## TAKE SECOND GAME

AGGIES BESTED IN ANNUAL CONFLICT WITH CORNHUSKERS.

## PLAY TILL FINAL WHISTLE

Stiff Fight from Aggies All the Way Through—Nebraska Weak in Line—The Score was Thirty to Six.

Nebraska defeated the Kansas Aggies Saturday in the second game of the season by a score of 30 to 6. Although the score seems somewhat one-sided, it was far from it. The Aggies fought every inch of the way and gave up only after the whistle was blown. The Cornhusker machine, with the exception of the center trio, worked nicely, and probably the weakness here was caused by the shifting of Meyer to tackle in the place of Pearson, who is on the hospital list.

As for the number of yards gained, Nebraska advanced the ball 407 yards, as against the Aggies' 63. The Cornhuskers were forced to kick only five times, while the Kansas boys were forced to punt to safety almost every time they obtained possession of the ball.

### Industrials Play Good Ball.

Capt. Ernie Frank and Purdy played brilliant ball and carried the ball through the line for consistent gains time after time. Halligan as fullback made two of the four touchdowns and proved his ability as a line plunger when he went through for gains with apparent ease. Potter ran the team in great style, and in addition made a beautiful drop kick from the 40-yard line. Mastin, the husky end, shared in the individual honors with the backfield men. His tackling was of a high class variety. He broke up interference time after time, and several times got the runner with the ball by a one-hand tackle. Howard, at the other end, did good work, and when called upon punted the ball into safe territory. His punts, although not as numerous as those of the Kansas fullback, were longer and higher, allowing the ends to get down under them.

### Weak on Forward Pass.

Nebraska's showing with the forward pass was anything but favorable. Out of five attempts but one was successful. The others were either wild passes or were fumbled by the receiver. On the other hand, the Aggies made but two attempts and were successful in both. Their passes netted them over thirty yards and a touchdown.

The Manhattan ends were good and very few yards were made around them. Prather, as fullback, and Sidorfsky, halfback, were the shining lights of the agricultural team and made good gains through the center of the line.

The game showed up the weakness of the team which has been quite noticeable ever since the beginning of (Continued on Page Three)

## NEBRASKA WINS FOUR CUPS

Take First Place in Kansas City Stock Show—Best Work Out of Five Schools.

The Nebraska stock judging team returned last week with highest honors from the English Royal Stock Show at Kansas City. Under the leadership of Professors Ellis Rall and R. K. Bliss, they took first place out of the five schools represented, besides first, third and fourth places in individual judging.

Four cups were taken in all by the team, one granted to the team as first place and one for each place taken by the individual members. H. P. Pier was awarded first place in individual judging, R. J. Posson third, and W. Wiesenand fourth.

The competing teams in order of their placing were Nebraska, Ames, Arkansas, Kansas and Missouri.

## SCANDANAVIANS ORGANIZE.

Form New Club Which Meets Monthly. Next at Home of Chancellor.

A number of Scandinavians of the University met recently for the purpose of organizing a club. Chancellor Avery, who had become interested in the movement, presided. Among others present were Professors Frandsen and Alexis.

The club will meet once a month. Its programs will consist largely of talks and papers on matters of interest to Scandinavians here and in Europe. It is hoped that it will engage the interest and co-operation of all Scandinavians connected with the University.

The next meeting will be held at the home of Chancellor and Mrs. Avery, 2001 Washington street, tonight at 8 o'clock. Prof. C. C. Engberg will speak and the Alexis Quartette will furnish music. All present will join in singing Norwegian, Danish and Swedish songs. Everybody connected with the University of Scandinavian birth or descent is invited.

## M. V. CROSS-COUNTRY MEET SOON

Nebraska Will Send Strong Team to Compete in Annual Meet Nov. 9.

The Missouri Valley cross-country meet will be held this year at the University of Missouri at Columbia on November 9. All the Missouri Valley schools will be represented in this meet, and the admission of several outside schools is being considered.

