FINAL PREPARATIONS MADE FOR BIG DEBATE

NEBRASKA TEAMS WELL PREPARED FOR COMING CONTEST.

RECORD CROWD IS PROMISED

Judges for Two Debates. Selected—Phi Alpha Tau to Entertain Debaters After the Fray.

Interest in the coming debate with Iowa is increasing rapidly and indications point to a record-breaking attendance at this contest, which will be held in the Temple, Friday night. The judges have been selected and all arrangements are now completed for the annual fray. Nebraska lost to the Hawkeyes two years ago at Iowa City, and the home team is prepared to avenge this defeat this year and retrieve Nebraska's fortunes.

Judges Selected.

The judges who will give the verdict in the home debate are the following professors from the University of Minnesota: C. D. Allen, assistant professor of political science; A. B. White, professor of history, and B. I. Swanson, assistant professor of philosophy.

The following members of the Wisconsin faculty will decide the issues at the Nebraska-Minnesota contest at Minneapolis: S. W. Gilman, professor of business administration; G. C. Sellery, professor of European history, and Carl R. Fish, professor of American history.

The affirmative team which meets Iowa is composed of Joseph Goldstein, Ralph W. Garrett, Anan R. Raymond, and C. L. Clarke, alternate. The Iowa speakers are R. N. Beebe, R. F. Clough and S. H. Erwin.

Banquet Follows Debate.

The negative team, which leaves for Minnesota this afternoon, consists of Clifford L. Rien, Harold A. Prince, T. Jean Hargrave, and Benjamin Harrison, alternate. Professor Fogg accompanies the team.

Following the debate, the two debating teams, the judges and Governor Aldrich, will be given a complimentary banquet by Phi Alpha Tau, the honorary debating and public speaking fraternity.

GLEE CLUB ORGANIZED

OFFICERS ELECTED FOR ENSUING YEAR—DIRECTOR NOT YET SELECTED.

The Cornhusker Glee club was formally organized Monday evening in Science Hall. The officers elected were: President, Will Aten; vice-president, Earl Sage; secretary-treasurer, C. L. Clark; librarian, Glen Whitcombe.

The director for the year has not yet been secured, although several are in prospect. Within the next few weeks, however, a selection will be made, and regular practice started.

Next Tuesday evening, December 12, a second tryout will be given to the sixteen men who compose the present waiting list. Out of these, eight will be selected as regulars and the others will be kept as reserves. All these men have been practicing hard, so an interesting contest is in store.

CHINESE PROGRESS FEARED

PROMINENT WORKER DISCUSSES PHASES OF SITUATION IN THE ORIENT.

"If the present rebellion is successful in establishing a popular government, China will become the great power of the world, and the dictator of all nations." This was the declaration of Rev. F. Stanley Carson in his address at Convocation Tuesday. He has been in China for six years, is a close student of their national life, and is highly enthusiastic over their future.

The speaker said in part:

"China has a population of over 450,000,000, and natural resources unequalled anywhere in the world, now entirely undeveloped. Couple these facts with a standard which minimizes the cost of living, and it is not hard to imagine that she could revolutionize the economical world, or even the existence of European competitors.

China Progressive.

"In the past China has been thrust in the background by a Manchurian dynasty. The recent outbreak is but an expression of the movement which has been developing for the past 100 years against their rule. It is not a mob, but the determined uprising of the entire people, who must and will be heard.

"The intelligence of the populace is far beyond popular conception. The average Chinaman has a keenness of mind, a patience, a strength of endurance, and a love of literature which is unknown in this country. If allowed to develop by modern methods of civilization, there will be no limit to their power as a nation.

OFFICERS TO PROMENADE

THE ANNUAL MILITARY BALL TO BE A SUMPTUOUS AFFAIR.

The second annual Military Ball will be held at the Lincoln Hotel, December 15th.

The first one, which was held last year, was one of the largest and most successful dances of the season. The committee this year is planning to make this dance even larger and more impressive than the first one.

Will Be Formal.

The dance is to be a formal. Cadet officers will wear uniforms. The ball room will be profusely decorated with the stars and stripes.

A concert by the cadet band, commencing at 7 p. m., will furnish the preliminary entertainment.

A very positive announcement by the committee declares that the ticket sale will be absolutely limited to one hundred.

BASKET-BALL NOTICE!

All candidates for either the 'varsity or class teams should attend the first general workout at the Armory this evening at 7:30 sharp.

E. O. STIEHM, Coach.

GIRLS TO CELEBRATE

ELABORATE ENTERTAINMENT IS PLANNED FOR CO-ED STUDENTS.

