

**APPLICATION FOR WRIT OF NE EXCEAT.**

To the Honorable Judges:

Chancellor Samuel Avery, Dean W. G. Hastings, the faculty and students of the college of law of the University of Nebraska, situated in the city of Lincoln, Lancaster county, Nebraska, bring this their bill of complaint against the alumni and former students of the college of law of the University of Nebraska, situated in various parts of the United States, and thereupon your orators complain and say that heretofore, to-wit: at various commencement times a certain bunch of beardless youths, then and there pretending to have sufficiently qualified themselves to be admitted to the practice of law at the bar of said state, and then and there having sufficient audacity to influence the gulleless judges of the courts of said state (and justices of the peace), to believe their protestations in that behalf they were by reason of said action on their part, admitted to practice law as aforesaid, and ever since said time have jointly and severally held themselves out to the public as worthy of its confidence, esteem and patronage as lawyers, "and against the peace and dignity of the state of Nebraska, etc."

And your orators further say that notwithstanding the fact that each and every one of said fellows, composing said bunch, has received and continues to receive a fair moiety of the emolument of his profession and has frequently had divers and sundry scraps with others of said bunch at their clients' expense, they have nevertheless jointly and severally, grossly, wantonly and cruelly neglected to cultivate among themselves those saving amenities of social life, which become members of the honored profession to which they have lent the dignity and grace of their abilities and to a fair share of which said social amenities your orators, the present incumbents of the institution which gave you knowledge feel they are entitled.

To the end that our orators may obtain the relief to which they are justly entitled in the premises, they now pray the court to grant them due process requiring and commanding each and every respondent to appear at the jollification grounds of your orators, namely Capital Beach, in the city of Lincoln, on the tenth of May, at the hour of 10 a. m. sharp, then and there to take that which may be handed to each of them as they stroll about and chat of the olden days when they were boys.

And your orators further pray that the said respondents and each one of them by writ of ne exeat be forbidden to leave the jurisdiction of the city aforesaid until after the date above written, and that they be severally and perpetually enjoined from ever afterwards demeaning themselves in the unsocial fashion herein complained of.

And your orators further pray for such other relief as may be just and equitable.

(Signed) DEAN HASTINGS,  
Solicitor Pro Se.

**Athletic Board Election on Monday an Important All-University Affair.**

The athletic board election will come off Monday. It is the most important election of the entire university year, the five men being chosen to shape the policies and guide the destinies of university athletics. In co-operation with the faculty members of the board and on alumni representative these five men elect the manager of athletics and control his actions.

It is, therefore, an election in which all eligible university men should vote.

Although it has been stated on good authority that two of the candidates are members of Theta Nu Epsilon, no fight is apparently being made against them. In some years past the athletic board has been practically controlled by this interfraternity "frat," but this year the board has not been composed of T. N. E. members. A complete list of the candidates for athletic board appears elsewhere in this paper.

**CORNHUSKER TO THE PRINTER.**

**Work of Editorial Staff is Now Practically Completed.**

Practically all of the material for the 1911 Cornhusker has gone to press. The editorial staff has its work about all done and the time it will take to get the book out now depends on the progress made by the printer. The management refuses to give out any statement as to the definite time when the annual will be distributed. But barring accidents and the unforeseen difficulties which sometimes arise the jokes and pictures will be in the hands of the subscribers in two weeks.

The main feature about the book is the large number of illustrations and the pointed jokes. No one person is singled out to bear the brunt of the whole attack. These so-called jokes are somewhat pointed and touch the eccentricities of some individuals in no ungentle manner.

There were many who delayed ordering, thinking that a Cornhusker could be had at any time. But such was not the case and many have been disappointed. There is an order in for every book that will be printed. Absolutely no more subscriptions will be taken. The only possible way to obtain a book is to buy it from a subscriber.
