## DR. AVERY COMPLIMENTS NEBRASKA ALUMNI

CHANCELLOR PLEASSED WITH  
TREATMENT BY "GRADS."

## PRaises UNIVERSITY OF WASHINGTON

Makes Study of the Western School  
Systems and Sees the Results  
of Nebraska's Example.

Chancellor Avery returned from a very successful two weeks' sojourn throughout the northwest Monday, and expressed himself as having enjoyed his trip thoroughly.

One of the striking features of his trip was the prominent and enthusiastic part Nebraska alumni took in giving him a cordial greeting. The chancellor was very enthusiastic in his comment on the Nebraska alumni. He found them to be an eminently clean and efficient aggregation of people who were steadily and surely forging to the front in all lines of activity.

In every community where a Nebraskan was to be found, he occupied a position of prominence and respect. For the most part they have become prosperous and maintain an active interest in civic affairs.

### Studies School Systems.

The chancellor made a study of the school systems in the west and was favorably impressed with the progress that is being made along educational lines. He said much of this has been learned from Nebraska, and that today we will have to look to our laurels to maintain our enviable position in the college world.

### Praised Washington University.

Chancellor Avery gave the principal address at the fiftieth anniversary celebration of the University of Washington. He declares the university to be a great institution both in equipment and faculty. In President Kane the school has an ideal leader, careful, yet progressive, unassuming, but commanding in his influence. There are several Nebraska men on the faculty and coupled with the host of friends that he has in Seattle, the chancellor was made to feel at home throughout his stay there.

## RETURN FROM CHADRON

## DELEGATION FROM THE AGRICULTURAL DEPARTMENT REPORT A GOOD TIME.

The delegation from the Agricultural department have returned from Chadron, where they have been holding a "short-course" in connection with the Agricultural Extension Bureau. With Miss Gertrude Rowan in charge of the woman's work, Mabel Daniels in charge of the girls', and Howard Gramlich of the men's, a very successful session resulted, and a good impression was made upon the people of the western part of the state. The cooking demonstrations and exhibits spoke well for the home economics department, and the girls of "poly-sel."

## CARRIER HEADS OMAHA CLUB

PROMINENT BASKET-BALL STAR  
IS TO HEAD THE NEW  
ORGANIZATION.

Students from Omaha and vicinity met Tuesday morning in Memorial hall to form an organization known as the "Omaha Club." The avowed purpose of this organization is to draw from the metropolis many students who now go annually to eastern schools or to neighboring state universities. Social functions and political schemes are strictly barred from the activities of the club.

After several lengthy discussions upon the purpose and proposed lines of activity of the organization, it was decided to elect a temporary president who should appoint a constitution committee and set the date for another meeting.

Short addresses by Ralph Doud and Stuart Gould brought clearly before the members the plan of campaign. Among other things the club proposes to levy upon each member a nominal assessment which shall be used to send some university speaker to the Omaha High School at Commencement time.

After the nomination of several candidates, Sam Carrier, '13, was unanimously elected temporary president. A second meeting will be held in the near future, at which time a constitution will be adopted and the organization completed.

The club has made a propitious start and expects many new members upon the advent of its permanent foundation.

## MANDOLIN CLUB ASSURED

WORK ON ORGANIZATION PROGRESSING—OMAHA PROFESSIONAL TO DIRECT.

The Mandolin club is progressing and the promoters are well satisfied. A meeting was held last Thursday night at the Delta Upsilon house and an excellent practice was given. There are fifteen men enrolled, all having unusual musical talent.

The promoters of the club are very eager to see all men who play on mandolins, guitars or other stringed instruments. Special attention is to be given to all playing the guitar, for there are still some responsible positions open.

The club has been promised University backing and is to be run on the same plan as the Glee club. Francis Potter of Omaha has been contracted to manage the club and agrees to produce an expert crowd of musicians.

A meeting of the club has been arranged for at the Sigma Nu house, 517 South Eleventh street, on Wednesday night of this week. All interested in string instruments of any kind are urged to attend.

### Nebraskan Elected.

At the recent election of Kimball county, Claude L. Alden was elected county superintendent and William T. Young was elected county surveyor, both of the class of '08.

Help break the Kansas hoodoo!

## JONES AT CONVOCATION

FINISHES LECTURE ON MOROCCO  
—EXPLAINS SIGNIFICANCE  
OF THE STRUGGLE.

