FRESHMEN MAY WEAR NUMERAL HEAD-GEAR

UNDERCLASSMEN HAVE RIGHT TO DON GAUDY CAPS.

OLYMPICS VICTORY GIVES RIGHT

President MacFarland and Others Puzzled As to What Course is Best.

Shall the freshmen exercise the privilege secured by their victory in the Olympics, and wear class caps? This all-important question is to be settled at the meeting of the class Tuesday at 11:30 o'clock in Memorial hall. President Robert E. MacFarland and many of the moving spirits of the newly organized class are in favor of adopting distinctive caps. Inquiry and debate on the subject has been the principal class occupation since the Olympics.

Olympics Determine.

Theoretically, one of the purposes of the great annual class scrap is to determine whether or not the freshmen shall have the right to wear caps or hats to distinguish them from other students.

Most universities require freshmen to wear caps or hats as a sort of brand indicating that the wearer is green and under subjection to the upper classmen. Not so at Nebraska, however.

"Mas" Says "Yes."

"Now that we have beaten the sophs, we intend to exercise our rights," declares President MacFarland; of the freshmen.

"If the freshmen want to wear caps," says President John L. Cutright of the second year men, "I guess they can, now that they have won the Olympics."

It is said that suitable caps can be ordered locally for seventy-five cents each and would be delivered within two weeks.

If adopted, the proposed cap would probably be of a quiet color and ordinary style, with the class numerals, '15, embroidered on the front.

ROOTING BY PHONOGRAPH

ENGINEERING COLLEGE PUTS ON NOVEL EXHIBIT AT TEACHERS' MEETING.

Professor George R. Chatburn left this morning for Omaha to take charge of the engineering exhibit at the State Teachers' association meeting.

A unique feature of this year's exhibit will be phonographic records of the "Cornhusker" as sung by the Uni chorus, of other Nebraska songs, and samples of rooting in the polished style of Bob Hawley and his squad. These minstrels of the Uni bards journeyed down to the place where records are made and gave special performances for the benefit of the unconverted out over the state.

Some selections by the cadet band will also be heard from the phonograph.

BAND TRIP FUND GREW

LINCOLN AND OMAHA ALUMNI SHELLED OUT COIN TO SEND BAND TO AMES.

Through the generosity and boosting spirit of loyal alumni now engaged in business or other occupations in Lincoln, the fund started by alumni in Omaha to send the band to the Ames game, was completed yesterday noon.

Many cash subscriptions were made in a short time at the solicitation of alumni, headed by S. P. Dobbs and George Kline, and by students. The fund was started by Amos Thomas, Clyde Elliott and other alumni representing the Nebraska club at Omaha, where about half the necessary funds were raised.

The band accompanied the team, leaving at 2 o'clock yesterday afternoon.

W. J. BRYAN TO LECTURE

NOTED COMMONER SPEAKS TO MEN AT OLIVER SUNDAY AFTERNOON.

W. J. Bryan will give a lecture on "The Making of a Man" at the Oliver theater Sunday afternoon at 3:30. His lecture is a discussion of the conditions of life today.

The mass meeting is under the auspices of the Y. M. C. A., and will be open to men only. It will be the first of a series of fifteen Sunday afternoon men's meetings.

BLUE PRINT EXPANDS

ENGINEERING JOURNAL TO PUBLISH TWO EDITIONS—RANKS HIGH IN COUNTRY.

The Blue Print, which is the official publication of the Engineering society, will put out two separate editions this year instead of the customary single edition at the end of the year.

The first copy will appear about January first, and will contain all information regarding the engineering department, besides a number of technical articles by Nebraska alumni and expert engineers from all over the country. The edition published at the end of the year will be substantially the same as the first except that it will contain entirely new material.

Michigan, Minnesota and Colorado publish an Engineering annual, but the Blue Print is considered to class with the highest in the interest and quality of the material which it contains.

NEBRASKA PLAN IN DEMAND

REGISTRAR RUTLEDGE RECEIVES REQUESTS FOR RECORD CARDS.

Acting Registrar Rutledge has received no less than three requests from large universities during the past week for copies of the blank forms used by the University to keep its permanent records.

A number of colleges throughout the country have the Nebraska system of registration and record keeping.

NEBRASKA ATTACKS AMES TODAY IN CYCLONE CAMP

CORNHUSKERS CLASH WITH OLD IOWA FOE.

SHONKA'S MEN LIKELY WINNERS

Balance of Power Appears To Be In Hands of Lincoln Team—Rooters and Band Go.

Nebraska and Ames meet in their annual gridiron contest today, the Cornhusker squad, twenty-one strong having left Friday afternoon for the Iowa war headquarters.

Nebraska is expected to win, by the supporters of the team in Lincoln, and by the sporting critics of the middle west. The record of the two teams this year points to a large score, 18 or 24 to nothing in favor of the Cornhuskers, but if Nebraska gets two touchdowns on the Iowa State Cyclone eleven, no Nebraska student but what will be more than pleased.

Ames is Speedy.

Ames has trained for speed on its team—sacrificing power for speed. Coach Williams knows the Nebraska backfield is speedy, although light, and he has built up a system of secondary defense that he considers almost perfect when working in accord with the first defending line.

Coach Stiehm's men are fast. The scores they have run up on such teams as the Kansas Aggies and Missouri, prove that it is a wonderfully developed offensive machine, and it will go hard if Captain Shonka and his braves cannot plow their way down the field for at least two touchdowns. On the defense Nebraska has a stronger line than Ames, weighing more, and with more men of experience in its makeup. The backfield contains two all-Missouri Valley players and two other men who are hardly to be excelled in the Valley this year.

Ames Outweighed.

Slightly outweighing the Ames team, with better men, better record for the year, and fighting for the championship which is already half won, the Cornhuskers may be trusted to come home with the long end of the score, although it will be no joke of a game.

About one hundred rooters accompanied the team from here, some paying their fare and some defying the mandates of the railroads in the matter of free rides.

The band went also—to toot.

TO BUILD NEW BLEACHERS

MORE ACCOMMODATIONS NEEDED—SOUTH STANDS ON SALE TODAY.

South grandstand seats for the Michigan-Nebraska game, November 25, to go on sale at Harley's drug store this morning and will probably go in the same brief way that seats for the north grandstand disappeared. Prices are \$2.00 a seat.

Three hundred and fifty seats in the center of the south stand have been reserved for the Michigan alumni and they will more than fill their section. The seats and 200 seats for Nebraska
