Prof. John W. Coulter, head of the botany department in the University of Chicago, and editor of the Botanical Gazette, sent a letter to Dr. Bessey expressing his regret over the death of Professor Phillips, who was a frequent contributor to the Gazette, and as such became known to Professor Coulter, who is one of the leading botanists of the country.

MILITARY BALL PLANNED.

Hathaway to Manage Big Cadet Dance—Cain Is Master of Ceremonies.

Plans are now being made for a military grand ball to be given soon after Easter vacation. It will probably replace the two small dances given in former years by the Officers' club and by the non-commissioned officers respectively. The military ball will be a new ovation at Nebraska, but it is thought it will be a great success.

The committee in charge of the new military event has for its chairman Capt. Harry C. Hathaway. Sergeant Harry N. Cain is to be master of ceremonies. Captain David White, Lieutenant-Colonel Harold W. Coulter, Major Frank Rhode and Sergeant Victor Krause are members of the committee.

NO SERVICES IN LINCOLN.

Body of Professor Phillips Taken to Cedar Rapids.

The body of Professor Frank J. Phillips was sent to Cedar Rapids, Ia., last evening, where the funeral services and interment will take place. No services were held in Lincoln. The body was taken to the rooms of Castle, Roper & Matthews yesterday afternoon and lay in state from 4 to 5 o'clock. Many students and friends viewed the remains.

Professor Phillips' brother arrived in the city about noon yesterday and the funeral arrangements were made as soon as possible. Cedar Rapids is the old home of Professor Phillips. Mrs. Phillips' relatives have been here since Monday. The notes left by Mr. Phillips give no further reason for his suicide. The one to his wife expressed the desire that their son should grow into an upright man and the one to his mother concerned insurance matters.

At Yale, Phi Beta Kappa elects to membership those who attain an average standing of 330 on the work of Junior and senior years, 400 being the maximum.

Through a recent ruling of the Stanford faculty, women's basketball has been discontinued as an intercollegiate sport of that university. The reason for this action is given to be the fact that not enough interest has been taken in the game.

The Wright brothers are lending an aeroplane motor to the aeronauts of Michigan for experimental purposes. Undergraduates have already constructed several different types of planes and the motor is to be tried in each one to test their relative merits. Prizes will be given the most successful machines.

Dean C. E. Bessey received a letter from Mr. C. A. Scott, Kansas state forester, expressing his deep regret over the death of Professor Phillips. He was intimately acquainted with him, and in his letter says, "It is a terrible blow to me, for I regarded Phillips almost as a younger brother."

Chancellor Avery has authorized the removal of the university herbarium from University hall, room 102, to the museum. The herbarium, which is the result of twenty-six years' collecting by Professor Bessey, is made up of over 220,000 specimens, many of which could not be replaced if destroyed. Under the directions of Professors Barbour and Bessey, the herbarium will be moved to the fire-proof museum. This is a difficult task and will take considerable time.

Columbia and the University of Paris will exchange professors.

to view the remains yesterday afternoon. There were many floral offerings. The American Society of Foresters of Washington, D. C., sent an enormous bunch of white lilies. The Forestry club also sent an appropriate offering. Professor Sponsler accompanied the remains to Cedar Rapids as a representative of the university.
