NEW LOCATION FOR Y. M. C. A. SUMMER CONFERENCE

NEBRASKA WILL SEND A LARGE DELEGATION.

ESTES PARK INSTEAD OF CASCADE

Many Good Speakers to Address Meetings—Time for Athletics and Sight-Seeing.

The annual summer conference which has formerly been held at Cascade, Colorado, will be held at Estes Park in June this year. The states represented will be Nebraska, Kansas, Colorado, the Dakotas, Wyoming, Utah and New Mexico. The exact date is June 9 to 19.

Well Known Speakers.

It is planned to secure the very strongest speakers for the conference this year. Addresses will be given by John R. Mott, Fred B. Smith, E. T. Colton, Chas. D. Hurrey, Harrison Elliott, Frank T. Bayley, Dad Elliott and Bishop Wm. F. McDowell.

The regular order of events will be carried out. The entire afternoons will be given over to athletics and sight-seeing, and the mornings and evenings will be reserved for classes and platform addresses of the most helpful nature. The expenses will be reasonable and the trip will be a splendid one to take at the close of a year's hard work in the university.

GUY C. KIDDOO
President Elect.

Y. M. C. A. OFFICERS FORMALLY INAUGURATED THIS EVENING

Tonight at 8 o'clock, in science hall of the Temple, will be instituted an innovation in university Y. M. C. A. affairs. Previous to this year the new officers have taken charge of their work without special service, but beginning tonight a regular installation of officers will be adopted by the Association. This service will follow in many respects the installation program of the Y. W. C. A., which occurs the first of March each year.

Plans for Service.

Plans for this service have been under way for some time. It is the intention of those in charge that the service shall be as impressive and elaborate as possible. With this end in view, Acting Secretary Kendall and President Rice have spared no efforts to make the program a good one.

Personal invitations have been given as many men as could be reached. It is hoped that all men of the university will respond to the call. Written invitations have been sent to the faculty men and it is thus intended to give them an opportunity to see the large work that is being carried on by the Association.

Reports.

Professor Barker, chairman of the board of directors, will preside at the meeting. He will give a few introductory remarks, presenting in part the work as it is seen by a member of the faculty. Each committee chairman will next make a short, concise report of all the year's work in his department. It is obvious that these reports will prove interesting, as many new methods of work have been installed during the present administration. Furthermore, the Association work shows a great growth. Especial-

ly is this true regarding the membership and employment departments.

After reading the reports Merlin Hare will give a short sketch of "Our New Constitution." Mr. Hare was the chairman of the committee which drafted the new regulations, and as such is qualified to speak on this subject. He will explain the new features and how they have worked out.

President's Resume.

The retiring president, Roy E. Rice, will give a resume of the year's work. Guy C. Kiddoo, president-elect, will then be formally inaugurated. Mr. Kiddoo will make a short talk, outlining the work for the next year, after which he will read the appointments of the new committee chairmen, which compose the council.

Addresses will then follow from C. M. Mayne of the city Association and by Chancellor Avery.

The Program.

The program in detail is as follows:

- Prof. Barker presiding.
- Short talk—Prof. Barker.
- Bible study report, John Rippey.

- The year's work, Ray Rice.
- Speeches—
- C. M. Mayne,
Chancellor Avery.
- Appointments, Guy C. Kiddoo.

PERSONNEL OF THE BOARD

NINE ARE OUTSIDE MEMBERS AND EIGHT ARE CHOSEN STUDENTS.

The election of the new members of the board of directors makes its personnel as follows:

Non-student members—

For one year—Prof. F. D. Barker, chairman; C. M. Mayne, of city Y. M. C. A.; Prof. A. D. Bengtson.

For two years—Dr. B. T. Payne, Prof. A. A. Reed, Dr. C. M. Poynter.

For three years—L. J. Marsh, Chas. Fordyce, Dr. I. F. Roach.

Student members—

Members re-elected—E. W. Nelson, Will Forbes, Randall Curtis, Harry Ankeny, A. W. Field.

Newly elected members—D. M. Rogers, E. H. Hahn, Guy C. Kiddoo.

TEACHERS IN GREAT DEMAND.

Bureau of Recommendations is Seeking Men for Good Jobs.

An unusual demand is being made on the Teachers College for teachers for the coming year. There will be sent out in June from the various colleges through the training given in the Teachers College, about 150 teachers. Requests have come in for all of these during the last two weeks, and most of them have already been nominated for the positions for which their aptitude and special training fit them.

The supply of science teachers is entirely inadequate to meet the demand. Many calls are on file in the office of the bureau of recommendation for men to take positions as principals and superintendents of city schools at good salaries. The number qualified for such positions is already exhausted. If there are others fitted for such work who desire to enter the field of teaching, they should report at an early date to either Professor Reed or Dean Fordyce, of the bureau of recommendation.

FIRST REGIMENTAL PARADE.

Cadets Appear Thursday Dressed in Full Uniform.

The first regimental parade of the year was given on the athletic field yesterday evening at the regular hour of drill. This parade had been postponed several times because of bad weather, but was held last night regardless of the threatening clouds. The university cadets have developed to a good degree the smaller technicalities of military science and tactics and gave a parade favorably representative of the department. The suits and equipment of the cadets are more uniform this year than ever before, including the "spectacular" white collars and gloves. From now on, the weather permitting, some ceremonial exercise will be held every Tuesday and Thursday afternoon on the athletic field. These will include both battalion and regimental parades.

NEARLY FORTY NEBRASKANS WORK IN FOREIGN FIELDS

UNITED STATES TOO SMALL TO HOLD INFLUENCE.

MORE ARE GOING NEXT YEAR

Specializing in Christian Work Upbuilding Social and Spiritual Life of Orient.

It is indeed a surprise and a gratifying one to know how well the University of Nebraska is represented in other countries in various forms of work. The majority of these former students are specializing in Christian work in building up the social, intellectual and religious life in the Orient and elsewhere. Some are engaged in the medical profession, others in teaching, and still others in preaching and association work. At the present time the following are in the field:

Foreign Workers.

- James Harvey Worley, '90, '92, Kucheng, China.
- Frederick Wm. Voss, '86, Necaxa, Mexico.
- Roy George Coddling, '88, Khardi, India.
