## JEROME FORBES IN RACE FOR JUNIOR PRESIDENCY

SECOND CANDIDATE ANNOUNCED AS COMPETITOR FOR THIRD YEAR PLUM.

## LIVELY FIGHT WILL SOON START

Two Laws in Field, With Possibility of Yet Another Man Entering.

Jerome R. Forbes, a junior academic of the six-year law college, has entered the race for the junior presidency, and from now on the political warfare of the University should open up with its biggest guns.

Forbes is from Wayne, Nebraska; was a member of the debating squad; on the freshman debating team in 1902; chairman of the junior convocation committee, and president of the Debating Club. He is a member of the Delta Chi fraternity.

The only other candidate for the big plum of the junior class this year is Will Randall, who announced his candidacy two days ago. Other contestants for the leadership of the class are expected to enter the field soon and the fight will be one of the best political campaigns in years.

## WINTER HATH HER CHARMS

THE COLD WEATHER BRINGS JOY TO STUDENT SKATERS.

The perfectly good skating which has been going to waste during the severe weather is once more attracting people who are fond of fresh air and that exhilarating exercise. Last night the street cars were enlivened by parties of students in sweaters and caps with clinking skates.

When asked where they were going they would answer gaily, "Oh, skating," and vaguely mumble something about Capital Beach or Epworth Park.

The returning skaters were somewhat worse for wear and for frequent contacts with the ice, but they report that the ice is not "bad." The daily thaws followed by night freezes are smoothing the surface considerably.

## MRS. DAVIDSON SPEAKS

TALKS ON "OPPORTUNITIES IN RURAL COMMUNITIES" TO GIRLS.

At the Tuesday Y. W. C. A. meeting, Mrs. R. G. Davidson of this city spoke to the girls on "Opportunities in Rural Communities." Miss Louise Curtis led the meeting. Mrs. Davidson emphasized the thought that the motive of teachers going into the rural districts should be other than financial. It should be purely a desire to be a help to the world in general and those about us in particular. The different types of girls were mentioned; the narrow, self-centered, and those truly interested in people. Mrs. Davidson also spoke of the possible broadness of the rural life and how the teachers going out to such districts are ideal to them and may help bring about this broadness.

## LAST WEEK OF JANUARY WILL BE REGISTRATION

1. Registration for the second semester of the current year holds from 9 a. m., Wednesday, January 31, to 5 p. m., Saturday, February 3, inclusive.

2. In order to register ALL students are required, in advance of the regular registration days, to secure a numbered ticket to meet the Committee on Assignment to Classes and to Register.

3. These tickets are impartially distributed at the Registrar's Office without reference to college or class during the week of January 22-27. In accordance with the ruling of the University Senate, CLASSES WILL MEET REGULARLY THROUGHOUT THE WEEK OF REGISTRATION. Final examinations, if required by the instructor, will be given during the regular class periods. In other words, there will be no dismissal of classes between the closing of the first, and the opening of the second semesters.

4. Before calling for Assignment and Registration ticket each student is asked to consult his registration slip of the first semester for two one-hour periods in succession, in the first of which he may be free, without conflict, to meet the Committee on Assignment to Classes and in the other to Register.

5. Each ticket entitles the holder to prompt attention during the hour and day of registration week named thereon. Thus the number to be accommodated during a given period is limited.

6. Our aim is to avoid congestion at the opening of the semester. Each student is therefore requested to secure his ticket early in the week of distribution, January 22-27. Since class work is to be continued regularly, to meet promptly the hours named for assignment to classes and for registration each student should consult his Adviser of the first semester previously—if possible the week before registration—in his department office. Application blanks for registration will be sent direct to the respective Advisers. A required subject taken in the student's first semester must be continued in the second semester. The application of all undergraduate women students must bear the signature of the Adviser to Women.

Except for freshmen and "Adult Special" students, the Adviser is the head of the department in which the major subject is chosen; the first major is there be two. "Adult Spe-

cial" students in any college consult the Dean of the College.

7. The student's registration of the FIRST SEMESTER showing courses and hours should be presented in turn to his Adviser and to the Committee on Assignment to Classes. This will aid in rapidly making assignments for the second semester.

8. Any undergraduate or graduate student who does not secure a ticket in advance or fails to present himself in readiness at the hours named on the ticket may be compelled to register the week following the regular registration days, thereby paying the late registration fee of \$3.00.

9. A change may be made in a schedule without payment of the registration fee if such change is found necessary by reason of a failure or condition in a subject carried in the first semester of the current year.

10. A waiting and study room is provided in Administration Hall 104 where numbers for Registration will be called.

11. Numbers will be called in order of sequence.

Each freshman may find the name of his Adviser on his registration card retained for the first semester. Freshmen in the College of Arts and Sciences will report to their respective Advisers in Memorial Hall at the hours as given below.

Office hours during registration week are as follows:

1. Chancellor, 10 to 12 a. m.; 3 to 5 p. m. daily.

2. Deans, 9 to 12 a. m.; 2 to 5 p. m. daily (in Memorial Hall).

3. Registrar, 9 to 12 a. m.; 2 to 6 p. m. daily.

4. Secretary, 9 to 12 a. m.; 2 to 6 p. m. daily.

5. Assignment Committee, 9 to 12 a. m.; 2 to 6 p. m. daily (in Memorial Hall).

6. Advisers to Freshmen in Memorial Hall as follows:

Professor Frye, 9 to 12 daily.

Professor Lees, 10 to 12 a. m.; 2 to 5 p. m. daily.

Professor Skinner, 3 to 5 p. m. on Thursday, Friday and Saturday.

Professor Fling, 2 to 5 p. m., Thursday and Saturday.

Professor Wolfe, 11 to 12 a. m.; 2 to 3 p. m., Wednesday and Friday; 9 to 12 a. m., Thursday; 9 to 12 a. m.; 2 to 4 p. m., Saturday.

Respectfully,

E. M. RUTLEDGE,  
Registrar.

## PROMINENT STUDENT DIES

SUCCUMBS TO BRAIN FEVER CAUSED BY OVERWORK.

Everett M. Jenks, a junior law student, from Scranton, Iowa, died Tuesday night as a result of an abscess on the brain. Death came after an operation at the Lincoln Sanitarium.

Jenks was twenty-six years old and a member of the Acacia fraternity. He was taken sick the second day after vacation.

He was well known to the members of his class and was a very fine scholar. It is thought that brain fever was the result of overwork. He was carrying twenty-two hours of University work.

## NEW CAFETERIA TO BE COMPLETELY FURNISHED

BIDS AWARDED AFTER MUCH INVESTIGATION.

## WILL EQUAL ANY IN THE WEST

Convenient Lunch Room to Be Conducted in Temple by Student Y. M. C. A.

Wednesday morning a decision was finally reached by the committee composed of members of the University Senate as to the furnishing of the new Y. M. C. A. cafeteria to be installed in the basement of the Temple.

Discussion as to equipment necessary has been going on for a number of weeks since the project was first decided upon by the Regents. Bids were furnished upon different sets of specifications by various firms, and the committee has found it difficult to definitely let the contract. Investigations were made as to the quality used in similar places conducted in Omaha as well as Lincoln, and as a result the equipment installed will equal if not surpass anything in the state of Nebraska. No pains will be spared to make the cafeteria the most up-to-date in Lincoln.

The kitchen will be especially well fitted for student patronage, while the dining room will offer facilities for over one hundred. Serving tables will be installed as well as all necessary china and silverware to do the large amount of business expected from the opening day.
