committee was also chosen this morning to co-operate with the men.

Kinds of Dandelions.

Dandelions are of two species on the campus. There is the big-headed kind that has greenish "seeds" and coarser leaves. It has been here many years. The other is small headed and its "seeds" are red, while its leaves are more finely cut and slashed. It is a recent immigrant. Both are foreign invaders that came from Europe to America in the early days and have spread westward. Originally they came from Asia. Drive out the yellow Asiatics.

Committee Meets Again Today.

A ten minute meeting of the entire Dandelion day committee will be held today at 11:50 o'clock in room 102 University hall. Every man and woman whose name appeared in the list published yesterday should be present. It will only take ten minutes, but every member should be on hand.

By order of

- C. E. BESSEY,
General Chairman.
- E. H. HAHNE,
Chairman Men's Committee.
- MARY GRAHAM,
Chairman Women's Committee.

GRAND REVIEW AND PARADE
MOST ELABORATE MILITARY EXERCISE EVER HELD AT NEBRASKA.

One of the most elaborate military exercises ever held at Nebraska occurred yesterday when the Spanish-American war veterans reviewed the regiment. There were about 250 veterans present and all loudly applauded the skill of the cadets. The regular regimental parade and review took place on Nebraska field, and great improvement was manifest throughout the exercises.

After the review the seven companies, range detachment and band in full parade order escorted the veterans to their headquarters at the Lindell hotel. The companies lined up in regimental formation in front of the hotel and gave the military salute. They then marched back to the armory.

VESPERS FOR TODAY.

Tired Laborers May Attend Restful Meeting at 5 O'clock.

The last vesper service of the season will be held at 5 o'clock today. The dandelion program will be over by that time and the service will prove restful to the tired workers. The chorus and string quartet will furnish the music.
