N" men who put in an appearance. Amberson is working out in the cross-country squad this year and may not play basketball. Schmidt says he will not be able to play. Hutchinson and Hiltner will both be back in the game.

Among the candidates on the varsity five are Wake, Swanson, Krug, Kiddoo, Carrier, Killian, Andrews, Lindstrom and Felding. Wake was a substitute last year. Kiddoo, Krug and Swanson were on the sophomore team last year, and Carrier, Killian, Andrews and Lindstrom were on the freshman team.

#### Good Bunch of Candidates.

With these men trying for places there is a good prospect for a winning team. In spite of the fact that Perry, Wood and Petrasek went out last year, it is believed that the aspirants for the team this year will be more than able to replace those who have gone.

Dr. Clapp made a short talk to all basketball men soon after they assembled yesterday, giving some good advice as to training and practice. The main thing, he said, is training. If a man wants to keep in shape for basketball he must observe even more rigid training rules than a football man. Basketball, while it may not call for so great physical strength, requires greater powers of endurance and better wind.

#### Practice Hours Are Set.

The armory will be turned over to basketball men between 4 and 5 o'clock on Tuesdays and Thursdays and 6 and 6 o'clock on Fridays. Arrangements will also be made for evening practice. Dr. Clapp will also try to make it possible for basketball players to use the gym whenever it would not seriously interfere with other gym work.

The freshman squad showed up well for the first day. A majority of those who came out were first year men.

All men who are at all interested in basketball are urged to put on a gym suit and work out. There is lots of room for everyone and all have an equal chance.

### ATHLETICS WIN THE SECOND.

Cubs Lose World's Series Game by Score of 9 to 3.

Philadelphia won the second game of the world's championship series yesterday from Chicago by a score of 9 to 3. Collins' batting was the feature of the game.

The score:

R. H. B.  
Chicago . . . . . 010000010—9 3 3  
Philadelphia . . . . . 000010000—9 14 4  
Batteries: Chicago—Browns, Ritchie and Kling; Philadelphia—Coomba and Thomas.
