

NEBRASKA INCLUDED.

Agricultural Students May Compete for Dupont Prizes.

The E. I. Dupont Powder company of Wilmington Delaware, offers the following prizes for the best essay submitted by agricultural students from Ohio, Indiana, Kentucky, Michigan, Wisconsin, Illinois, Minnesota, Iowa, Missouri, North Dakota, South Dakota, Nebraska and Kansas, on the subject, "Subsoiling with Dynamite": first prize, \$300; second, \$200; third, \$100. In addition to these prizes the one submitting the best paper in the United States will receive a useful premium valued at \$100. Prof. L. W. Chase of the department of agricultural engineering has the matter in charge for Nebraska students. Those desiring further particulars should see Professor Chase at the university farm.

PHILLIPS' WORK APPRECIATED.

Society of American Foresters Passes Resolutions.

The Society of American Foresters, the leading organization of its kind in America, has passed resolutions recording its appreciation of the late Professor Phillips' achievements as a forester. Copies of the resolutions have been sent to Professor Phillips' relatives and to all the leading foresters of the country.

In a letter to Dr. Bessey the secretary of the society says: "I need hardly tell you with what a terrible shock the news of Professor Phillips' death struck us. His many friends in this society and in the forestry service will feel his death an irreparable loss."

RELAY RACE CARNIVAL.

Distance Will Probably Prevent Nebraska's Entry.

The university athletic department is in receipt of a publication from the University of Pennsylvania regarding the annual intercollegiate and interscholastic relay race carnival, to be held on Franklin field the last Saturday in April. This is the seventeenth event of the association, and customarily is open to all the colleges and universities in the United States and Canada. There will be three races to determine the college championship of America. Nebraska heretofore has not entered in this contest because of the distance, and, although no definite action has been taken, will probably not do so this year.

The University of Michigan is offering a course in "gold bricks," to guide graduates against fraudulent investments when they leave college.

Walter Fisher, considered by Walter Camp one of the best linemen in the east, has been elected captain of the Harvard football eleven for next season.

Stetson Hats

Just the mere fact that we offer you Stetson Hats is proof enough that the best hat values are found at this store.

Let us show you the new Stetson Hats.
