

ABOUT PEOPLE

Professor Chatburn is in Hastings attending a meeting of the Good Roads association in the interests of the Omaha to Denver road.

Robert H. Hastings has returned from a short visit with his parents at Crete.

William H. Larson, eng. '02, visited the campus last week. He has at present, and has held for the last eight years, a responsible position in the engineering department of the Canadian Pacific in Saskatchewan and adjoining provinces. Mr. Larson was on his way home and will stop in Lincoln on his return west.

Alpha Theta Chi announces the pledging of Russell Israel, of Omaha, a freshman in the college of arts and sciences.

Fred G. Schmoeker, '14, has withdrawn from school for the rest of the year to manage a farm for a relative.

Francis J. Heney, who is to appear tonight at the Oliver on the Y. M. C. A. entertainment course, is the man who did more than any other in the great fight against graft which cleaned up San Francisco a few years ago. Heney is one of the leading students of political science and political economy in the west and it is probable that he will visit the University campus during the day. A limited number of seats for the lecture tonight are yet to be had at the Oliver box office at fifty cents each.

LOOKING TO THE BARBS.

Sophomore Candidates Concentrate Attention on the Non-Frat Men.

The fight for the presidency of the Sophomore class is developing into one of the most exciting political contests in years. No third candidate has yet appeared, though one has been anticipated. This leaves the race to Wood and Nagle, both fraternity men. The friends of these men realize that the fraternity vote will be fairly evenly divided, and are concentrating their efforts on the barb vote. Especial stress is laid upon this campaign, because of their bearing on the Cornhusker elections to follow.

The display of mezzotones at Townsend's is attracting the attention of all who appreciate "art in photography." They are distinctively new and exclusive. A portrait that made its "debut" at the late national convention of photographers in St. Paul and excited the admiration of all present. How about them for Easter greetings. A new month has been ushered in—February.

Tho it's short in days, it's generally long in disagreeable weather.

Plenty of time yet to get good usage from a winter overcoat.

We can give you a coat that's a forerunner in style and comfort now—and will be next season too.

The big advantage for you is that we can save you money on it.

RABBI ADVOCATES PEACE.

Famous Educator Says History Lays Too Much Stress Upon War.

A representative audience of students at convocation yesterday morning heard the address of Rabbi Hirsch, who spoke on the subject of "Universal Peace." He was introduced by Chancellor Avery and for thirty minutes spoke in a direct, student-to-student manner on that topic which is now being widely agitated.

He appealed directly to the men and women of the University to realize their responsibility in the movement. To show them this responsibility he defined culture as the power of self control, and education as the ability to distinguish between false and true. Therefore university students, who are striving after these qualities, must hold in check the mass of people who are so easily led to favor war, he said.

He spoke of the fact that history as it has always been taught places too much importance on the wars of the nations. All the dates of a nation's development are based on the dates of its great wars. Historians now are emphasizing the peace of the world, which is a work that students may aid in.

He closed his address by picturing the horrors of war and the happiness of peace. "Let the one," he said, "be used only as a warning, and let us all strive to make the other the true picture."

All students should visit the "College Inn Barber Shop at 127 North 12th. S. L. Chaplin, Prop.
