Now that the football editorial writers have cleaned out their systems, why not spring a little dope on the various teams.

Hack improves upon acquaintance. In his interviews with London reporters he declares that Cutch beat him fairly and is a wonder.

There are eight hundred Chinese college students in this country but they are not imbibing the true American college spirit. Thus far only one of them has succeeded in "making" a football team.

DON'T LIKE FORWARD PASS

Violation of Elementary Principles of Football, Says "Mike" Murphy of Pennsylvania.

"Mike" Murphy, the veteran football trainer, is convinced that the forward pass is poor football.

"The point I make against the forward pass," said Murphy, "is that it is a violation of the elementary principles of football. It never was or will be anything but a haphazard play, and it disorganizes any team's defense.

"I have always contended that what football spectators like to see is the ball moved down the field by a series of well-executed plays, cleverly designed and operated. The basketball feature in which the ball is thrown all over the field and passes back and forth from one team to another is certainly not good football.

"I would like to see a return to some of the principles of the old game."
