

The Daily Nebraskan

VOL. XI. NO. 9.

UNIVERSITY OF NEBRASKA, LINCOLN FRIDAY OCT. 6, 1911.

Price 5 Cents.

TENNIS TOURNAMENTS TO BEGIN NEXT WEEK

BOTH MEN'S AND WOMEN'S MATCHES SCHEDULED.

WILL CHOOSE NEBRASKA TEAMS

Winners Will Represent Cornhuskers at Missouri Valley Matches in Spring.

A men's tennis tournament, to pick a squad for next spring's intercollegiate matches, will begin next Tuesday on the University courts. A women's tennis tournament, to promote wholesome outdoor exercise for the girl players, is also being promoted and will probably be held soon.

Dr. Elda R. Walker, assistant professor of botany, will meet tennis enthusiasts of her own sex this afternoon at 5 o'clock in her office, Room 103, Nebraska hall. The girls' tennis club will be reorganized and plans for a girls' tournament will be made. All girls interested should be sure to attend and boost the project.

Entries at Rag Office.

Entries for the men's tournament are being made in writing at the Nebraskan office and should be turned in before Monday evening, when the drawing will be made.

A fee of twenty-five cents, to cover costs of court upkeep and incidentals, is being charged.

Chances for new students at Nebraska making the squad, are considered good, as only a few former players are back in school.

Ralph Weaverling, last year's champion, who was captain of the team, is not registered this fall.

J. T. Tate and M. F. Goodbody are the only team men who will probably enter next week's tourney.

Will Decide Championship.

It will be played down to the championship match, although its purpose is just to choose a squad to prepare for intercollegiate tennis next spring.

It is understood more tennis courts may be laid out if the interest in the game among the girls make such addition necessary.

At present there are only three courts on the campus.

In matches at Kansas City last spring, Nebraska's team of four men won eleven out of twelve matches with teams representing Kansas, Iowa and Missouri.

The matches were held as a branch of Missouri Valley Conference athletics.

WRITES ON AMERICAN TRADE

DR. MAXEY OF LAW SCHOOL CONTRIBUTES TO FINANCIAL MAGAZINE.

Dr. Edwin Maxey of the law department, is the author of an extended article in a recent number of Moody's Magazine, dealing with our trade relations with Latin America.

Dr. Maxey discusses the developments that are expected to follow the completion of the canal, and predicts that our commerce with the southern republics will be greatly increased within the decade.

YOU LOYAL NEBRASKANS

One hundred people have bought season tickets for athletic events at Nebraska in the coming year. Out of an enrollment of more than forty-five hundred.

That means that one person out of every forty-five you meet walking on the campus has bought himself a season ticket. They have decided that it is a part of their loyalty, or a part of their college life, or a part of their pleasure, to enter into the spirit of Cornhusker athletics, to that extent.

Aren't there any thrills in your being when you see the tense Scarlet and Cream line advance at the passage of the ball?

Don't your heart stop for the brief second that that wonderful machine, "The Cornhuskers" converges at a point in the line and one of our lads breaks through for a good gain?

Don't you want to be one of the happy rooters when the backfield starts on that flight around the end?

You sure do. You want to be there—with bells on and rooting for old Nebraska.

See Nebraska meet Missouri for the first time since 1902.

See Nebraska meet Michigan, the greatest team in the west in 1910.

You're going to be awfully lonesome anywhere but on Nebraska Field.

A hundred tickets sold out of an enrollment of thousands. We express our thanks to and our pride in every buyer, however.

Take \$3.00 today. It's a business proposition since you're sure to go to \$3.00 worth of events. Buy that ticket today. It can be secured at the Y. M. C. A. or at the Co-op Book Store.

PROVE THAT YOU ARE A CORNHUSKER.

GUTHRIE SENIOR PRESIDENT

Engineer Comes Out Ahead After Gum-Shoe Campaign.

Richard L. Guthrie, Engineering, '12, was elected president of the senior class after Convocation Thursday morning.

Guthrie defeated Searle F. Holmes, who had been the only announced candidate until Guthrie was nominated on the floor of the meeting. As both men are members of the Innocents Senior society, and Holmes had been announced as the choice of the Innocents, Guthrie's candidacy was somewhat of a surprise, but his forces were well organized and Holmes was defeated by a vote of 92 to 47.

