## BIG MIX FOR THE GIRLS

INTER-SORORITY BASKET BALL SERIES MODELED AFTER ANNUAL SLUGGING CONTEST.

### SPECIAL RULES NECESSARY

Much Competition Aroused for Positions as Umpire Referee and Floor Manager—Weight to Considered.

Quite a stir was created yesterday in the Athletic department by the announcement of a series of inter-sorority basket ball games to be played next semester. Interviews with the various sororities revealed the fact that basket ball has been agitated among the co-eds for several weeks.

Active practice will not be started, however, until the final examinations are over. Interest is growing rapidly. Miss Gittings, head of the Girls' Athletic department favors the idea and will furnish competent coaches for the teams.

Games will be played in the Armory Saturday afternoons and will undoubtedly draw large crowds from the customary "afternoons."

No cup has, as yet, been offered to the team making the highest score in the series, which is promising to be the most popular athletic event ever held at Nebraska.

The teams to represent the various contestants will probably be as follows:

Chi Omega—Grace Beavis, Mabel Roberts, Helen Stubey, Lois Piper, Florence Hill.

Alpha Xi Delta—Isabel Coons, Maurine Hetzler, Bertha Ehlers, Mildred Daniels, Hazel Robinson.

Delta Gamma—Mabel Sterne, Madge Meradith, Helen Sawyer, Ruth Clark, Irene Brown.

Alpha Chi Omega—Rebanis Sisler, Blanche Marshall, Ethel Sloane, Mabel Johnson, Cornelia Condra.

Kappa Alpha Theta—Marion Swezey, Mamie Anderson, Ruth Bridenbaugh, Willa Speir Louisa Northrup.

Delta Delta Delta—Katheryn Yates, Verna Anderson, Katheryn Cone, Faith Schwind, Marie Robertson.

Kappa Kappa Gamma—Evelyn Beaumont, Bertha Rathke, Helen Sorensen, Fay Doyle, Ruth McDonald.

Alpha Phi—Helen Drake, Marie Mason, Virginia Mosely, Mary Robbins, Vernon Storey.

Pi Beta Phi—Fanny Lane, Helen Hollaway, Florence Schwake, Genevieve Lowry, Ruth Malone.

Alpha Omicron Pi—Esstella Stevens, Rose Krause, Annabele Good, Mabel Murdy, Georgiana Jefferies.

Achoth—Loralne Holz, Helen Briggs, Helen Simmons, Winifred Elchar, Francis Chatburn.

Cheer leaders and floor managers have not yet been selected but as soon as the many candidates for these positions undergo a thorough physical test out the successful ones.

Just before going to press it was discovered that the personal of several of these teams had been changed but no definite information could be obtained.

## ANTHEM COMPETITION OPEN

Small Number of Contestants Causes Committee to Allow More Time—Trip Itinerary Still Uncertain.

Only three songs have been received in the Glee club contest started several weeks ago, and these have not been opened yet as the committee is anxious to secure more competitors before awarding the prize. For this reason the contest will be held open until January 24, one week from Friday.

The Mandolin has received a new bunch of music, and under the direction of Morris Blish is rapidly rounding into shape.

No definite action in regard to the proposed trips has been taken but it is very probable that the club's itinerary will include Denver, Cheyenne, Omaha and a number of the larger towns throughout the state. The first concert will be given some time in March.

## CADETS STUDY MANUAL

Regular Calendar of Events Arranged for Each Company—Classes Held in Other Buildings.

The indoor work of the University Cadets is progressing nicely in the second week of its installation. Everything has been so systematized that each cadet can tell exactly what he is to do each evening by referring to his schedule. The Armory has been found to be too small for the indoor theoretical instruction and therefore various class rooms in the other buildings have been utilized for the purpose.

The companies have been divided for the text book work in order that the men may understand their subject more thoroughly. All the classes are in charge of competent instructors who have been procured for this purpose.

## TO HAVE WEEK OF THEIR OWN

Agriculture Students Planning On Festive Week in Spring—Clubs Working Out Program.

The Agricultural Club is planning an agricultural week to be held some time in the spring. The purpose of this week is to promote enthusiasm and interest in the Agricultural College, and a unity between the three branches of Agriculture.

