HOT FIGHT IS ON FOR CORNHUSKER POSITIONS

TWO HAVE ANNOUNCED CANDIDACY FOR ANNUAL.

MORE ARE EXPECTED TO COME OUT

Trimble and Possibly Robinson Would Be Managing Editor and Driscoll Business Manager.

The race for Cornhusker positions in the sophomore class promises to be an exceedingly hot one. Chandler Trimble is out for managing editor, and it is said that Lawrence Robinson also is contemplating coming out. Lynn Driscoll is a candidate for business manager. No other aspirant for this position has yet appeared.

It is likely that President Don Wood will call an election for these offices for next Thursday, thus leaving but a brief time for campaigning. However, what is lacking in duration will more than be made up in intensity. Owing to the growing prominence of the annual in University affairs positions on it are eagerly sought for, and members of the sophomore class are inclined to expect the appearance of several more candidates.

CONCERNING HATS

CO-ED FREQUENTER OF LIBRARY EXPRESSES SOME OPINIONS REGARDING HEADGEAR.

"I never was so glad to see spring again in all my life," said one co-ed in the library yesterday, all the time keeping a watchful eye on the stern mentor behind the desk. "Have you seen those funny little hats the men are all wearing? They are folded over in the middle and pinned with a safety pin.

"They are almost as bad as those suffragette derby affairs the girls have all gotten since vacation. You've noticed that black one, that light-haired I Sigh is wearing, haven't you? It looks just like some man's derby that he didn't want any more.

"But the worst of all," continued the co-ed, "are those horrid flat derbies the men are getting. Why, they look exactly like stage Jews when they put them on. Girls' styles are bad enough, but, believe me, they are nothing at all compared to the men's."

REAL WORK FOR FORESTERS.

They Will Do Nursery Duty at Hasley for Two Weeks.

Yesterday several of the upper classmen in the forestry department left for Hasley, Neb., where they will do some nursery work for two weeks. It has become customary for the supervisor of that forest to get his extra help needed for the spring planting from the forestry department, so each year those who think that they can afford to make up two weeks of back work get an extra spring vacation. It gives the fellows a great deal of experience, but this year, on account of the military camp being held during the school term, few first-year men expect to go. R. A. Phillips, R. E. Bedley and S. B. Fullaway left yesterday. F. Forsling, W. F. Cowgill and L. Towle leave today. The others will go Sunday.

TO TEACH GERMAN EARLY

SUPT. FISHER OF AURORA WOULD HAVE LANGUAGE TAUGHT IN LOWER GRADES.

Superintendent Fisher of Aurora was on the campus yesterday conferring with the German department and the teachers' bureau to find a teacher of German for his school. He is planning to install the teaching of German in the sixth, seventh and eighth grades of the schools in Aurora, a move which is in advance of anything like it in the state. It has been the subject of much discussion among educators recently, on the principle that children of the higher grades can learn a language easier at that age than a few years later when their minds are not so receptive. The only similar move was made by the Lincoln schools, when they gave the pupils in the preparatory (seventh and eighth) grades the opportunity to take either Latin or German. This preparatory department is more advanced than the regular seventh and eighth grades, however, for graduates from it are ranked as sophomores in the high school.

In that respect, then, the move of Professor Fisher is in advance of anything like it in the state. A very skillful and capable teacher will be needed for the position, and several of the best applicants from the German department are under consideration.

PREPARING FOR CONFERENCE.

Registrations Coming In for Meetings to Be Held Next Week.

Registrations are now coming in from other colleges and universities for the North Central Territorial Conference to be held here Friday, Saturday and Sunday of next week. The speaker at the opening meeting Friday evening will be Dr. Frank Newhall White of Minneapolis. Chancellor Avery will give the address of welcome.

'T WAS GOOD FRIDAY

AND THE POOR GIRLS HAD TO TURN DOWN INVITATIONS IN CONSEQUENCE.

Because of the fact that yesterday was Good Friday there were a large number of dance dates broken or declined by co-eds.

One co-ed was asked to two different dances, but on account of her vows to the church she had to say "No" both times. However, it might be remarked that she was pretty angry about it.

We also learn that a greater number still have made dates, but are doing penance for it by frequent trips to church before the date comes off.

Among other things a number of entertainments have been postponed on account of Good Friday.

Senior Invitations Here.

The committee on senior invitations will meet in the Rag office Monday at 1 p. m.

The samples have arrived and only one week will be given the seniors in which to order the invitations. Orders will be taken in the library from Tuesday, April 9, until the end of the week.

