

The Daily Nebraskan

VOL. XI. NO. 135.

UNIVERSITY OF NEBRASKA, LINCOLN, TUESDAY MAY 1, 1912.

Price 5 Cents

OKLAHOMA ADDED TO NEBRASKA'S SCHEDULE

MINNESOTA ONLY ONE OF BIG EIGHT TO BE MET.

AMES WILL NOT BE PLAYED

One Remaining Date Likely To Be Filled by Game With Utah or Some Other Western School.

With Oklahoma replacing Michigan as the last team on Nebraska's schedule, and with Minnesota the only "Big Eight" eleven represented, the Cornhusker football schedule for 1912 has been given out by Coach Stiehm. The list of games shows a much less formidable list of opponents than last fall's. However, considering the difficulties under which Stiehm has been laboring, and the fact that he has entered a fight to force equal recognition from the "Big Eight" teams, the schedule is well compounded.

All but two of the scheduled games are to be played at home, and if the open date is filled it will probably be with a home game. It may be possible that Utah, champions of the Rocky mountain conference last year, may be imported for this vacant occasion, October 26, the heart of the season.

No Ames Game.

This is the date which was offered to Ames. The Iowa Aggie school objected on the ground that they had a game away from home the week before. Moreover, they insisted in playing in Lincoln where they would draw more money than at their own small town. Stiehm pointed out that any other arrangement of the schedule would give Nebraska from two to three games away from home in a row and ended negotiations.

The failure of the anticipated Michigan and Wisconsin games to materialize will be regretted by the thoughtless, but not by those who know the situation. Stiehm has been insisting on two-year contracts, or, at the worst, three year agreements with these schools, so that Nebraska would entertain the big teams as well as play on their grounds. The managers of the big schools insisted on unreasonable guarantees, more than they were willing to give Nebraska and the Cornhusker coach laid down an ultimatum that the contracts must be equal or Nebraska would not enter. This stubborn attitude convinced Minnesota and the Gophers will disport themselves in Lincoln in 1913 for the first time that they have invaded the city since 1909, although they played in Omaha in 1907. Coach Stiehm believes that such a contract is possible with Wisconsin next season.

Oklahoma a Good Team.

Oklahoma, the team which fills the end of the list, has played consistent ball against valley teams, beating all opponents in recent years. Benny Owens' proteges are fast and play real football, and a game between them and the Cornhuskers will possibly settle the championship of the two sections. It is more than possible that the open date will be filled in with Utah or some Rocky mountain conference team so that Nebraska will have opponents from three different groups of colleges.

The schedule follows:

- Oct. 5—Bellevue at Lincoln.
- Oct. 12—Kansas Aggies at Lincoln.
- Oct. 17—Minnesota at Minneapolis.
- Oct. 25—Open date.
- Nov. 2—Missouri at Columbia.
- Nov. 9—Doane at Lincoln.
- Nov. 16—Kansas at Lincoln.
- Nov. 23—Oklahoma at Lincoln.

BAND CONCERT ON CAMPUS

EVENT PROMISES TO BE ONE OF MOST POPULAR OF THE YEAR.

Probably no announcement in a long time has aroused as much general interest as the statement that the University band would give a concert on the campus this evening. To fustlers it offers an unexampled opportunity to ply their arts and sciences; to the weary student with brain reeling with math figures and history statistics, it offers a soothing paean; to the open-air fiend it provides another chance to inhale huge lungfuls of that cheapest of all commodities. In fact the band concert seems to be just the thing needed for the spring weather and all the weather dispenser needs do to popularize himself hereabouts is to send a bright, balmy evening with just enough, but not too much moonlight.

The campus is in excellent shape for the concert; for right now it is in almost the prettiest state of the year.

The concert will begin at 7:00 o'clock and will end at 8:00.

\$25 REWARD FOR THIEF

INFORMATION REGARDING THEFT OF CLARINET FROM BAND ROOM IS SOUGHT.

A reward of \$25 will be paid for information leading to the conviction of the thief who stole a clarinet from the band room about April 25.

Beginning May 6, a substantial reward will be paid for information concerning any person who has unlawfully in his possession any article of government or University property, or who has unlawfully taken any part of any cadet's uniform.

H. E. YATES,
Commandant of Cadets.

SENIORS PREPARING PLAY.

Cast and Fairy Ballet Are Holding Daily Rehearsals.

Senior play rehearsals are going on rapidly under the direction of Miss Howell. There is a practice held every evening for the principal characters in the play. Those who are playing the minor roles are practicing in the afternoon for the most part.

The fairy ballet last week began serious work on "aesthetic dancing," under the coaching of Mrs. Green of Chicago.

Practice has been interfered with to a slight extent because some members of the cast are also in the Kosmet club opera. After this week there will be no more hindrance from this source, and every effort will be made by both the coaches and cast, to have a perfect production.

ADDRESS OPEN TO ALL.

Dr. Williams Will Speak on "The Old Learning and the New."

