BANQUET TO BE ROUSER

PLANS FOR ANNUAL STAG AFFAIR
PROGRESSING RAPIDLY TO-
WARDS COMPLETION.

CALDWELL IS TOASTMASTER

Talks Will be Snappy and Interest
Maintained at High Pitch During
Entire Evening.

The Cornhusker banquet to be held the fifth of December promises to be one of the best gatherings of years. The committee in charge have been working hard and the details are now practically completed. The stage is set and the principals are waiting for Friday night to put on the best and biggest banquet since that gathering became a permanent institution.

The toast list will be headed by Professor Caldwell and to this there can be nothing added. Every student knows just what a real Cornhusker he is, a more able and worthy toastmaster would have been hard to find. The toast list will be composed of five speakers who will give short talks, the idea being to get the spirit and not to let the speaking drag slowly. The speakers will be Will Hardy, Fred Hunter, A. L. Bixby, Chancellor Avery and Captain-elect Towle. These speakers will make the banquet one big rally bubbling over with Cornhusker spirit. The team will probably be called upon for impromptu talks, which will no doubt prove interesting.

The Glee club will be present in a body and will give several selections, singing the songs that are the winners in the parody contest. These songs will no doubt be the novelty hit of the evening. There will be music during the banquet furnished by one of the best orchestras in the city.

Another novelty will be the menus. The committee declines to make known exactly what they will be, but assures that they will be in the form of favors that will not lose their value as soon as the banquet goes into history.

The committee composed of Ross Haskell, chairman, Harvey Hess, and Chan Trimble have been hard at the task for some time and feel sure that the crowd will be a record breaker. The curtain is about to go up, Friday night, Lincoln hotel, 6:30 o'clock.

Miss Hayden to Speak Before Convocation in Art Gallery at 11:00

Miss Hayden will speak in the Art Gallery, concerning the illustrations now on exhibition there. This exhibit got together by the American Society of Illustrators, was originally exhibited in New York, Lincoln fortunately being the first city outside of New York to secure the pictures.

They'll Get Your Dollar Tomorrow

Tag Day is coming. Hurry! The committee in charge of the Cornhusker banquet has decided to reserve Wednesday as official Tag Day. A committee of thirty active and mercenary students will canvass the campus and uptown district thoroughly, selling tickets for the big banquet.

Every student should buy a tag, or rather a ticket, on Wednesday, so bring your dollar and come on the campus some time during the day. Those who think that they will be able to fool the committee by staying in their rooms all day will be slightly embarrassed by the entry into their private domain by one of the money seeking delegation of taggers.

Turn out Wednesday and bring the necessary coin with you so that no unnecessary delay will be incurred by promises to buy later on. Such excuses will not be tolerated by the committee as they say that no time is just as good as the present, no matter what arguments are put up to defend the delay.

PROF. NORRIS OF CORNELL SPEAKS TO ENGINEERS TONIGHT

One of Big Meetings of Year's Schedule in Mechanical Engineering Building.

There will be a special meeting of the Engineering society tonight at 7:30 in Mechanical Engineering building. The speaker is Prof. H. H. Norris, lately of Cornell university and now associate editor of the Electrical World and the Electric Railway Journal.

Professor Norris is now on a western trip of inspection of engineering enterprises and in the interest of engineering education. He will present a discussion of the "Tendencies in Mechanical and Electrical Engineering Progress."

This is one of the big meetings of the year.

FINAL GAME TOMORROW FINAL GAME TOMORROW.

Freshies and Juniors to Clash in
Bloody Battle on Athletic Field
Wednesday.

The bloody fray is near at hand, the Juniors and the Freshmen will do battle for the championship honors in football on Wednesday afternoon. The encounter will be staged at the field, the comedy beginning at 3:30 by the sundial on the campus, and lasting until the shades of evening have settled upon the dreary sight.

There should be a good crowd out as the two teams by their former feats, have shown themselves worthy of the best support that their classes can produce. The betting at the present time is posted at even money.