GEO. K. LEONARD, Chairman.

ALL KNOCKERS GIVE HEED

MEMBERS OF WORTHY ORGANIZATION ARE CONFRONTED WITH PRESSING DUTY.

Say! are you a knocker? Well, if you are, we want you to be present at our next meeting. We have important business to transact.

The president of our Knockers' Club has found that the Cornhusker is going to excel any previous attempt; it is therefore up to us to get busy. The purpose of this meeting will therefore be to find some flaw in regard to the annual, if such is possible, and play it up to the public before the copy goes to press. We understand that all the writeups must be in by the 12th of this month. Our greatest regret is that this matter has not been called to your attention before, but everybody makes mistakes, you know.

According to our president, we will have a hard time in finding any fault with the book, as there is apparently none to find; therefore, more than ever, it is up to every loyal member of our worthy organization to look into this important matter in the next two or three days.

Mr. R. U. A. Knocker, the president, would like very much to talk this over with you at any time, so drop you into the office.

NEW MUSEUM SOUGHT.

Work for an Appropriation Begun by Those Interested.

The State Historical society and the faculty members who are interested in the museum are working for an appropriation with which to build a new museum.

It is claimed that the cost of repairing the building that was recently injured by fire is a useless expense, as more room will be necessary in a short time to display properly the increasing number of specimens.

HOUN' HAWG IN POLITICS

SONG ADOPTED AS CAMPAIGN SLOGAN BY MISSOURI STUDENTS.

The Houn' Hawg song has broken into student politics at the University of Missouri.

The friends of John M. (Jack) Blair who are supporting him for president of the student body have adopted the song as their campaign slogan. The stanza which goes as follows they feel assured will give Mr. Blair a great advantage over the other candidates in the field:

"My Dawg Jack is a good ole houn', He trails the possum on the driest groun';

Makes no difference if he is a houn', They gotta quit kickin' my dawg aroun'."

Mr. Blair's supporters declare that this stanza epitomizes his characteristics. "No matter how dry the ground or hard the task, Jack is always on the job," declared one of his supporters.

Collection of Marbles.

The geology department has just received a choice collection of marbles from all the famous quarries of the world. These specimens have been prepared under the direction of Professor Barbour and will soon be on display in the museum.

DAVID ROGERS WILL BE IVY DAY ORATOR

FOUR CANDIDATES COMPETE IN SPECIAL TRYOUT.

EACH IS TO BE ALLOWED 15 MINUTES

Subject Chosen by Successful Aspirant is "World Peace"—Something About Winner.

David Rogers was chosen as the Ivy Day orator yesterday in the special tryout held for the purpose. There were four aspirants for the honor. The subjects chosen by the candidates were:

David Rogers—"World Peace."
S. O. Cotner—"Civilization's Fall."
N. A. Neglee—"Prohibition by Judicial Decree."
C. L. Clark—"Government Ownership of Railroads."

The Judges.

Each address covered about fifteen minutes. The committee of judges consisted of Miss Alice H. Howells, Judge W. A. Hastings, Prof. P. M. Buck, Prof. George E. Le Rossignol and Prof. P. H. Grumann.

Rogers is a resident of Randolph. He has been prominent in class affairs, being a member of both the class and varsity debating squads. He is a member of the Society of Innocents, of Phi Alpha Tau and the Palladian society.

BARRELS OF INK USED

STUDENTS CONSUME ABOUT \$200 WORTH OF WRITING FLUID ANNUALLY.

University students use a gallon of ink every month, which is given away free by one of the book stores. The other book store probably furnishes about the same amount.

Besides this, each of the 4,000 students probably buys, on the average, one bottle a year for use at home when his pen runs dry in the middle of a theme.

The professors also use a generous amount of writing fluid, especially of the red variety. An enormous quantity of different kinds, such as Waterman's Ideal, typewriter's and printer's ink, is consumed in getting out the Nebraskan.

All together, \$250 worth of ink is used during the school year at Nebraska. But this is nothing, as any student writing home to account for his enormous ink bills can explain, compared to the great benefits bestowed through learning.

GOING TO MICHIGAN.

Nebraska Law Students to Attend Summer School There.

Nebraska law school will be represented by a number of men at the law school of Michigan this summer. Michigan has recently instituted a summer law course, where nine hours of credit can be made.

The purpose of this course is to give the law student a chance to get an L.L.B. in two years by attending three summer sessions; and accordingly a number of the Nebraska students are taking advantage of this opportunity, as no summer classes in law are held at Nebraska.
