Ross Will Be Played.

The athletic board met Thursday morning and decided unanimously that the written request of the Kansas Aggies that Clinton Ross not be allowed to participate in the Nebraska-Aggie game on the Cornhusker eleven Saturday be ignored. The fact that there was not a dissenting vote shows that the powers that be in Nebraska athletics are firm in their stand against drawing the color line in Missouri Valley games. The sense and stand of the board is expressed in the following set of resolutions which Coach Stiehm submitted:

"First, Whereas, The University of Nebraska does not discriminate against students on account of race or color.

"Second, Whereas, The University of Nebraska athletic board has never barred athletes from intercollegiate competition on the ground of race or color.

"Third, Whereas, Mr. Clinton Ross has creditably represented the University of Nebraska in athletics during the past two years.

"Fourth, Whereas, Mr. Clinton Ross has in the past played versus all conference teams on the present football schedule without protest.

"There, be It Resolved, That Mr. Clinton Ross be permitted to participate in collegiate athletics as a representative of the University of Nebraska."

New Hats, Ties and Shirts

they're just as essential to the well-dressed man's appearance as are his clothes.

A new suit worn with an old hat, frayed linen and a wrinkled cravat is worse than putting a beautiful picture in a homely frame.

Your clothes and furnishings should harmonize—they should be mutually helpful. No matter how perfect one is, it will suffer by contrast if the other is inferior.

Therefore, don't spoil the effect of your new suit by wearing an old hat, shirt or tie.

We can FURNISH you as well as we can CLOTHE you. The newest and most approved Autumn fashions in headwear, neckwear, shirts, etc. Make a list of your needs and see us tomorrow.

MANY CONTEST VAUDEVILLE PARTS TOMORROW MORNING

Large Number of Characters Needed for Spahro Styx Production Make Chance for All.

Tomorrow morning at 10 o'clock the Spahro Styx competition will be held in the music hall of the Temple with Professor John T. Prince of the Conservatory presiding. The purpose of this contest is to pick the cast for their first vaudeville and minstrel show which will be held the latter part of November.

About thirty women's and about the same number of men's parts are open, and an opportunity will be given all who enter. A good bit of green material will have to be worked into shape, so everybody with an iota of dramatic ability is urged to come out.

Any dramatic selection may be given. All that is desired is that some basis is offered on which to judge of the contestant's ability. No musical selections are desired, although the fact of musical ability will be considered in a few instances. The majority of parts will be wholly dramatic, however, and this will be largely considered tomorrow morning.

The show itself will be written by local talent and of a thoroughly high-class order. With an all-University cast it will place before the public a type of entertainment which has never been brought out before.
