

TENNIS MEN ACTIVE

AFTER YEAR OF INACTIVITY THIS SPORT AGAIN STARTS UP.

FALL TOURNAMENT THIS WEEK

Play Which Picks Tennis Squad Commences Wednesday—Eight Men to Be Chosen—Williams and Florry Back.

Now that old Sol promises to shine again for a while, tennis enthusiasts are turning their thoughts toward the formal opening of the University courts. These are in fine condition after the recent rains.

There are many devotees of the game, and Guy Williams predicts that there will be no trouble in making out a squad of eight men. It is planned that from this squad a team of three men shall be chosen. Two old men are in school, Florry and Williams, and there are six places to be filled.

The tryouts commence Wednesday afternoon, and if possible will be finished within the week. Lots will be drawn for the order of play at the "Rag" office this afternoon from 4 to 6 o'clock, and the results will be posted Wednesday noon on the bulletin board in front of Administration building.

Only singles will be played during the contests on account of the limited time. Dr. Skinner is the official referee. Next spring other aspirants to tennis honors will have the opportunity of challenging members of the squad.

According to present plans, the team will play with the Universities and colleges in the Missouri Valley Conference. Last year the meet was held at Columbia, Mo. It is not definitely known where the meet will be held this year, but it will probably fall between Columbia and Lawrence, Kas.

DOPE

That drop kick of Potter's from the 40-yard line was a bird, wasn't it?

Mastin evidently does not believe in two hands this year, for he made five one-handed tackles in Saturday's game.

Halligan is living up to his reputation as a line smasher, for he sure did walk over the farmers.

If Purdy plays against the Gophers as hard as he did against the farmers there won't be very much to it.

Ernie Frank is there on those back-handed, twisting runs back of the opponents' line; at least he does it every line.

Howard is developing into one of the classiest punters that ever adorned a Cornhusker machine.
