OCTOBER 21, 1910.

Last year Kansas sent a large delegation of rooters to Nebraska to witness the annual gridiron contest. Let us reciprocate.

The action of the Lincoln churches in seeking to aid the students has been heartily commended. Many of the men and women of the university need it and the institution as a whole is benefited.

Why not have a Men's Union at Nebraska? Minnesota, Illinois, Wisconsin and Chicago have them. California has also been added to the list of western institutions. Why not Nebraska?

Although this change in the weather may be music to the ears of the varsity football team, it certainly has wrecked havoc on the fall tennis tournament. With the play of the sec-

to designate the athletic field which was added to the university campus last year. Put on your thinking caps, students, and let us have your suggestions. The Daily Nebraskan will conduct a voting contest or anything of this nature to determine a name which will be pleasing to the students. Let us hear from each and every one. What have YOU to suggest?

WHAT IS THE USE?

It is the same old story. The student body in a certain degree cannot be honest. First, it is "cribbing," then it is naturally appropriating articles, and finally it comes to plain stealing. People with light fingers are always found when a large number of people get together. In a university where things are slightly different from the outside world, there should be nothing of this kind. However, only the honesty of the student body can stop it. Mistakes often occur, such as taking some one's books or mixing hats and caps, but nevertheless when things are taken from overcoats, and note books turn up missing and nothing is left in the place of the appropriated article, then something must be done. Student opinion is the only punishment that can be put upon the guilty parties, and this should be severe enough should these people be discovered to force them to leave school.

WHAT ARE WE HERE FOR?

What are we here for? Surely for

up man's work. And if you return unfit, you have failed; betrayed a trust.

Another may say, "I am here for a good time," and many other answers may be given to this question. Answer it as you will, the fact remains that we are here, and with the splendid opportunities offered, we are undoubtedly foolish unless we do something really worth while.—Daily Missourian.

A NAME.

The university athletic field needs a name. We should not refer to the gridiron as the "athletic field" or the "drill ground." Kansas has their McCook field, Minnesota their Northrop field, Chicago has Marshall field, and Wisconsin Camp Randell. Nebraska field was all right for the former gridiron, but a new name should be used

improvement. And if we do not leave the university much improved we have failed in what we set out to accomplish. Opportunities for improvement are forced upon us while we are students, and he who makes the most of these opportunities is best rewarded.

But even before we can take up our work, and strive for earnestly to do our duty after these noble reflections, comes a freshman—or even a senior, saying: "Bosh! I am here because I was sent by a fond parent who knew not what else to do with me." Even so, the parent looks for you to return to him improved, and better fit to take
