MISS ENSIGN RETURNS FROM CHICAGO CONFERENCE

WAS A DELEGATE TO CONVENTION OF DEANS OF WOMEN.

SIXTEEN COLLEGES REPRESENTED

Pan-Hellenic Regulations Freely Discussed—Dissatisfaction Over Present Rules.

Miss Ensign has returned from a meeting of the Association of Deans of Women, held at Chicago, from Dec. 18th to 20th. Sixteen universities were represented, from California to Cornell.

Pan-Hellenic regulations were discussed. No rushing rules have yet been discovered which are satisfactory to all. Late spring pledging and second semester pledging are both considered unsuccessful where the two plans have been tried.

"Student Life and College Organizations" was the title of a paper read by Miss Ensign. Girls' clubs and student government associations were the two topics treated under this head.

Other talks were given by the various deans on "Student Health," "The Sanitary Inspection of Rooming Houses," and "Vocations for Women Other than Teaching."

Miss Ensign spent a day at Campaign and reports pleasant visits with Professor and Mrs. Ward, Professor and Mrs. Richards and Miss Anna Price, all of whom were formerly connected with this university.

MANTELL AT CONVOCATION.

Eminent Actor to Present Interesting Side Lights on King Lear.

A program of exceptional interest and instruction is in store for university students this morning at convocation, when the subject of "King Lear" will be presented by two men who have put in a life study in the analysis of one of Shakespeare's most intricate characters.

Mr. Robert Mantell, who plays Lear at the Oliver this evening, will be the principal speaker and will give a few side-lights on how the part is viewed from the standpoint of the actor.

Following Mr. Mantell, Dean Sherman, head professor of English literature, will give a criticism of the play as a literary work.

New Course in German.

Next semester there will be offered in the Department of Germanic Languages and Literature a course in Ibsen in the original Norwegian. It is proposed to read some of the author's most epoch-making productions, such as Brand and Peer Gynt.

All Scandinavian students who have a fair knowledge of their mother tongue or advanced German students could follow the course with profit. I should like to consult with students who contemplate taking the course. Office hours: 9-10 a. m., U. 108.

WORK STARTS ON BOOK STORE

LOCATED IN SOUTHEAST PART OF BASEMENT OF ADMINISTRATION BUILDING.

Work will be rapidly pushed on the new book store, which is to be located in the southeast basement of the Administration building, in order to have everything in readiness for the beginning of the second semester. These rooms will be enlarged in order to accommodate the ever-increasing needs of the University Book Store. New steps will be built on the south side of the building, with the result that the book store will be handier to students than ever before. The night watchmen who have been occupying the rooms will use the northwest part of the building.

Workmen are already engaged in remodeling the rooms on the first floor of the Temple building, which will be used for the University cafeteria. It will be some time, however, before this venture can be started.

Because of the request of the committee on student organizations, the next meeting of the Latin Club will be held on Tuesday, January 9th. This was done in order to keep the club from conflicting with the first basketball game, on Saturday, January 13th. The committee requested that this date be kept open.

INDICATIONS POINT TO GAME WITH WISCONSIN

COACH STIEHM RETURNS FROM EAST WITH GLAD TIDINGS.

CONTRACT TO READ FOR TWO YEARS

Game With Big Eight School Will Raise Nebraska's Stock Considerably.

Coach Stiehm returned from the east with a bunch of glad stuff. The finest thing he made arrangements for was a probable contract with Wisconsin for a football game next year.

This contract will be for two years, a game at Lincoln and a game at Wisconsin. The game, if taken to Wisconsin this coming season, may be held at Milwaukee.

If played on either Oct. 18 or 19 we will meet the Badgers on their home grounds; if played Nov 23 the Cornhuskers will be the hosts at Nebraska field.

This contract will be one of the best ever made by Nebraska and marks our advent into the world of greater college football. The clean playing of the Valley champions and the work done by the big coach made it possible to secure tentative dates with several Big Eight teams for the next season.

Arrangements have not been completed for another game with other conference schools, but it will be probably Michigan or Minnesota.

Crane on the War Path.

Detectives in the employ of R. T. Crane, the Chicago millionaire, have been busy at the University of Illinois in seeking scandal which can be used by this manufacturer in his tirade against American colleges, according to the Daily Illini. These sleuths have been caught peering in at the windows of several fraternity houses, besides taking notes at some of the university dances.

Art Hall Classes Moved.

Classes in English Literature I, European History I, Political Science 3 and 15, which have been reciting in Library Hall 305, will meet in the Music Hall of the Temple during the session of the Art Association at Nebraska.