The Freshman are light and fast, favoring the open style of play, while the Juniors not only outweigh their opponents but play a smashing game that brought them victory last year as Sophomores.

Dr. Carl Bessey of Chicago is a campus visitor this week.

STIEHM MAKES HIS BOW AS A DROP-KICKER THANKSGIVING

Puts Pigskin Between Goal-posts From
Sidelines Between Halves of
South Dakota Game.

For several years E. O. Stiehm has had the reputation of being a successful football coach, but it was only recently that he earned the title of being one of the best little kickers in the middle west. It all came about thusly:

On last Thanksgiving day Mr. Stiehm journeyed down to Omaha to officiate in the Creighton-South Dakota game. Between halves, thinking to relieve the dullness of the contest, he took a pigskin to a point on the sideline 48 yards from one of the goals, and from there drop-kicked it toward the said goal. He was startled a moment later to see the sphere sailing gracefully between the goal posts. He had made a field goal from a distance of 48 yards, and from an angle of less than 45 degrees.

The lengthy mentor is said to have retired to the doghouse with even a sweeter smile than that which graced his features at the close of the Minnesota game. The applause, in the meantime, was the greatest ever raised in the town of Omaha.

Basketball Practice Now Holds Floor For Husker Athletes

Basketball practice is now in full swing. With the close of the football season Coach Stiehm has turned his attention to the winter sport, and has announced the following practice schedules:

Mondays, Wednesdays and Fridays
at 7:30 p. m.

Tuesdays and Thursdays at 3:30
p. m.

Saturday at 2:30 p. m.

The first practice was held last night, with several old stars and a large number of new men on the floor.

BRING BACK OMAHA CUP

NEBRASKA CROSS-COUNTRY MEN
PLACE HIGH IN THANKSGIVING
RUN AT METROPOLIS.

KANSAS CITY RUN A HANDICAP

Kratz, Raecke, and Diers at Omaha—
Goetze and McMasters Placed
7th and 9th at K. C. in Long
Course Over Pavements.

Kratz, Raecke, and Diers brought home the silver trophy from the "turkey day" run at Omaha. They placed second, third and fifth, respectively, nailing ten points for possession of the cup. Omaha Y. M. C. A. finished next with a total of fifteen points.

The first man to break the tape was entered by the Council Bluffs Y. M. C. A. He covered the three and a half mile course in 20:32.5. The cup was awarded to the team winning the largest number of points with the fewest entrants. In addition to the silver trophy each of the Nebraska men received a medal.

This is the second successive trophy that Nebraska has carried away from the Omaha Y. M. C. A. Last year McMasters took second place in the run.

Missouri First at K. C.

Goetze and McMasters finished seventh and ninth in the Kansas City run on Thanksgiving day. Terry, captain of the Missouri team, finished first. His time was 29 minutes flat. The course covered five miles and eight hundred yards.

The Nebraska men were at a considerable disadvantage and made a creditable showing in view of the existing conditions. They had expected to run three miles and a half, and were forced to go a shade under five and a half. The weather also was unfavorable, the air being damp and difficult to breathe. Added to this the course was run over paved boulevards which made extremely bad traveling for the runners accustomed to cinder tracks.

This meet was staged by the Kansas City Athletic club.

TEXAS TAKES FIRST PLACE AT CHICAGO STOCK SHOW

Nebraska Takes Fifth on Hogs, Sixth
on Cattle, Eleventh on Horses,
Twelfth on Sheep.

The decision of the judges in the judging contest at the International Stock Show at Chicago last Saturday put the team from Texas in first place. Nebraska took fifth on hogs, sixth on cattle, eleventh on horses, and twelfth on sheep.

The lower placing on the latter two classes are indicative of the lack of opportunity for working out in these classes here at Nebraska. Individual placings have not yet been announced.

Cornhusker Banquet \$ Tag Day Tomorrow