The second big, all-university girls' affair will be held in the Temple, Saturday afternoon. Beginning at two o'clock, a matinee play, "Cranford," will be given in the Temple Theater by the Lincoln Woman's Club. All members of the caste are former University of Nebraska people.

A reception will follow, with dancing for those who care to participate. Refreshments will be served during the reception as people can be accommodated.

No admission will be charged, but everyone will be required to present a ticket. These tickets can be obtained as long as they last from Miss Alice Ensign or Miss Lela Berry.

The following is the caste:

Kate Field.....
Peter Marmaduke Arley Jenkyns
Georgia Field.....Hon. Mrs. Jameison
Louise Guthrie.....Miss Matilda Jenkyns
Dorothy Miller.....Mary Smith
Annie Jones.....Martha
Kathleen Doyle.....Lady Glenmire
Emma Swezey.....Miss Pole
Ellen Gere.....Miss Betty Barker
Camille Hall.....Mrs. Forrester
Laura Halner.....Mrs. Fitz Adam

CADET REGALIAS ARRIVE

NATTY UNIFORMS BEING DISTRIBUTED TO THE DRILL ENTHUSIASTS.

Those natty cadet regalias have arrived and are being delivered to the cadets at the office of the quartermaster. This "dear, cute suit," as the girls are bound to call it, is the big expense of the freshman year. It is the one part of military drill which makes a private feel like acting in an unmilitary way and saying some unprintable things. And all just because they cost money.

And yet, what would drill be without a uniform? And how could the military band and the military ball exist if it were not for those pretty suits? Time was when uniforms were not worn by cadets at Nebraska, but that was long, long ago. When uniforms were first adopted by the military department, cadets wore them to classes for half of the day at least, but more recently they have been used only during the drill hour, and for service wear at the annual encampment.

Professor Jones to Investigate.

Professor Guernsey Jones of the history department is planning a trip to Portugal and Spain this summer. He says that the archives have never been studied and the field is new and offers opportunity for the discovery of new historical facts.

Persinger to Speak.

Professor Persinger will read a paper before the American Historical Association, at Buffalo during the Christmas holidays on "The Origin of the Wilmot Proviso."

December 8—Nebraska-Iowa Debate.

SIXTEEN MEN HONORED BY ATHLETIC BOARD

RESERVE TEAM GETS HONOR LETTERS FOR SERVICE.

TEAM NOT TO PLAY WASHINGTON

Missouri Valley Rules Make Post Season Games Impossible—Board Acts.

The athletic board of the University met Tuesday afternoon for the purpose of awarding letters to the football men of the season past. The list of men given "Ns" caused no surprise. The team has played with such unison and with no injuries to keep any man out of the game that the letters will be presented to practically the team that started the season.

"N" and "R" Men.

The men who won the coveted decoration were Shonka, captain, Chauner, Elliott, Owen Frank, Gibson, Anderson, Lofgren, Russell, Harmon, Hornberger, E. Frank, Swanson, Potter, Warner, Purdy, Pearson.

The men on the second team were awarded "Rs" for Reserves. They are Mastin, Howard, Fauts, Anderson, Delametre, Hawkins, Becks, Halligan, Israel, Appel, Young, Miller, Overstreet, Allen, Galatly, Becker, Stelk.

Will Not Go West.

The question of whether the 'varsity team will take a long journey to the western coast and play some of the western teams was also taken up at the meeting.

It was not long discussed, however, for there are two stringent Missouri Valley rules which stand in the way of such a proposition, namely, that no team which is a member of the conference is permitted to play a game on territory other than that of one of the contestants; and second, that no post-season game will be allowed. And then, again, in order to comply with the rules of the conference, it is necessary that the game played shall follow a request from a regularly organized educational institution. In the present case the request came from the Seattle Nebraska Alumni association.

BARDEN DEMONSTRATING

REPRESENTATIVE OF MANUFACTURING CONCERN APPLYING IMPORTANT TESTS.

Merrill E. Barden, who represents the National-Acme Manufacturing Company of Cleveland, Ohio, is giving a demonstration of the operation of their latest design of four-spindle, automatic, turret head, screw machine. This machine is now set up in the machine shop, room 108, Mechanical Engineering building. The engineering departments are availing themselves of the opportunity presented to have the various sections of the engineering classes hear Mr. Barden in the description of the design and operation of this machine.

A demonstration period takes about one hour, during which time all phases of screw machine work are gone into and discussed. An invitation is extended to all persons at the University interested in these demonstrations.
