**THE FORUM**

To the Editor of the Nebraskan:  
 I would like to say a word or two in regard to the interclass meet, mentioned in yesterday's "Rag." Though I do not know what will be the attitude of the freshmen, as a class, toward the sophomore challenge when it comes, I would like to say, as an individual, that I am heartily in favor of the plan.  
 Class spirit and class rivalry are all right, if not carried to extremes. University spirit should come before anything else, and I think this meet would encourage that spirit, for the plan seems partly intended to give the captains of the track team a line on material in the sophomore and freshman classes.  
 As I understand the Olympics, we simply won the right to wear caps, and I much regret that a few freshmen have assumed that we won more than that. Some of the sophomores have used the actions of these few freshmen as an argument against the whole class. So a meet in which the question of class supremacy was eliminated would be beneficial to the spirit of both classes. Besides this, it would, as I have said before, promote university spirit, in that the sophomore and freshman classes would work together, in harmony, for the betterment of the track team, which represents not a class, but the university.  
 Respectfully yours,  
 A FRESHMAN.