Professor Guernsey Jones completed his talk on Morocco at Convocation yesterday, with a brilliant discussion of the nations involved and the probable outcome of the situation.

Last week, he discussed the importance of Morocco, her condition, and her relation to the countries of Europe. Yesterday he completed the lecture. He explained the power of France in Morocco, her alliance with England against Germany and the extremity of the situation—even threatening world war in the future. Italy, though naturally covetous of the province, has no legal claim upon it, and has no chance against France, already invested. So France will probably be granted full possession.

## INTERCLASS GAME POSTPONED

LINCOLN ACADEMY AND STATE  
FARM TEAMS TO PLAY IN-  
STEAD TODAY.

The finals of the interclass series are postponed indefinitely, as the game between the Lincoln Academy and the State Farm teams will have possession of the field Wednesday afternoon. An exciting contest is promised, for both the Academy and the Farm have had large squads trying out for their teams. Fred Hunter, the coach for the Aggies, has had forty or more men to work with, and promises an awe-inspiring aggregation in the combat with the Academy. He has not given out his line-up.

Twenty men turned out for the Academy squad and their coach, Westover, thinks he had produced a record-breaking team out of this material. The team as played Wednesday will be:

Barney Gellatly	Right End
Mercer	Right Tackle
Cast	Right Guard
Beck, G.	Right Half
Anderson	Center
Burson	Left Guard
DeWeese	Left Tackle
Apple	Left End
Klopp	Left Half
Brannon	Quarter
Calhoun	Full

The game will be called at four o'clock and a small admission of twenty-five cents will be charged to defray the expenses of the game.

## NEBRASKANS 'RECOGNIZED

RICHARDS AND BENEDICT APPOINTED TO RESPONSIBLE POSITIONS AT ILLINOIS.

Charles R. Richards, former dean of the College of Engineering, has been appointed to the athletic board of the University of Illinois.

Mr. Bruce Benedict, '01, formerly of Lincoln, has been appointed director of shop laboratories in the Department of Mechanical Engineering, at a salary of \$3,500 a year in the same university.

## TORCH LIGHT PARADE TO SEND OFF TEAM

BIG DEMONSTRATION PLANNED  
FOR THURSDAY NIGHT.

## BIG RALLY THURSDAY

Cornhuskers to Be Given Good Send-  
Off by Loyal Students—The  
Band to Go.

Four hundred torches will be on sale at the Rag office Thursday morning.

Do you get the full import of that? There is going to be a send-off for the team that will not be forgotten in Nebraska football history for long years to come.

The Cornhusker football and cross-country teams leave for Lawrence, Kansas, to tackle the braves of Coach Sherwin, Saturday. The annual football game between the Kaw college and Nebraska will be held then, and on the same day the Cornhusker runners will meet the teams of various colleges of the Missouri valley in a cross-country dash of five miles for the Valley title.

### Torches for Sale at Rag Office.

The Innocents have arranged that torches will be on sale in the Rag office. You can come in any time Thursday and have one for a very small sum.

Nebraska is going to send off both her athletic teams in a manner that will make every man of each team sure that he is going to do well his share of winning both these events for Nebraska.

Kansas is the one block in the path of Nebraska's Missouri Valley title, as it is admitted that the Cornhuskers outplayed the Ames team at Ames. We are going to wallop Kansas in a manner so she will know that a band of real Cornhuskers visited Lawrence this year.

### Rally Thursday.

Thursday, at 11:00 o'clock, there will be a rally at which every Nebraska rooter is wanted, and wanted badly. You are a rooter or should be one, so don't be conspicuous by your absence.

Be at that rally and you will be told when and where to gather for the torchlight send-off. The team will be present at the rally, as will Louie Anderson and his cross-country Marathoners.

## BAND TO GO TO KANSAS SPECIAL TRAIN FOR ROOTERS

Nebraska's band will accompany the special train and her rooters on the special train which leaves Lincoln Friday. Forty members of the band will make the trip.

Nebraska and her rooting band have a reputation in the Missouri Valley list of colleges and indeed in the colleges far outside of the Valley Conference. That means much for Nebraska prestige. The band is going down to the Jayhawker camp to help win that game and it will be just like home on Nebraska field with hundreds of strong rooters behind the musical gang.

# TORCH LIGHT SEND-OFF ON THURSDAY
