CORNHUSKERS WINS IN NINTH INNING FINISH

NEBRASKA TAKES A LOOSELY PLAYED GAME, SCORE 7 TO 6:

THREE TWIRLERS ARE USED IN GAME

Underwood's Pinch Hit in Final Inning Scores Winning Run—Cold Prevents Spectacular Work.

In a loosely played game, marked by an exciting ninth inning finish, Nebraska yesterday afternoon defeated Tarkio College 7 to 6. The chilly afternoon made the playing slow and listless, while numbed hands and feet made the fielding look like a high performance at times.

A goodly number of rooters witnessed the contest and bent all of their efforts to keeping warm and helping the varsity pull the game out of the fire in the ninth inning. In view of the weather conditions, the players all showed up well, and under more favorable temperature should prove to the satisfaction of the student body that Nebraska has not forgotten how to play baseball.

Schmidt Pitches Well.

Schmidt started in the box for the varsity and pitched an excellent game. The cold hampered his work, but Tarkio made only three hits in the five innings that he pitched, while he struck out four men. Shmra, who went in at the beginning of the sixth, lasted only one inning. The Tarkio batsmen soon found him and annexed two runs to their total. Shmra is a young pitcher and this was his first game with the varsity. Rodman took the mound in the seventh and started to mow the batters down. The first three men that faced him met only empty air in futile swings at the ball.

Pyres pitched the whole game for the visitors and twirled steady ball throughout. He weakened in the second and fourth innings, allowing Nebraska to drive in three runs in each inning.

Oliver and Harte Hitting Stars.

Harte caught for the varsity, and although a little weak on throwing to second, he caught a good game and was Nebraska's strong man at the bat, getting a three bagger and a single. The single came when needed, while he scored as a result of his extra base hit. Oliver got three hits in five times at bat and fielded his position in great shape. Flory, Towle and Kirk did the sensational fielding of the game. In the third inning Flory made the feature catch of the game, nailing a fast drive that looked good for two bases by spearing it with a back-hand stab. Later Towle ran far out into right field, after a fly near the first base foul line, robbing the batsman of a sure hit. Kirk grabbed a hard hit ball off Haskell's bat after a hard run.

Tarkio Looks Dangerous.

Tarkio came up in the fifth and made two runs, duplicating it in the sixth and things began to look interesting, but when the visitors tied the score in the ninth it looked like an extra inning game. Haskell came up in Nebraska's half of the ninth and walked. Towle sacrificed him to second and Hyde worked the pitcher for a pass. Oliver, the next man up, laid one down in front of the pitcher, who tried to catch Haskell going to third.

MORE HONORS FOR REED

TRACK MAN AND COACH GIVEN RECOGNITION IN SPAULDING'S ATHLETIC ALMANAC.

Guy Reed, last year's star track captain and assistant coach and athletic manager for the current year, has had another honor added to his already extended list of laurels. This time it comes in the form of recognition among the foremost athletes of America as given in Spaulding's Official Athletic Almanac for 1912.

In this publication Reed is the only sprinter who is recognized in all three sprints of 100, 220 and 440 yards. In the 100 yard dash he is given credit for one of the three best performances in America, his time in this event being 9.45 seconds, as run last year in Kansas City under the auspices of the K. C. A. C. In the 220 he is placed among the eight best performers in America, the time being 22.15 seconds, made in the same meet.

Under the best performances in college competition he is listed among the best eight in the 220 at 21.45 seconds and the 440 at 59 flat, this time being made in the dual meet with Minnesota last year.

ANNUAL INSPECTION TRIP

PLANS NOW BEING MADE FOR ENGINEERS HEGIRA TO OMAHA.

Every year the engineers make a trip of inspection to Omaha under the auspices of the A. I. E. E. The days set for this year are May 3 and 4, leaving Friday morning about 7:00 o'clock and returning Saturday night.

The program this year will probably include Armour's plant, the street railway sub-station, Union Pacific shops, People's Ice and Cold Storage plant, Florence pumping station, the Nebraska Telephone Company's switchboard, street railway plant, electric light plant, and the smelter.

The value of such a trip is shown by the fact that almost all engineering schools the size of Nebraska or larger make it compulsory for their juniors and seniors. Many of the men that went last year are planning on going again this year. While the upperclassmen will receive more good from such a trip than the underclassmen, yet all should go if possible. All men going will be excused from class for these two days.

The expenses are about \$5.00, which are very small compared to the value of such a trip. All desiring to go should register with the head professor of their department or see one of the committee. The members of the committee are: Fred A. Wirt, chairman, Sam Carrier, C. K. Paine and L. A. Arms.

Four Enter Dramatic Club.

