"GOOD MORNING, MR. KNOCKER."

We are going to the band concert next Friday. We have already reserved our seats and intend to take in the show. That band, which we braskans call "our own," is one of the best in the United States, and it would be a shame to miss the concert.

Every box and every seat on the main floor should be occupied by loyal backer of the Cornhusker band.

STUDENTS MAKE CASTING.

Engineers Mould Giant Base for New Telescope.

The largest casting ever made in the Nebraska engineering shops was cast Monday afternoon. It is to form the base for the new giant telescope being built for the observatory. The casting is a one-piece affair and is considered by local engineers to be perfect. No air bubbles mar its surface or made its form defective in the least.

NEW COURSES TO BE GIVEN.

DRAKE PAPER MAKES FORECAST

Would Terminate Nebraska-Minnesota Football Relationship.

The Drake Delphic has announced that the athletic relations between Nebraska and Minnesota are to be terminated because of Nebraska's dictatorial attitude in regard to the football game between the two schools next fall. No such news has come from the Minnesota camp, at least it is not conceded at Nebraska.

At 129 So. 11th Street the firm of Flodeen & Brethouwer maintains a large show window that is always filled with a line of goods that are equal to the display of any tailoring establishment to be found in the west. The prices quoted on these goods attract attention, and the workmanship and fit is all that could be desired. Here you can buy tailor-made goods at hand-me-down prices.

The moment you put on clothes made to your measure, you see the vast difference between merchant tailored and ready made. Our way costs no more. Besure to see our line first.
