## JAYHAWKERS TRIMMED BY NEBRASKA ATHLETES

### CORNHUSKERS CAPTURE EXCIT- ING RELAY EVENT.

### CAPTAIN REED MAKES GREAT RACE

May Gets First in the Hundred and  
Russell Places in Hurdles, Vault  
and High Jump.

Nebraska took the annual dual track meet from Kansas last Saturday by a score of 62 to 48. There were several surprises and both the Jayhawkers and the Cornhuskers failed to take places for which they were doped. In the sprints the southerners were unable to take a first, but in the two-mile took both places and got first in the mile.

By a plucky sprint in the last few yards Becker came in for a second in the half mile, with Anderson in the lead. The same feat was repeated by Amberson in the quarter. The first real surprise came when Anderson was unable to pass Watson in the mile and secured only a second. This was largely due to the strenuous half which the Nebraskan had run a short time before.

#### Collins Takes Seconds.

It seemed to be Collins' off day, and he was unable to come up to his usual form in either the discus or the shot put, securing a second in both. In the low hurdles both Kansas men fell and allowed Power to win with comparative ease. It was not expected that Russell would be able to take the high hurdles, but he ran a close second.

The most exciting event was the relay. If Nebraska should win the meet was a sure thing, and the spectators went wild. Fairchilds gained a little on Gibson and the long-legged Gribble secured a lead of fifty feet. Amberson cut this down by a sprint at the finish and Black was off with a good start over Captain Reed. The latter ran his usual heady race and crowded his opponent into the curbing for three-fourths of the way around, when he passed him and reached the tape with five feet to spare.

The wind kept the time down and no records were broken. Osborne of Kansas ran the two-mile in less than the Nebraska record. The results follow.

Half mile—Anderson, Nebraska, first; Becker, Nebraska, second. Time, 2 minutes 2 3-5 seconds.

100-yard dash—May, Nebraska, first; Davis, Kansas, second. Time, 10 2-5 seconds.

120-yard hurdles—C. Woodbury, Kansas, first; Russell, Nebraska, second. Time, 16 1-5 seconds.

220-yard dash—Reed, Nebraska, first; Davis, Kansas, second. Time, 22 1-5 seconds. Tied Nebraska record.

One mile—Watson, Kansas, first; Anderson, Nebraska, second. Time, 4 minutes 44 3-5 seconds.

220-yard hurdles—Power, Nebraska, first; H. Woodbury, Kansas, second. Time, 27 seconds.

440-yard run—Reed, Nebraska, first; Amberson, Nebraska, second. Time, 51 1-5 seconds.

Two-mile run—Osborne, Kansas, first; Murray, Kansas, second. Time, 10 minutes 15 3-5 seconds.

One-mile relay—Nebraska, first; Kansas, second. Teams—Nebraska, Gibson, Power, Amberson and Reed; Kansas, Fairchilds, Gribble, Hamilton

and Black. Time, 3 minutes, 33 3-5 seconds.

Pole vault—C. Woodbury, Kansas, first, height 11 feet 3 1/2 inches; Russell and Lindstrum, Nebraska, tied for second, height 11 feet 1 1/2 inch.

Throw discus—Harmón, Nebraska, first, distance, 115 feet 2 inches; Collins, Nebraska, second, 114 feet, 6 1/2 inches.

High Jump—French, Kansas, first; Russell and Christmas, Nebraska, and Woodbury, Kansas, tied for second. Height, 5 feet, 9 inches.

Shot put—Ammons, Kansas, first,

distance, 37 feet, 4 1/4 inches; Collins, Nebraska, second, 37 feet 2 inches.

Broad jump—Wilson, Kansas, first, distance, 20 feet 1 inch; Munson, Nebraska, second, 19 feet, 9 1/2 inches.

#### Notice.

Seniors are notified for the last time that commencement invitations must be ordered today. This is the last day in which orders will be taken as the order for the printing has to be sent in immediately. Orders will be taken at the library all day Tuesday.

H. O. CUSACK.

## HEREAFTER FINAL EXAMINATIONS GIVE WAY TO CLASS STANDING

At a special session on Saturday morning, May 6, the university senate passed the following rules, drafted by a committee previously appointed to consider the general matter of holidays in relation to class attendance.

Single holidays, half holidays, and other major periods of time during which classes are to be dismissed shall be distributed for the academic year among the days of a week with as much fairness as possible to the classes involving 2, 3 and 5 hours groupings. All such periods shall be granted only by the university senate except that on extraordinary occasions the committee on convocations may call a special convocation or rally subject to the approval of the chancellor.

Eleven to twelve on Tuesdays and Thursdays are to be kept open, and rallies, class meetings, etc., are to be scheduled for these hours, so far as possible. No class lectures or recitations will be scheduled for these periods.

The registrar before or early in each semester shall furnish each officer of instruction with a bulletin calendar showing especially all holidays, half-holidays, rally periods, and other determinable periods of time wherein classes are to be dismissed.

After September 1, 1911, sessions of class work of the second semester shall hold regularly until 6:00 p. m. Tuesday of commencement week. Semestral or examinations in any semester, if held, shall be during the last regular class sessions.

