SPECIAL CLASSES FOR UNIMEN

AN OPPORTUNITY TO TAKE UTILITARIAN STUDIES.

Afternoon and Evening Classes in
 Shorthand, Bookkeeping, Typewriting,
 Penmanship At Nebraska School of Business.

EXPERIENCE OF UNIVERSITY MEN

The Nebraska School of Business, located in the Hall Bros. building, 1519 O street, is organizing special afternoon and evening classes at convenient hours for university students who wish to study either shorthand, typewriting, bookkeeping or penmanship. The evening classes meet three evenings each week—Monday, Wednesday and Friday. University students may arrange for any number of hours per week that they may wish to take, and the rates for tuition will be very reasonable. The instruction is given by teachers of long experience and recognized ability.

Mr. Glenn O. Taylor, B. A., LL. B., speaking from his own experience, says: "I have no hesitation in saying that I believe the freshman in college makes a mistake if he does not avail himself of the opportunity of studying shorthand and typewriting. The student who has a knowledge of shorthand has not only a very rapid means of taking notes from class work to be used later as references in preparation for reviews and examinations, but also has a knowledge which may be readily turned into money during his spare hours and vacations. Moreover, such student, when his college course is finished, is assured immediate employment in the commercial world."

Mr. Frank Oates, a student of the N. S. B., who held a position with the B. & M. in this city last year, is now paying his way through Northwestern, at Evanston, with his shorthand and typewriting.

Any university students interested in these special classes are invited to call at the school and obtain further particulars. The school is located on O street in the Hall Bros. building, just east of the F. & M. bank.

ON THE CAMPUS

Don Cameron's Cafe, 119 So. 12th.

The Alpha Phi sorority will entertain at a house party Friday evening.

Capin Bros., Florists, 127 South Thirteenth street.

Talking Motion Pictures.
 New York.—With the announcement by Thomas A. Edison the other day that he has almost reached the solution of the problem of making moving pictures that talk, the future of the moving picture promises a revolution. Mr. Edison has obtained satisfactory results with a device for recording the words as well as the actions of actors and actresses.

Aviators seem annoyed because an airship was wrecked by a flag pole. Yet a flag has a right to fly as well as a plane.
