NATIONAL ASSOCIATION DISCUSSES SPORTS RULES
Some of the questions that were discussed at the meeting of the National Collegiate Athletic Association were summer baseball, changes in football rules, the elimination of the professional coach in college sports, and the doing away of gate receipts in college games.
In regard to summer football, Captain Palmer E. Pierce, the president of the association, predicted that summer playing by college men as professionals had come to stay.
Soccer football was given a boost by meeting the approval of nearly every member present. The football rules committee was instructed to report and publish its rules in the spring instead of fall, and to favor the open game.
