

NEW SPECIMENS ARRIVE.

Botany Department Receives Plants from West Australia.

The botany department has received eight specimens of West Australian plants. The plants were two months on the way, coming as far as the United States by means of parcels post, the express taking them the remaining distance. Since specimens from West Australia are very scarce, these plants were very acceptable. Two hundred specimens of North American Uredinales were recently received by the same department.

Field Geology 21.

Platte valley excursion will be made Thursday to Saturday, April 13 to 15, inclusive. Members of the class should see me before Wednesday noon for instructions.

Your Patronage Solicited

We are showing some very attractive styles in suits for young fellows this season, something out of the ordinary; styles that you will fall in love with at first sight.

See our new soft front effects, long roll lapel, the smartest thing shown this season.

New browns and grays with penciled stripes and the new Oxford blues are especially good.

Come in and try them on, you will want one for Easter.

Judge Men by What They Are

and Not by What They Wear

but that is no reason why you should be careless about what you wear. That's the way any man ought to feel about it. Now we want you to be well dressed, so we have provided for you distinguished looking clothes, and when we get you into them you'll be a distinguished looking man. Such clothes as these are an inspiration to better work; they make a man worth more to himself and to the city. Men ought to wear good clothes. You'll be pleased with the clothes we have here for you; you'll like the all-wool quality and the extra good tailoring. You'll be interested in the new weaves, colors and models. You'll like, too, the very fair prices.
