TO STAY.

That University Night has come to stay almost goes without the saying since the performance Friday night. The fact that the Temple theater would not hold all who came to see shows that the student body is in sympathy with such a move. The rounds of applause that greeted the different numbers prove that the program was what was wanted.

The impersonations were worked out in a clever manner. There was nothing at which any one would take offense. On the contrary those present who saw themselves portrayed on the stage seemed to appreciate it. It was the proper spirit and there is no reason to believe that any other will be in evidence so long as the standard of last Friday night is maintained.

Too much credit can not be given

little surprised last week when he discovered that although he had passed the civil service examinations, he could not enter the service because of his citizenship. Mr. Boyce's parents emigrated to Ireland and later returned to this country. John Boyce was born in Ireland. His father took out his first naturalization papers but neglected to take out the second, and as a consequence his son is not a citizen of the United States. In order to make matters right, both father and son have applied for papers. Mr. Boyce has done extensive field work in the forestry department, having been located at Flagstaff, Ariz., for the past year.

PHI KAPPA PSI CONVENTION.

Annual Banquet—Thursday Evening and Party Friday.

Phi Kappa Psi will entertain the fifth district convention of that organization this week. Delegates from Leland Stanford, California, Minnesota, Wisconsin, Iowa, Missouri and Kansas universities and Beloit college will be guests of the local chapter. The annual banquet will be held Thursday evening at the Lincoln hotel, and the annual party the following evening. A large alumni representation is looked for on both of these occasions.

SPEAKS ON PLAYGROUNDS.

Massachusetts Man Makes Plea for Healthier Conditions.

Professor Curtis of Clarks university yesterday addressed a large gathering of students in the teachers college on "Playgrounds." The professor is an earnest advocate of this method of keeping the children in good health and asked the help of the future teachers present in spreading the work. The talk was much enjoyed by those present.

CONVOCATION CHANGED.

the committee appointed by the Y. M. C. A. who had charge of the entertainment. Their task was anything but small and they have acquitted themselves in a manner that has pleased the entire university public. They have, indeed, set a high standard for those to come up to, who may undertake the preparation of a University Night in the future.

The few numbers given by the Glee club at the University Night entertainment may well be taken as a hint of the excellence of the concert to be given at the Oliver theater March 3.

Kansas has fallen into line on the baseball proposition and wants a special meeting of the conference board. Let a few more of the Missouri Valley schools back her in this move and we may have a baseball season yet. Now is the time to act, and everyone should get busy.

Still the mighty axe of the delinquent committee continues to trim the registration.
