

"NEBRASKA" TITLE OF NEW PATRIOTIC SONG

Nathan Bernstein of Omaha High School Publishes the Anthem.

Professor Nathan Bernstein, head of the Physics department of the Omaha High School, has written a patriotic song called "Nebraska." Mr. Bernstein is a Dartmouth man but has always been interested in the state University and the good it accomplishes among the young people of the state. The song is a strong, inspiring melody with a tune that appeals to ones emotions almost as strongly as some of the national airs. It is for sale at almost any of the music stores in Lincoln and Omaha and is being pushed by Stuart Gould, who is managing its sale and distribution.

"Nebraska."

Let all who love Nebraska U come gather when she calls
To sing again the happy days of life within her halls;
Her cream and scarlet banners float high o'er prairies wide
That ev'ry heart which beats for her may thrill with loyal pride.

CHORUS:

Nebraska, Nebraska, Hail dear Alma Mater
Sound her name that ev'ry ear
May drink its note of rhythmic cheer
Nebraska, Nebraska.

The names of those who drank from thee are found in every land;
In life's forefront they take their place, a gallant western band;
What'er betide, Nebraska's name will hold them to her ways,
That all the world may know the kind who sing Nebraska's praise.

When night is come, her curtain down to slacken life's swift pace
A hard earned rest will come to those who led the fevered race.
And when the roll is called of all whose faith has kept them clean,
Emblazoned high among the first, Nebraska's name is seen.

The Scandinavian Club meets next Monday the 7th of April at 8 p. m. in Faculty Hall of the Temple, Twelfth and R streets. Prof. A. S. Ridderveld will speak on "The Later Developments of the Norwegian Industry." All Scandinavians interested are heartily invited.

Convocation Tuesday will be under the auspices of the Agricultural College. Dean Burnett will be in charge of the program. Several good speakers and talented musicians will be on the program. The program will offer an opportunity to the students of the other colleges to become more or less familiar with the agricultural college. A survey of the work carried on in the different groups of the college will be explained so that anyone wishing to know about the college will find it profitable to be at the Tuesday Convocation.

For City Commissioner

It is a matter of mutual advantage in many ways to have the city and university administrations able to co-operate and work in harmony for the development of both the city and university. This will be particularly true during the next few years when many matters relative to campus extension, parking of streets, and boulevard construction for the development of a great and beautiful University must be settled.

The old time members of the faculty know me. They know of my loyalty to every interest of the university. As to my qualifications ask them.