Two weeks before any day on which for each semester the faculties meet for the recommendation of candidates for degrees, officers of instruction are required to report to the registrar the standing of all senior candidates for degrees at the close of the semester. Standings are to be based on such examinations given at this time as may be deemed necessary to make definite and proper report.

Full attendance until the close of the semester is required of all seniors and the final standings reported are subject to the rule that each unexcused absence in any semester may, in the discretion of the instructor, deduct three points from the final grade.

The purpose of rules 1 and 2 is not to diminish the customary number of holidays, rallies, student meetings, etc., but to so apportion them that the periods of no one class or group of classes shall be disproportionately diminished. Heretofore, it has been found, certain periods on certain days have been unduly favored for recesses, seriously discommodating the work scheduled for these hours. Rule 2 provides for two open hours weekly upon

which, it is expected, rallies, class meetings, and special assemblies of any sort, will be customarily held. No classes (lectures or recitations) will be scheduled at these hours, although it will be necessary to keep open many laboratories during these periods, owing to the demand on laboratory accommodations.

Rule 3 provides for the formal preparation and dissemination of schedules in advance, to be placed in the hands of the teaching force, so that each instructor may accommodate his semester's work to the general schedule. It is recognized that not all recesses can be foreseen, and it is to provide for the special occasion that the rider is attached to rule 1, placing the granting of each special recess in the hands of the chancellor and the committee on convocations.

The object of rule 4 is to place all examinations on the same footing as mid-semester examinations and ordinary tests. After the close of the present semester, there will be no formal examination week as heretofore, each instructor giving such examinations as he sees fit in the course of the regular class sessions. It is recognized that most of these will fall in the last sessions of the semester, but it is not contemplated that this shall in any degree affect other classes or other class work. The general effect of this rule, so far as the student is concerned, will be to throw more weight upon class work and less upon examinations in the determination of his standing.

Rule 5 adapts this system to the case of seniors. Two weeks before the semester closes all seniors' standings will be placed in the hands of the registrar, subject to the deduction of three per cent for each absence from class, without adequate excuse, during the last two weeks. This means, of course, that a senior near the danger mark will fail of his degree if his class work seriously lapses during this period.

The new system will involve some modifications of the present registration system. Accordingly the senate passed a resolution requesting the chancellor to appoint a committee to consider the problem involved in advising and registering students. This committee is expected to report early in the autumn.

The general effect of these rules will be to lengthen the school year, by increasing the actual number of session days and session periods, without altering the time of opening and the time of closing. It will also obviate the usual loss of time just previous to the June commencement, classes holding until Alumni day.

## FIVE MEN ELECTED TO THE ATHLETIC BOARD

CAMPAIGN IS COMPARATIVELY  
QUIET AND FRIENDLY.

### OWEN FRANK POLLS HIGH VOTE

Anderson, Hiltner, Bates and Ankeny  
Get Places—Summary of  
the Results.

The athletic board election yesterday will pass into history as the most quiet campaign ever conducted at Nebraska. The usual mud-slinging which has been much in evidence during the last few years was entirely dispensed with and a most friendly spirit existed throughout the day.

The polls opened at 10 o'clock, and during the early hours it seemed as if only a slight vote would be polled. In the afternoon the interest heightened and a moderately large number of ballots were cast, although many who were eligible did not avail themselves of the opportunity to vote.

The fact that this campaign was characterized by a harmonious spirit among candidates is a good indication that those elected will work together in the same manner and that internal dissension on the board during the next year will be a negative quantity. The result of the day's ballot was as follows, in order named:

Owen Frank	469
L. R. Anderson	396
A. H. Hiltner	261
W. L. Bates	232
H. R. Ankeny	211
E. S. Munson	193
R. M. Switzer	188
O. W. Miller	175
V. C. Hascall	168
S. R. Buck	140
W. T. Carrol	118

#### DEMOCRATS EAT.

Hold Annual Gathering at the Lincoln  
Hotel.

Last night at the Lincoln hotel the Democratic club held its annual banquet. There were about sixty university men present and after the viands had all been cleared away an excellent list of toasts was responded to. R. M. Switzer was the toastmaster and interspersed his introductions with many funny stories. All who spoke were students. Among those who responded to toasts were Weiss, Rohn, Oberfelder, Doanto, Raymond, Gilmore, Kiplinger, Cline and Somerville. Several impromptu talks were made by the members of the club.

#### KOMENSKY CLUB.

One-Act Comedy and Music is Greatly  
Enjoyed.

The Komensky club held its regular meeting last Friday at the home of Mr. and Mrs. J. H. Brt, where an interesting program was rendered. A one-act comedy was given, which was thoroughly enjoyed. The participants were the Misses Irma Herman, Zenka Sinkule, Mrs. Olga Stastney, and Mr. Jos. Tobiska. Mr. Frank Hruby, one of the members of the Hruby Brothers' symphony orchestra, rendered several piano selections, several of which were of his own composition. A social time followed, during which dainty refreshments were served by the hostess.