There will be a committee of three appointed by each of the three clubs in the College of Agriculture, the Forestry Club, the Agricultural Club, and the Household Arts Club. The combined committee thus formed will have in charge the arrangements for the week. They are now planning on a trip to South Omaha to visit the stock yards and a special convocation to be held some time during the week.

## MARCELLUS GIVES RECEPTION

New Y. M. C. A. Secretary at State Farm Entertains at Stag Affair.

Mr. D. D. Marcellus, the new Y. M. C. A. secretary at the State Farm has already started things moving by giving a stag reception last evening at the Farm Y. M. C. A. for the short course men. The purpose of the reception is to get the students interested in the Y. M. C. A. work.

Numerous events made up the evening's entertainment, including stunts consisting of a variety of amusing contests which served to break through the formality that is usually attendant upon such occasions, and get the students acquainted.

The most important feature of the evening's entertainment was an address by Mr. J. W. Nipps, who is the Interstate student secretary of the Y. M. C. A.

Refreshments were then served which completed the entertainment for the evening.

## ARNOLD SUCCEEDS REITZEL

Board Decides That New Man Should Be One Conversant With Plans Made at First of Year.

A meeting of the Advisory Board of the Y. M. C. A. was held last Saturday evening at which it was decided not to bring in a new man as secretary, to take the place of Reitzel, who resigned last week.

Instead it was thought better to have a man who was acquainted with the work and was able to carry it out as outlined at the beginning of the year. The Board accordingly appointed M. V. Arnold who is president of the association, to fill the vacant place. Arnold has heretofore been holding the position of secretary of the Y. M. C. A. at the State Farm.

The new duties which will result from this position make it necessary for Mr. Arnold to adjust his university work accordingly.

## POSTER IN STRANGE HANDS

Artistic Advertisement of Junior-Seniors Prom Once Posted in A. Hall—Now Decorating Someone's Room.

Members of the Junior-Senior Prom committee are wondering today, just whose room their latest dance poster is decorating. The advertisement, which was really valuable, decorated the glass case in "U" hall until last evening, but this morning—it had mysteriously disappeared. Some one evidently needed it in his or her business, and the poster went for the good of the cause.

All Juniors and Seniors who want their pictures in the 1913 Cornhusker will have the same taken at Townsend's before February 1st. Three dollars covers the price of the photos and the cut.

## SAVE STATE RESOURCES

NEBRASKA THIRD ANNUAL CONSERVATION CONGRESS TO MEET HERE IN FEBRUARY.

## UNIVERSITY TO HAVE EXHIBIT

Condra Leading Spirit in State Conservationists.—Prominent Men to Speak.—Meetings to Interest Students.

The third annual Nebraska Conservation and State Development Congress will meet in Lincoln, February 20 and 21. In connection with the meeting there will be an exhibition on the second floor of the Temple building. At the exhibition there will be displays from the several departments of the University. The engineering, bacteriological, conservation, physiology, animal husbandry, dairy, medical, and forestry departments will all have exhibits relative to the advancement of the resources of the state. Besides displays from the University and several state departments there will be health exhibits from other states, among them an exhibition car from Louisiana in charge of Oscar Dowling of New Orleans.

During the meeting there will be many general and sectional sessions in which all the problems confronting the health and general welfare of the state will be discussed. There will be many prominent speakers from Nebraska and other states. The program has not been fully prepared, but the following have consented to speak: W. A. Evans of Chicago, Mrs. Phillips of St. Louis, Dr. Dowling of New Orleans and Capt. J. B. White, ex-president of the National Conservation Congress. Besides these several of the professors of the University will give addresses. The general meetings will be held in the city auditorium and the sectional meetings in the Temple theater. Many of these meetings will be of particular interest to the students for they will disclose existing conditions.

One of the main features of the meeting will be a meeting of the Conference of Rural Church Workers, which will discuss church co-operation. A good roads committee will also come before the session and offer suggestions for the betterment of the county and state roads.

There will be a committee of fifty leading men representing the principle lines of development of the state appointed to draw up the resolution of the issuing year and to present them to the Congress. They will deal at length on the development of the resources of the state in the past year.

The officers for the present meeting are as follows: Dan V. Stephens, president; Hon. W. G. Whitmore, vice president; W. R. Miller, secretary, and G. E. Condra, chairman of the executive committee.
