NEBRASKA'S SQUAD A BUNCH OF ABUSED CRIPPLES.

## MINNESOTA PRACTICE GOES ON

Gophers Green at First of Season, But Williams Learns from Ames Game How to Season His Squad for Game Saturday.

The practice this last week has been secret and it likewise has been a very gruelling one. Ex-Captain Harvey has been assisting the linemen the last couple days and teaching them the tricks with which he became famous. Harry Minor was on the campus, but owing to affairs in the business world was unable to don a suit and help the boys out, although he expressed his regret of not being able to do so.

Last night's practice lasted about three hours for the entire squad, but in addition the line spent a couple of hours of hard work after supper in the gymnasium. The line has suffered another blow by the injury of Harmon in the Kansas Aggie game last Saturday. He had his ankle sprained in the first quarter of the game, but it is improving quite rapidly now, and he will probably get a chance to catch a few Gophers. Pearson, who has been suffering with the same trouble, is out for practice, but has not partaken of any scrimmage. Purdy and Mastin received a couple of severe bruises in last night's scrimmage, but they are of a minor nature and will not trouble them much.

The Gopher football team, under the careful tutelage of Williams and McGovern, is going through some strenuous practice these days in preparation for the Cornhuskers next Saturday.

The Gopher team is troubled with the same malady as Nebraska's green and weak line. The heaviest man in their line is Robertson, at center, who tips the beams at 190. As for the ends the Gopher men weigh around the 150 mark. They are speedy and very good in getting down under punts.

In the backfield Tollefson is playing quarter, and in addition to his superior generalship is very handy with his toe, getting a field goal in the Ames game. Tobin is playing great ball at fullback, and Erdall, Hayward and McAlmon are alternating at the halfback positions.

The squad at the northern institution is extra green this year, and only two veterans have places on the team.

Williams is a fond lover of weight in a team, and this year the squad is very light, and he will have to change his methods of coaching to a certain degree to meet the situation. But the students and faculty of the northern school have great confidence in Williams, McGovern, Shevlin and "Sig" Harris, and think that the Gopher machine will be in fine fettle for the Gopher-Cornhusker match next Saturday.
