SUGGESTIONS FROM STIEHM INVITED BY COACH STAGG

CHICAGO MENTOR SEEKS LIGHT ON FOOTBALL RULES.

TO ATTEND THE BIG CONFERENCE

Plan Proposed to Cut Down Counters in Present Game—The Idea Launched by the East.

Coach Stiehm has received a letter from Coach Stagg of Chicago University, for any suggestions that the Nebraska coach may have in regard to new football rules. Stagg is one of the foremost college coaches in the country and is the representative to the National Collegiate Athletic Association from the middle west.

The N. C. A. A. elects several members to the football rules conference, so in the course of time the voice of the Cornhusker band will be heard in the wigwam where the totem chiefs gather.

Among the suggestions that Coach Stiehm is making is one for the reduction of the field goal from three to two and one-half points. This will not permit a team to kick two field goals and equal an earned touchdown.

In case of a blocked kick which does not cross the line of scrimmage, it is to be retained by the team getting the ball and is put into play at the point where it was stopped.

There should also be an increase in the number of downs within the twenty-five yard limit.

"As far as I can see," said the coach, "there is nothing the matter with the present system of playing. The complaints on the forward pass are entirely from the big eastern teams who found it difficult to run up high scores this past year. They favor the old style of the game which the coaches were brought up with, and the newer open play is different from their style and they are finding it difficult to change."

CHANGE IN LATIN CLUB

PRESSURE OF WORK MAKES THE MEETINGS MOSTLY SOCIAL.

At a recent meeting of the Latin Club the following new members were initiated: Misses Ebmeyer, Robbins, Arnold, Pope, and Brown.

The work of the club this year is unlike that of any previous year. The members feel that they cannot devote the time to the preparation of translations for programs, so the meetings have been made rather social affairs, each one having a chance to prepare the entertainment for one evening. The last meeting was spent in charades and a Roman card game, each proving both interesting and entertaining.

OMAHA CLUB ELECTION

CHOOSING OF EXECUTIVE HEAD NEXT TUESDAY PLANS TO BOOST NEBRASKA.

Who will head the new Omaha Club of the University of Nebraska is the interesting political question of the moment on the campus.

Entirely unique in its purpose, that it is formed wholly and solely to boost Nebraska in Omaha and the vicinity, the progress of the formation of the organization is being watched curiously by the student body.

The election of officers will be held at the meeting of the club, Tuesday at 11:30 o'clock. Sam Carrier, acting president, is one of the popular choices for its head, but it is rumored that there will probably be several nominations for the "job."

Omaha High School will probably be visited by a representative of the Omaha Club and a short talk made to the class which will graduate in February on the advantages of coming to Nebraska for their college education, instead of attending some school which, although farther away from home, is undeniably no better.

During the year several prominent speakers will be obtained to speak to the Omaha High School June graduating class and tell them of Nebraska.

FIRST GLEE CLUB SELECTIONS

CLUB NOW FULLY ORGANIZED AND WILL BEGIN WORK ON CONCERTS.

At the second tryout for the Glee Club, held Tuesday evening, Judges Conant, Williams and Hagenow chose eleven men, which brings the membership of the club up to twenty-six.

The club in its present status is composed of the following:

First Tenor—Guidinger, Aten, Whitcomb, Dunaway, Aldrich, and Jeffrey.
Second Tenor—O'Connor, Slater, O'Hanlon, Hornberger, G. C. Reed, and G. H. Williams.
First Bass—Clark, Sage, Albert John, Myers, Frost, and Babcock.
Second Bass—eKith, E. O. Anderson, Roy Allen, C. B. Scott, Montgomery, L. H. Adams, and Colbert.

HERE AND THERE.

The Swedish fraternity, "Svthold," is planning to establish a chapter at Nebraska, according to the Minnesota Daily.

Several students in the University of Illinois were dismissed from school on account of inciting a riot in a theater at Urbana. Evidently Nebraska is not the only school which is embarrassed by over-enthusiastic theater parties.

Last night a number of former students of the Ord High School met at the home of Aurelia Scott, 3100 R street, and formed a club for social purposes. Incidentally they will boost for the University in their home town.