C. L. Stewart, H. R. Mulligan, S. A. McCandless and Helen Sawyer were elected to membership in the Dramatic Club at a special tryout held Tuesday morning. This tryout was held for the benefit of those who did creditable work in the regular tryout a few weeks ago and upon whom the judges desired to pass further judgment.

EVENTS A-PLenty COMING

TEMPLE ROOMS ARE IN GREAT DEMAND FOR UNIVERSITY AFFAIRS.

University events are beginning to crowd upon each other. The University authorities in charge of the Temple report an unusual number of dates scheduled, even for this time of the year.

According to Miss Ensign's book, Music hall of the Temple is engaged for every Friday and Saturday night the rest of the year, except May 31.

The Temple theatre is even more popular. Play practices, lectures and convocations are scheduled for it every day except four of the two months left. Oftentimes there are as many as three events in it during one day.

The other rooms in the Temple are almost as much in demand. It is probable that during the month of May every room in the Temple will be used each night.

TOMORROW LAST DAY.

Tomorrow is the last and only day to order senior invitations.

'TIS REAL JOKE SECTION

LIVE CARTOONS AND JESTS WILL BE FEATURE OF THIS YEAR'S CORNHUSKER.

From various sources it has come to the Cornhusker staff that some of the students have the idea that the joke section of this year's annual will not be anything unusual, as has been stated in several previous reviews of the work being done on the book.

If this is the idea with any student in the University of Nebraska, it is the desire of the editor of the Cornhusker that he lend him his ears a moment. The joke section of the book is the department that has received the most attention and money. As cartoonists such well known artists as Fay Blanchard, Don Wood, Ado Anderson and Paul Sturges have given a large share of their time and experience to produce the very best take-offs on things we all will laugh about. As a result of this labor, something over one hundred and twenty-five cartoons have been accepted, and perhaps that many or more have been turned down. As for the art work, when the staff says Miss Bernice Branson is doing that, there ought to be enough said—everybody knows what Miss Branson is capable of doing.

Coming to the jokes, perhaps more have been thrown away than accepted, and even at that, the staff has more on hand now than it knows what to do with.

At present, the above statement is exactly how the situation stands. If any further proof is needed to substantiate these remarks, the only thing the staff can ask is that the person not believing the details as set forth will come in and see for himself.

Quite Plausible.

"Why do so many of the fellows go to the big dances, stag?"
"On the account of the scarcity of doe, perhaps.—Cornell Widow.

NEBRASKA REPORTERS

HAVE A NIGHT OFF

THE ATTEND THE THEATRE AND LATER A BANQUET.

THIRTEEN NOT AN UNLUCKY NUMBER

Business Combined With Pleasure—Important Questions Discussed and Decided Over Festal Board.

The masculine members of the "Rag" reportorial staff were the guests of the editors at the Orpheum last evening. For once they were not asked to take notes or "rush in" their reports and laughed uproariously at the jokes—and near jokes. The performers, somewhat unnerved by the presence of so many critical spectators broke down at times, but on the whole put up a very creditable exhibition.

Thirteen Attend.

The fact that there were just thirteen in the assembly cast no gloom on their spirits. With one accord they adjourned to Folsom's, where the reporters reciprocated by tendering the editors a sumptuous feast. Here the serious business of the evening was transacted: Roosevelt was elected president, the baseball team was praised, the athletic field was christened "Engberg Field," and a firm resolution was made to resist the attacks of offended readers by hereafter gleaning all the news in existence.

Those who attended the celebration were: John Cutright, Merrill Reed, Cloyd Stewart, Vincent Hascall, Kenneth Snyder, Homer Hewitt, J. K. Lyman, Hugh Agor, H. M. Bechter, Fred McConnell, Earle Taylor, Burton Hill and Searle Holmes.

GIRLS CLUB TO HOLD RALLY

NEW CONSTITUTION WILL BE VOTED UPON BY MEMBERS THIS MORNING.

The Girls' Club of the University will hold a rally today at 11:30 in U. 106.

The new constitution, which has been adopted by a committee, will be voted upon. This constitution provides for a new method of electing officers. Formerly the club has been governed by an executive committee which was self-perpetuating, each girl electing her own successor. Now, however, the members will be voted upon by the entire co-ed body.

Plans for a picnic party, to which all University women will be invited, will also be discussed.

SILVER SERPENT PLEDGES.

Fourteen Girls Chosen to Membership in Junior Society.

Silver Serpent announces the following new members: Rachel Kellogg, Ruth Wheelock, Gladys Bunt, Lillian Pearse, Bessie Rogers, Isabel McCorkindale, Edith Ayres, Bertha Wiese, Laura Knott, Edith Shurm, Eva Lambert, Mamie Anderson, Annie Wilson and Gertrude Scriber.

Silver Serpent is the society for junior girls. One girl is asked from each sorority and three from the non-fraternity girls. It is organized for the purpose of uniting the girls of the University and for social activities.
