Y. M. C. A. CABINET WILL MEET

Executive Board of Student Association to Ratify Its Actions at Noon Today.

The second regular meeting of the Y. M. C. A. cabinet will be held at noon today in the Temple. Reports from the several committees now at work have been called in, and at this meeting action will be taken toward the plan of work for the semester.

One of the biggest problems facing the cabinet and the united committee force is that of finance. This week two committee meetings were held, and fifty men present conferred on the ways and means of getting out the financial support of students. Personal canvassing was made the basis of the work, and a full report of the success of the start made this week will be presented at the cabinet meeting today.

Bible and mission study committees will probably have a report at this meeting. Other reports will be due from the rooms committee, the new student committee, the meetings committee, and the committee on publicity.

REDSKINS ON WAR PATH

Minnesota victory they ought to show the original Americans a few fine points about the gentle art of lifting scalps. It promises to be one of the most interesting games of the season.

Light Practice Friday Evening.

The varsity indulged in a light and short signal practice yesterday afternoon which put them in fine condition for the game. A good part of the time was spent in perfecting forward passes and special formations that will be used for the special delectation of the redskins. After the hard scrimmages of this week, the light practice last night was all that was needed to put the Cornhuskers in good fighting trim.

The Cafeteria of the Y. M. C. A.

There must be some regard given to the surroundings in the choice of a boarding house, if one would get the most good from his meals. A poorly ventilated room is not a fit room. The Cafeteria is located in a room well lighted and ventilated. The University authorities have freshly painted the walls and refinished the floor. This is a good place for hundreds, why not for you?
