**YOU'RE** going to see this spring—and wear we hope, some of the smartest clothes ever offered to the well dressed men of this town. You'll see them in our store now; and a little later you'll see them on the men who know what good clothes are.

## Hart Schaffner & Marx

clothes---we're talking about them---are made for men of the most critical taste and discrimination. Everything about these goods is exactly what you would have it, if you were to specify all the details of your own garments. They're clothes made for the wearer, and in his interests; not simply made good enough to sell.
