MUSIC IN THE SPRING.

Although the prevailing weather conditions scarcely warrant a discussion of spring activities, it might not come amiss to mention the band concerts, which that body has promised.

During the last football season our band was treated to every trip taken by the team, something which has never been done before, in this university nor in any of the valley schools. The feat was accomplished through the generosity of the athletic management, spurred on by student sentiment, and the influence of certain prominent seniors.

To reciprocate for this favor the band promised to give weekly concerts during the spring. These concerts are to be held on the campus every Thursday evening at 7 o'clock.

The band has taken an unusually prominent part in school affairs this year; it has given one general concert and has played at innumerable rallies and all-university events. Suffice it to say that on all these occasions it has been a credit to the school. As a result of its fine spirit and excellent music it has won an enviable reputation for Nebraska; the Cornhusker band is known personally in Minnesota, Ames, and Kansas, and its reputation is said to have reached even Ann Arbor.

Last spring band concerts were given at the various hotels, which proved very popular, especially with students; how much better it will be to have the music on the campus where the listeners can lounge about on the grass instead of dodging teams in the street.

It is now apparently "up to the band," and it is hoped that next June, we can say, "the band did it."

TO SPEAK ON SOCIALISM.

Mrs. Maynard Will Address Professor LeRossignol's Class.

Mrs. M. T. Maynard, of Los Angeles, California, will speak to the students of Professor Le Rossignol's class in Socialism Friday. Mrs. Maynard is one of the lecturers on the Socialist Lyceum course, and she comes highly recommended as an enthusiastic speaker on this theory of social reform. Those who wish to hear the address are invited to be present in U 102 at 10 o'clock Friday morning.

Affections Cheap at Drake.

The affections of students in Drake law college are not very valuable if a decision rendered in the student court there is of value. The sum of twenty-five cents was given Martha Doe for the loss of one husband studying law at Drake, the said husband falling in his contract to marry Martha.

Nebraska Men Making Good.

Paul Yates and J. E. Pike, '10 graduates from Nebraska, have been hired by R. W. Harris, the Milwaukee expert who is to conduct the investigation of the service of the Cincinnati Traction company. Paul Yates, since his graduation has been working in St. Paul and Minneapolis investigating the traction lines in those cities.

University Senate to Meet.

There will be a meeting of the University senate Saturday at ten o'clock.

Students Are Fire Laddies.

At Louisiana State the students have a fire brigade. The brigade has had several chances recently to show what it can do. It put out several "dorm" fires before damage could be done.

Nebraska Has Most Women.

Nebraska has more women students than any other university in the west or in the middle west. Statistics are as follows: Kansas, 846; Missouri, 857; Illinois, 823; Nebraska, 1,785.—University of Washington Daily.

Regent Sends Specimens.

The botany department has received another box of specimens from Regent Coupland, who has been spending the winter in Pasadena, Calif. This collection consists of numerous ornaments and souvenirs made from seaweeds native to the Pacific. The most useful and unique are baskets. They are so well made and the coloring is such that they might well be taken for leather.

Columbia Wins Championship.

Columbia won the basketball championship of the east in the season just passed. It was defeated twice, but won eight games. Yale finished at the bottom of the big teams.