Attendance Light.

The attendance at the meeting was light, the engineers being the only college that attended in a body. This is accounted for by the fact that Holmes had no known opposition and little interest had been manifested previous to the balloting.

ROBERT FINLEY A CANDIDATE.

Omanian After Freshmen Presidency —Westover Not Out.

Robert Finley of Omaha, is the only Freshman who considers the plum of presidency of the class worth going after.

Bernard Westover, touted as candidate for president, says he does not care to run for the office.

Finley, the new candidate, graduated from Omaha high school in 1910, and was the star center on the Omaha high school basket ball team for two years.

He is a member of the engineering college and does not belong to a fraternity.

As the most vigorous rustling has failed to produce any other candidate, it looks as if the Omaha man may be elected.

CUTRIGHT A CANDIDATE

SICKNESS FORCES MEEKER OUT OF SOPHOMORE ELECTION.

On account of serious illness, David Meeker has withdrawn from the race for the sophomore presidency.

John Cutright, at Meeker's suggestion, has announced himself a candidate in Meeker's place. The latter is now in St. Elizabeth's hospital and will probably be confined there several weeks.

Is a Law Man.

Cutright is a member of the first year law classes, having taken academic work last year.

He is an Alpha Tau Omega and a graduate of the Omaha high school, which school he entered after two years at Wesleyan Academy.

During his freshman year in the University, Cutright took a prominent part in its activities.

He played on the Freshmen basket ball team, took part in debating and was class historian for the Cornhusker.

This year he is out for cross-country running and football.

STUDENT DEBATING CLUB MEETS

The first meeting of the Student Debating club was held last night.

Debating, followed by extemporaneous argument, constituted the program.

Hereafter the club will meet on Saturday evenings at 7:30 o'clock.

Announcements will be posted on the bulletin board in University hall, and all men interested are urged to join.

Palladian Meeting.

At 8:15 tonight the Palladian society will give the regular program at their rooms in the Temple.

All new students are cordially invited.

DRAMATIC PROSPECTS INDICATE BIG SEASON

KOSMET CLUB STARTS SOON ON NEW OPERA.

DRAMATIC CLUB TRYOUTS ANNOUNCED

Temple Renovated Stage Repaired and New Set of Scenery Set In.

Interest in dramatics received a boost yesterday when announcement was made of the Dramatic club tryouts to be held Thursday evening, October 26th. Two tryouts were held last year, both of them bringing out good material, and it is expected that the interest this year will be no less active. Those intending to try out are advised to see Miss Howell in Room U 106 at once in order to register for places and seek advice as to selections. As in the past from three to five minutes will be allotted to each contestant. A longer time will be given those who try out in groups.

Only Club Here.

For ten years the University Dramatic club has been the only institution at Nebraska which has encouraged college dramatics with the single exception of the annual Senior play and the Junior play held last spring. It has for the past several years given two plays, one each semester in the Temple and the Ives day performance at the farm.

Prospects for dramatics this year are very bright. In addition to the two plays which the Dramatic club will soon begin work on, the two upper classes will be represented on the boards. The Junior play comes close to the spring vacation and the Senior play at the close of the year.

Temple Renovated.

Superintendent Chowens has renovated the Temple, put in a new floor and bought two new sets of scenery. With these new additions students have a well equipped stage with which to work.

A new organization known as the "Kosmet" club was started last May with the purpose of presenting annually a comic opera, the cast of which is to be composed of gentlemen only. The plan is to have it be of local setting and to this effect a prize of seventy-five dollars has been offered for the best composition and score. As yet the committee has received no copy. The club is composed of upper classmen only, but parts in the production which it will present will be open to competition.

CUT PRICE ON BOOKS.

Dales and Barnaby's Elementary Qualitative Analysis texts are being sold at the University book store in the Temple at fifty cents per copy.

This price, which is actual cost, is being made to University students only, and copies bought for \$1.00 before the cut price was established, may be presented before Saturday evening and a fifty-cent rebate secured.

Platform Club to Meet.

There will be a short meeting of the Platform Club this afternoon in U 106 to discuss plans for the year.
