

CADET BAND CONCERT.

Prepare for Concert to Be Given in Honor of Legislators.

The University Cadet band is spending all its spare time in preparing for the concert to be given March 23. Every two years such an entertainment is given in honor of the legislators and during the past has been successful to a high degree. At the present time there are sixty pieces in the organization and all will take part in the program.

In order to defray the expenses a general charge of fifty cents will be made. The governor and the legislators will be the guests and efforts are being made to get the university public to attend.

NEW DEBATING SOCIETY.

All Who Have Represented Their High School Eligible.

A new organization of debaters is the latest addition to the role of societies at Nebraska. Last night students, who have represented their high school in debate, met and partially perfected an organization which will probably be known as the Nebraska League of Debaters. A committee was appointed to draw up a constitution and another meeting will be held in two weeks, when a larger attendance is expected. About twenty well known debaters attended the meeting last evening.

Notice.

The following conditions will be observed by all persons making use of the tennis courts situated west of the library:

The east court is reserved for the use of the varsity squad, to be composed of not less than six men. When not used by squad members, it is open to all. Court No. 2 is not placed under any restrictions. Court No. 3 will be reserved to the use of the ladies. When it is not being used for that purpose it is also open to all.

Inasmuch as heretofore the courts have been kept up by the tennis association and dues have been collected from its members for that purpose, for the remainder of the current year, members of the tennis association have a prior right to the use of these

courts over persons not members of the association.

The manager of the tennis association is given authority to carry out these provisions.

CHAS. E. CHOWINS,
Supt. of Grounds.

Field Geology 21.

One section of the class will make the studies of lower Platte valley Friday and Saturday of this week. All who wish to go at this time should see the undersigned at once.

N. A. BENGTON.