REST FOR THE WEARY

APPROACHING RECESS TO PROVE SALVATION FOR OVER-WORKED(?) STUDENTS.

If you will look in your little book, black "N" book, in the space reserved for Wednesday, December 20, you will see an announcement—Christmas vacation begins. This is probably the best of Archie's little reminders that are scattered throughout the book. For at 6 p. m. classes are over for twelve days. School will start again on Tuesday, the 2d day of January, 1911—no, 1912—at 8 a. m.

Several parties will be given by the fraternities and clubs as a send-off before the members scatter for the holidays.

Most of the students will probably go home—some of them for the first time since school started in September. However, there will be a few left here after the others have gone because of its distance away will be entertained at the homes of friends and frat brothers and sisters.

GIRLS ENTER THE LISTS

ENTER UPON THE DOMAINS OF MEN BY TAKING UP PROFESSIONAL WORK.

Whether or not the University girls as a whole profess to believe in woman's rights, a few co-eds, at least, manifestly assert their belief in it; witness the fact that at present there are eight co-eds taking professional work.

Five of these, anxious to alleviate suffering humanity, have entered the profession of medicine, while two others are learning to concoct prescriptions. One lone spirit has dared to enter the sacred precincts of the law, perhaps hoping that her soothing presence will help quell the exuberant spirits there found.

MUSIC AT CONVOCATION

HANDEL'S FAMOUS WORK TO BE SUNG BY UNIVERSITY CHORUS.

The University Chorus will sing the "Messiah" at the Christmas convocation Tuesday morning in Memorial Hall. This is one of the oldest traditions of the school and is always a welcome number on the program.

The Chorus, accompanied by the organ, an orchestra, and a trio from the city, will give one of the best Convocations of the year. The "Messiah," by Handel, is one of the grandest and best known of oratorios, and is especially appropriate for a Christmas program.

Y. W. C. A. MEETING SHORT.

Only Half Hour to Be Spent at Tuesday's Service.

The Tuesday afternoon meeting of the Young Women's Christian Association will be a half-hour meeting devoted entirely to Christmas music. Y. W. C. A. rooms at 5:00 o'clock.

LABORATORIES OPEN DURING VACATION

PROFESSORS CONSENT TO THE USE OF THEM BY STUDENTS.

ADVANCED STUDENTS HAVE PREFERENCE

Opportunity to Make Up Work Will Be Grasped by Many of the Students.

Most of the laboratories on the campus will be open during part of the Christmas vacation for the benefit of those who wish to make up their work. The attitude of many of the instructors is against the general use of this privilege, for during the vacation school work is supposed to be temporarily suspended. However, for those who, on account of sickness, or for some other good reason, are behind in their work, the laboratories will be available.

Thursday, Friday and Saturday mornings of the last week of vacation the Chemistry labs will be open. The Physical laboratories and the M. E. shops will not be open. Botan, Geology and Geography laboratories will be open nearly all the time, while the Zoology laboratory may be secured by arrangement with the instructor.

In nearly all instances the hope was expressed that students taking first and second semester studies would not count on this time, unless it was absolutely necessary. Advanced students, however, may take advantage of it as they choose.

POOR ATTENDANCE AT VESPERS

WELL WORKED UP PROGRAM IS APPRECIATED BY BUT FEW.

The people of the city have more class than the student body,—at least so it would appear from the attendance at vesper services last evening. The audience, small for the merits of the program, consisted of a large quota of towns-people, who know a good thing when they hear it. It would seem, by way of comparison, that the average college boy would rather read "Diamond Dick" than Tennyson, or to watch a street carnival than listen to an artist on the stage.

More Professionalism!

STAR pitcher pitched hay last September.

CATCHER caught cold last July.

OUR star high-jumper jumped a board bill last August.

ONE of our best track men worked in a section gang during his Thanksgiving vacation.

A celebrated Illinois wrestler wrestled with temptation all last summer.

A brilliant guard on the football team was a member of the Illinois National Guard even before he entered the university—Daily Illini.