"The Old Learning and the New" will be the subject of the address given by Dr. Talcott Williams before the Phi Beta Kappa society on Wednesday, May 8, in the Temple theater.

The secretary of the society wishes to emphasize the fact that the address will be open not only to students of the University, but also to the general public. No admission will be charged.

UNUSUAL FEATURE AT DANCE

EDDIE WALT WILL PLAY FOR THE JUNIOR HOP ON MAY 10.

The junior hop, announced for the evening of May 10, at the Lincoln hotel, will be notable for an unusual feature—it will be the only informal dance of the university year at which Eddie Walt has played. And it will be one of the last opportunities given the student public of dancing to Eddie's music, for he has announced his intention of retiring at the close of the present term. This means he will be available for probably only one other university dance, the Pan-Hellenic.

The hop is also likely to be the last held at the Lincoln this year. Special arrangements in regard to music, refreshments, etc., have been made by the committee. It will be limited and this time there is a promise that there is no joker concealed in the statement. Tickets can be had from Cecil Bachoritch or any member of the committee in charge.

SPRING FEVER IS RARE

ONLY A FEW CASES OF PECULIAR MALADY TO BE OBSERVED AT NEBRASKA.

It is hard to tell whether or not we are going to get a chance to have the spring fever. One day the sun shines beautifully, and the next day it rains—or maybe the thermometer drops twenty or thirty degrees from a former position of not over sixty above, so there you are.

In order to get a good case of spring fever the weather must continue warm and the skies must be cloudless. This condition produces a drowsiness upon the student, which, like all other forms of disease, has a scientific terminology. Spring fever is the term most "universally" used by all students, but the real name is "laziness"; some have called it "somnia," but only among those with the bulging foreheads will this term be heard.

So far there have been a few cases of spring fever reported, but in every case they have been only slightly affecting the student. All this goes to prove that the real epidemic has not yet approached the Nebraska campus.

However, it might be said that among a few students, well known upon the campus, the illness usually comes with the slightest provocation, and it is these cases that are being eagerly watched. It is hoped that the student body can be more enlightened upon this subject sometime within a week; but that all depends upon the weather.

PHI PSIS AND BETAS WIN.

One Game Is Lop-sided, But Other Is Very Fast.

Two more inter-frat baseball games were played yesterday on Nebraska field. The Phi Psis cleaned up the Sigma Nus 25-2 in a poor excuse for a ball game. It was entirely one-sided, as the score shows. The Alpha Taus went down to defeat before the Betas, 6-0. This was a well-played game and there were not the usual number of errors evident in frat games.

GLEE CLUB WILL GIVE ANNUAL CONCERT MAY 24

BIG PREPARATIONS BEING MADE FOR THE EVENT.

SOME SPECIAL STUNTS ARE PLANNED

Mandolin Club Likely to Participate Also in Making Affair One of Season's Stellar Performances.

On the evening of May 24, at the Oliver theater, the Cornhusker Glee club will give its concert. Owing to hard luck in losing men from delinquency and through others leaving school, no tour is to be undertaken, but a concentrated effort is being put upon the home affair.

Stunts are to be put on by the members of the club as well as vaudeville artists of local fame, and it is probable that the mandolin club will help entertain the big crowd expected to attend. Plans are on foot to render the "Sextette from Lucia," with a strictly masculine cast. If this is done the concert will undoubtedly rival "The Diplomat" as a source of enjoyment. Other minstrel numbers are in preparation, including selections by the glee club quartet and octette.

Samuelson To Aid.

In addition to the home talent on the program, Arvid Samuelson, of the University School of Music, and director of the club, will give a piano solo.

The members of the club who will participate in the concert are:

First tenors—Aldrich, Dunaway, Allison, Grant, Guddinger, Melville. Second tenors—Hargreaves, Harpham, Mead, James, O'Hanlon, Slater. First basses—Clark, Frost, Jackson, Johnson, Sage, Israel. Second basses—Adams, Allen, Colbert, Keith, Lionberger, Scott.

GIRLS WIN AT BRIDGE.

Kappa Kappa Gamma Again Defeats Phi Delta Theta.

Kappa Kappa Gamma won for the third successive time its annual bridge whist tournament with Phi Delta Theta Saturday night at the home of the defeated. The margin exceeded over six hundred points and the Kappas feel very elated because they say they had only their poorest players on deck while the Phi Deltas imported several "sharks" from among the alumni.

Another contest is to be held Saturday night at which time it is expected that the men will make a strenuous effort to attempt to regain some of their fallen prestige.

SUFFRAGETTE BALLOT FIRST.

Girls Will Try Australian Voting System May 2.

Woman's suffrage has gained a strong foothold in the University of Nebraska. The first trial of the new Australian ballot system will occur at the election of the executive council of the Girls' Club, May 2. The polls will be held in University Hall from 10 to 12 and from 2 to 4. All co-eds should turn out, if only to show the men that "women desire the voting privilege."

New Geology Laboratory.

A new laboratory is being fitted up for the geology department in the museum. The number of students taking this work makes this change necessary.
