NEBRASKA-IDAHO CLUB.

One Hundred and Fifty Members Hold Celebration.

Chancellor Avery and Dr. Bessey recently received a letter from E. E. Gillispie, secretary of the Nebraska-Idaho club. A short time ago 150 members gathered to pay homage to the memory of the two presidents whose birthdays came in February, Washington and Lincoln. Of the club Mr. Gillispie says: "This organization, although started as a state organization, contains about twenty U. of N. men, who make all our meetings hideous (?) with Uni. yells and songs. Our decorations are golden rod and scarlet and cream, the latter always predominating." Enclosed with the letter was a press clipping of the banquet, at which were given the following toasts: "Lincoln—the Holy City," "Lincoln, the City Exemplary—the Capital of Nebraska."

Eames to Take Party to Europe.

Henry P. Eames, who is to conduct one of the parties of the Bureau of University Travel to the "Home of Music and Musicians," in Europe, the coming summer, has received word from his friend, Norman O'Neill, secretary of the Association of British Composers, that the association will give the party an evening concert at their London headquarters between July 11 and 16. Mr. O'Neill is the composer of the incidental music to Maeterlinck's "Blue Bird," and this courtesy will enable members of the party to meet some at least of the most eminent British composers of the day. Mr. Eames has just announced his five lectures on "Wagner and His Operas of the Niebelungen Ring," to be given on consecutive Sunday afternoons, commencing March 12, at his studios.