Nebraska is working hard to win in this meet, and with her large cross-country squad working to the limit under Captain Boggs, she should be able to come out strong in this event. Cross-country meets have not received the stimulus which other athletic events receive at Nebraska, but hereafter this phase of athletics is to be considered more seriously.

## Moore Takes Advanced Work.

C. T. Moore, C. E. '11, who has been in California the past year, has re-registered, taking advanced work in geology.

## CONVOCATIONS INTERESTING

Professor Grumann Has Prepared List of Speakers Several Weeks In Advance.

Professor Grumann has billed many interesting numbers for coming convocations which perhaps will be some of the best numbers of the season. Today Professor Caldwell will continue his lecture of last week on "English Politics." His first lecture was so well received that by unanimous vote of the audience he was asked to continue on this subject.

On Tuesday, October 22, Professor Maxey will talk on the Balkan situation. Professor Maxey has always been one of the headliners at convocations, and the topic he has chosen, of the recent eastern uprising, will bring out his customary audience.

Another number, billed for November 7, which will attract a good deal of attention, is Professor Lee's lecture on "The Electra of Euripides." The play will be given by the Coburn players the following weeks, so his lecture will be of particular interest.

On the following Tuesday Mr. and Mrs. Coburn will speak on Shakespearean plays. It will be recalled that both Mr. and Mrs. Coburn spoke at a special convocation last fall and the news of their coming before a University audience again will be well received. This couple is touring the country in Shakespearean repertoire, producing their plays principally in university towns.

## DIRECTORY OUT BY NOVEMBER 1.

Driscoll Asks Co-operation of Students in Correcting Changed Addresses.

The University Directory will be ready for publication by November 1, according to J. L. Driscoll, editor of this year's edition.

In order to make this possible the editors are asking the co-operation of the students. Those who have changed their addresses since registration are requested to have their corrected addresses in the box at the information desk in the Temple by 6 o'clock Wednesday, October 16.

## Engineers Will Hold Smoker.

The Engineering Society will hold its first get-together smoker Friday evening at the Delta Upsilon house, 1625 H street. Arrangements are being made for a big turnout. All engineers, especially freshmen, are expected to be present.

## DRAMATIC TRYOUTS

BUDDING ACTORS WILL BE GIVEN A CHANCE TO BLOOM.

## FIRST PLAY GIVEN ON NOV. 23

Dramatic Club Will Give Two Plays This Year—Kosmet, Junior and Senior Play Plans Not Yet Formed.

Tryouts for the University Dramatic Club will be held Thursday evening, October 24, in the Temple Theater. This announcement was made Monday by the committee in charge.

As in previous years candidates for membership in the club will be required to present a selection from some dramatic work. A list of suggested plays may be had by applying to Miss Alice Howell, president of the club, in her office, U. 106. Candidates are also requested to register for places with the secretary of the club, Miss Alma Plasters, between 11 and 12 on Tuesdays and Thursdays.

With the announcement of the date set for the Dramatic Club tryouts, together with the known arrangements of other organizations, interest in dramatics among the students assumes new life.

The Dramatic Club will be the first to produce a play this year. This club was organized eleven years ago, and up to the time of the forming of the Kosmet Klub has been the only organization to encourage college dramatics. During these eleven years many of its members have gone into acting as a profession. Among those who have achieved fame is Miss Julia Nagl of the class of 1910, who is at present touring the country as leading lady in "Officer 666."

Each semester the club usually produces a play. Last year only one was given, that being "The Amazons."

The first semester play this year will be held in the Temple Theater the evening of November 23. The title of the play and the cast picked to present it will be announced within the next few days.

The newly organized Kosmet Klub has begun preparations for its annual performance. This club was created for the purpose of producing original comic opera to be composed by the students of the University. The first production was given last year and proved such a success that its continuance seems warranted. Some of the music for this year's opera has already been written.

Other dramatic productions given during the year are the senior and junior plays. However, these do not come until later in the year, and preparations for them have not begun.

## Graduate Club to Banquet.

The Graduate Club will hold an informal dinner Thursday evening at 7 o'clock in the banquet hall, Temple. All graduate students are invited. Leave orders for plates with C. B. Cornell, room L. 111.
