HERE AND THERE.

The University Chorus was entertained by Mrs. Raymond at her home last Saturday, about eighty-five members being present.

Miss Lucile Reeder, an officer in the Girls' Club, is seriously ill at the Tri Delt house.

Miss Grace Ernst, '06, was on the campus Monday obtaining specimens from Dr. Bessey. Miss Ernst is now in charge of the botany department at Brownell Hall.

Professor Fling, head of the department of European History, leaves today for an extended trip through the east. Dr. Fling will visit the University of Illinois, going thence to Yale, where he will deliver an address before the Graduate History Club. On Wednesday night before Thanksgiving Dr. Fling will speak in New York City at a banquet of Nebraska alumni. Dr. Fling will return home on Monday, December 4.

ing Dr. Fling will speak in New York City at a banquet of Nebraska alumni. Dr. Fling will return home on Monday, December 4.

Thatcher to Visit Here.

Prof. T. P. Thatcher, '96, now director of the Washington State Agricultural Experiment Station, will visit Lincoln and the University the latter part of the week. On Friday evening Alpha Zeta fraternity will give a dinner at the Lincoln Hotel in his honor, after which he will address the students of the College of Agriculture in Science Hall of the Temple.

Former Nebraskan Succeeds.

Mr. Montrose L. Lee, a former student in the department of Geology in the University of Nebraska, and a post-graduate of Columbia, has been appointed professor of geology in the University of Uruguay, Montivideo, and geologist in the Government Survey of that country.
