"RAG" LOSES OLD FRIEND

COMPANY "M" MAKES AWAY WITH TRUSTY SOURCE OF NEWS, THE CANNON.

At last it has come. The cannon which has for several months assumed its defiant position in the "front yard" has been moved.

The first anyone knew about it was last night just before the "Rag" went to press, and it really made us feel as though we had lost an old and trusted friend. Many a time when the news came slowly and the reporters would not work we found that something could always be said about the cannon to fill our columns. Now that it is gone, we must look elsewhere for our emergency subjects.

It was taken away by Company "M," and the question is finally now settled as to whom would finally make way with the old relic.

BOTANY DEPARTMENT ENRICHED

Collections of Bamboo Trunks and Ferns Are Contributed.

Charles E. Chowens, who is now in Panama, has just sent the botany department a third collection of bamboo trunks. The first he sent from Porto Rico, the second from the Philippines, and the last from Panama City.

In the last collection was a section over five inches in diameter, this being the largest piece the botany department owns. It was the base of a tree more than seventy feet high.

Among other specimens the botany department has received recently is a collection of about seventy-five ferns, sent by Mrs. Owen (Ruth Bryan) from Jamaica. This is a very extensive set and includes some of the oldest types of ferns.

All students should visit the "College Inn Barber Shop at 127 North 12th. S. L. Chaplin, Prop.
