CANDIDATES FOR ELECTION TO THE ATHLETIC BOARD

A Brief Summary of Each Man's Achievements.

ELEVEN TO BE CONSIDERED

Male Students Who Successfully Completed Twelve Hours Last Semester Entitled to Vote.

At the athletic board election next Monday, men of the university will choose five students to serve on the board of control for the season of 1911-12. Eleven prominent men have filed requests with Dr. Clapp to have their names placed on the ballot. Of these eleven men, nine are fraternity men. Only two candidates, "Stub" Hascall and O. W. Miller, are not fraternity men.

Inquiries are being received as to just who may vote at this election. Male students of the university who successfully carried twelve hours of university work last semester and are qualified by work done this semester are considered voters at the athletic board selections. The eleven men who have filed for a place on the ballot are as follows:

The Candidates.

L. R. Anderson, Phi Delta Theta, is a member of the Nebraska track team. Louie is a long distance runner and is a good supporter of all other athletics.

H. R. Ankeny, Delta Chi, is also a track man. Harry has been prominently connected with the athletic committees in his class and is a booster for the greater university spirit.

Sam R. Buck, Phi Gamma Delta, is a newspaper man of experience.

W. T. Carrol, Kappa Sigma, has taken an active interest in athletics. Wayne is a first-class Cornhusker roofer.

Owen Frank, Sigma Alpha Epsilon, is both a football and basketball star. "Turp" has always been there with the goods. He is at present a member of the athletic board, serving by appointment to fill out the unexpired term of S. V. Shonka, who withdrew from the university for one semester.

E. S. Munson, Alpha Tau Omega, holds the university broad jump record. He was a member of the track team last year and is doing good work again this year.

A. H. Hiltner, Alpha Theta Chi, played center on the varsity basketball team this year. "Art" is a Lincoln man. He has made good at the university.

W. L. Bates, Delta Upsilon, is a two-miler. He is a junior and was president of his class the first semester of this year. He won his "N" in track last year. Verne or "Bill" as he is known by both names, was also a member of the varsity cross country team of 1910.

R. M. Switzer, Phi Kappa Psi, is an Omaha man. He is well known as an athletic newspaper critic, being local correspondent for Denver, Omaha and St. Paul papers, and is at present connected with the Lincoln Star.

V. C. Hascall, better known as "Stub," is one of the two candidates

who is not a fraternity man. He is a junior law student, made his "N" in football and has been connected with university class athletics in the capacity of coach and manager.

O. W. Miller, a prominent wrestler, is also a candidate, being a nonfraternity man. Miller is a freshman law student, coming to Nebraska last fall from the University of Iowa.

MANY INQUIRIES FOR WORK.

Employment Bureau Urges Early Applications.

The student employment bureau is a busy place these days according to the mail carrier who makes the deliveries. Responses to advertisements for summer positions are coming in and the men who care to take advantage of the opportunity had better make application for summer employment at once. The best jobs will be given to those who apply first. The returns from the letters sent out to men asking for reports on outside work done have been very satisfactory. A few, however, have forgotten to make a report.

Y. M. C. A. SENIORS MEET.

Decide to Support University Association After Graduation.

A committee of senior Y. M. C. A. men met last night to discuss the policy of their support to the local association after graduation. It was decided to ask every senior who could

be interested, to make a subscription of \$5.00 payable on or before March 1, 1912. Nebraska's alumni have always been loyal to the Y. M. C. A., and the class of 1911, from the spirit shown last night, seems to be no exception.

Seniors always have visions of a fat pocketbook after graduation when the hard times of student days are over. The association budget will increase \$500 next year and it is up to the class of 1911 to furnish the larger part of that amount.

THE BIBLE STUDY COMMITTEE.

Decide on Four Courses of Study to Be Offered Next Year.

The Y. M. C. A. Bible study committee met last night in the basement of the Temple. After lunch the committeemen set themselves to the task of outlining the courses for next year. A large work will be done and it is planned to have at least four courses offered. One of them will be particularly adapted to first year men and others will be especially for men in the upper classes.

Plans are now underway for meetings of the normal training class yet this semester. Heretofore this class has not been organized until fall, but it is thought that this throws the opening of Bible classes too late in the semester. The committeemen and prospective leaders are more than enthusiastic over the outlook for next year.

FIVE STAR AGGREGATION IS COMING FROM KANSAS

COACH FIELD THINKS NEBRASKA MAY WIN.

SCORE WILL BE CLOSE AT BEST

The Jayhawkers Depend on Famous Quintet to Overcome the Cornhuskers Next Saturday.

"I think we will beat them, but not by a large majority of points." Such was the statement yesterday made by Coach Field of the University of Nebraska when interviewed concerning the Kansas-Nebraska track meet to be held on the Nebraska athletic field Saturday afternoon, May 6.

Kansas in Condition.

Rumors from the Kansas side-lines are to the effect that Kansas is coming prepared for a general "wipe-out" next Saturday. Their team, commonly called the "five-star aggregation," is one of the best in the Missouri Valley conference. Constituted chiefly of five star track men, although several other bits of good material are present, the team represents some of the best track athletes ever slated against Nebraska. The Woodbury brothers, famous in the Jayhawk camp, are two of the best on the team, excelling especially in the high hurdles and pole vault. Roberts is a notorious merchant of the short speed variety, having passed Reed, the Nebraska captain, both in the hundred and fifty, making the latter victory at the Omaha indoor meet.

French of Kansas is a sweepstake high jumper, being unduly qualified in the very event in which Nebraska is materially weak. Hamilton, the fifth spoke of the Jayhawk wheel, presents a great record in the quarter-mile event and is apparently able to duplicate his mark at will. With this short resume of the best representatives of the neighbor-state aggregation, it is evident that Nebraska will have ample competition in the Saturday meet, and that this meet, the only one of the conference series to be held at Nebraska, will be one of the most closely contested and interesting of the series.

Out of Order.

It is difficult to review the Nebraska situation without appearing to concoct "bear stories." Aside from the entrance to the Ames meet, Nebraska is in as poor a condition to undertake a conference meet now as at any other time of the season. Four men, Reed, Linstrum, Munson, and Powers, are seriously handicapped. Captain Reed has been stiff ever since the Aggie event and does not seem to be improving in form; Linstrum is laid up with a sprained ankle, and Munson and Powers are both on the "bad-order" list. Aside from these valuable timbers of the team, the men are in fairly good condition for the Kansas meet and appear to be craving for some more of the "Rock-chalk, Jay-Hawk" plunder.

Everything has been done to make the Saturday meet one of the fastest
